### SENDS TEN THOUSAND TO CONSCIENCE FUND

Washington, July 21.—Ten thousand dollars in currency, the second largest contribution to the "conscience fund" ever received by the government, arrived at the treasury department today, mailed yesterday at New York, accompanied by an unsigned letter, saying:

"The sender has paid double to the United States the amount he stole and still conscience is not satisfied. Here is another payment."

Th package contained three one thousand-dollar gold certificates, eight five hundred-dollar certificates and thirty one hundred-dollar certificates and gold notes.

The money was placed with \$500,000 more which has accumulated in the treasury vaults from conscience-stricken folk, who have sent sums ranging from one cent to \$18,669.

### AUTHORITY OF BRITISH COURTS IS QUESTIONED

Washington, July 21.—Formal notice that the United States holds that the rights of Americans who have cases before British prize courts rest upon international law and not upon the various British orders-in-council, or municipal law, is given in a brief statement cabled to Ambassador Page and presented by him to the London foreign office.

Secretary Lansing explained that this communication was not to be confused with the general note now in preparation relating to contraband and interference with American commerce on the high seas.

He said it was more in the nature of a legal caveat, generally conserving the rights of citizens of the United States whose cases are about to be tried by English prize courts.
