Petrograd, July 23.—The Russians are now holding the Germans along the Narew river. The battle which is raging in the Lublin district is expected to decide the fate of Ivangorod and Warsaw. Preparations for the evacuation of both strongholds are completed. The war office hopes that the Grand Duke Nicholas will succeed in repulsing Von Mackenzien in the south, and thus relieve the pressure of the Iron

ring. Riga is in course of evacuation. The populace has been ordered to leave if Von Buelow reaches the city.

SOCIALISTS PROTEST AGAINST MILITIA

A meeting under the auspices of the Social Democratic party was held in the S. D. P. Hall last night as a protest against the action of certain men of the Irish Fusiliers on Wednesday evening, when they forcibly broke up an open-air meeting which was being addressed by Chas. Lester, a Socialist. At the meeting last night 150 men were present and passed the following resolution: Prince Rupert, July 22, 1915.

Resolved in mass meeting that the citizens of Prince Rupert here assembled resent to the bitter end the act of the militia on the evening of July 21 in forcibly breaking up the street meeting conducted by Chas. Lester. And that we hereby call upon the members of the city council to pass a vote of condemnation on the act of the militia. And to guarantee by motion in council the right of free speech within constitutional lines.

GRAND DUKE MICHAEL TO BE REINSTATED

As a reward for his bravery and great tactical skill during the Carpathian battles, the Czar has reinstated his brother, Grand Duke Michael, to all the court honors of which he was divested in 1911 for marrying morganically the Countess Brassof. After the war the couple will be allowed their full rights of precedence in the Imperial Court.—Ex.

INSPECTION OF THE CITY CADET CORPS

Major W. H. Belson, of Victoria, Inspector of Cadet Corps for this military district, is in the city. He is here to make his annual inspection of the local body, which has been instructed by George Leek, and which has shown so much proficiency.

Last evening at Government Place, the inspection took place. Owing to the fact that the holidays are on, a number of the cadets are out of town, so that the attendance was not as great as would otherwise have been the case. About 21 were present and were put through drill by the inspector and by R. Fisher, the acting Cadet Captain.

Major Belson, in addressing the cadets, paid a compliment to the work which was being done by Mr. Leek. He spoke in high terms of the efficiency shown by the cadets. He explained that the drill which they took was not for the purpose of encouraging them to fight. They were driving a good training from this, which would benefit them in every way for all time.

Rev. Canon Rix, who was present, also spoke briefly to the cadets, supplementing what the inspector had said.

Major Belson takes a deep interest in the cadet movement. He believes that it should be identified with the school work, and that the training should be open to every boy attending the public schools. The School Board should see that an instructor was appointed.

"THE MAN FROM MEXICO" AT MAJESTIC THEATRE

"The Man from Mexico," a five-reel Paramount comedy at the Majestic Theatre, is a piece calculated to make anybody laugh. Last night the theatre was crowded, and the audience was kept in a continuous ripple of merriment from start to finish. The situations are exceedingly funny, particularly when Mr. Fitzhew, who has been in jail for thirty days, tries to persuade Mrs. Fitzhew that he has been in Mexico. The Topical Gazette shows a fine series of views at the front.

BIG LABOR CONGRESS TO MEET IN VANCOUVER

The Thirty-first Annual session of the Trades and Labor Congress of Canada will convene in the Labor Temple building, Vancouver, beginning at 10 o'clock, Monday morning, September 20th.

The annual meeting of the Congress, held last year in the city of St. John, N. B., was considered one of the most successful. It was in the centre of the Maritime Provinces and afforded opportunities for those who live along the Atlantic coast to become better acquainted with the progress and work of the Congress. This year it is the turn of the Pacific coast and the city of Vancouver has been selected as the meeting place for the convention of 1915. Thus in the two years the labor interests at the two extremities of the Dominion find ventilation for their requirements and interests through the ever-expanding influence of the Trades and Labor Congress of Canada.

Prince Rupert unions are entitled to eight delegates at this convention.

The forthcoming convention will be among the most important in the history of the Congress. Many legislative questions of vital interest to labor in Canada will be discussed and decisions arrived at. In addition a great number of pressing difficulties arising out of the gigantic struggle in Europe, will face the delegates for consideration and decision. The industrial situation in Canada is much different at the time of issuing this call than when our last convention was held. At this convention policies of great moment to the working class in Canada will have to be outlined. Among the many subjects for consideration are:—

Dominion and provincial legislation affecting labor interests, enforcement of the misrepresentation and monetary clauses of the immigration laws all the year round, the proposed eight-hour Labor Bill, and workmen's compensation acts in various provinces.

The Andrew Kelly has brought in 140,000 lbs. of halibut, the result of 17 days' fishing.

IMPORTANT RUSSIAN OFFICIAL COMING HERE

It is reported that a noted Russian visitor will arrive shortly, in His Excellency Gregory Wilenkin, special representative of the Russian Minister of Finance. He has been entertained by the financial and transportation men in Toronto and is coming west over the Transcontinental to Prince Rupert. It is reported that the G. T. P. has placed at the disposal of the Russian government all the facilities for handling munitions and other war materials at this point.

With the finest roadbed on the continent and terminal appointments capable of handling such material there is no reason why shipments should not go through Prince Rupert to Vladivostok. The huge crane at the drydock is powerful enough to meet all the requirements, while the ocean voyage is two days shorter than from any other coast point. It is to be hoped that the reports are true, and that at no distant date Prince Rupert will be getting its share of the world's war business.

FOOTBALL

The game between the Drydock and the Callies, last night, was declared a friendly, on account of the Drydock being unable to raise a team, and having to complete their lineup from the spectators present. An easy-going, enjoyable game was played, the Drydock scratch team winning by 4 goals to 1.

Follow the crowd to Self's Cafe. There is a reason. Next Majestic Theatre. 1024.
