OCCUPATION OF LUBLIN CUTS RUSSIAN LINE — LEYLAND STEAMER SUBMARINED

GERMANS GRAB METALS FOR MUNITIONS OF WAR

(Special to The Daily News.)
Berlin, July 31.—The military authorities have issued an order appropriating all copper, brass and nickel, including skillets, pans and household kettles.

LEYLAND LINER IBERIAN SUBMARINED

(Special to The Daily News.)
London, July 31.—The Leyland liner Iberian has been submarined off the south coast of Ireland. Seven of her crew, including four Americans, were killed. The remainder of the crew, numbering sixty-one, were landed at Queens-town. The Iberian was bound from Manchester for Boston. She was of 5,233 tons, and built in 1900, and has been engaged for many months carrying war supplies. The casualties were caused by shell fire when the vessel tried to outspeed the submarine.

FUN FOR EVERYBODY AT THE WESTHOLME THEATRE

A crowded house greeted Chas. Chaplin at the Westholme last night. In "The Star Boarder," Charlie is as funny as ever, in his own unconcerned fashion "Our Fairy Play," a Vitagraph comedy in two parts, kept the audience rocking. The piece is a burlesque of an amateur theatrical display, an elephantine cupid and an equally robust fairy providing most of the fun.

"The Fable of Napoleon and the Bumps," produced no end of merriment. A phrenologist tells a little shrimp of a fellow that he has exactly the head of Napoleon and is a born leader of men. The little fellow figuratively grows six inches on the spot and proceeds to prove his powers of leadership with ludicrously disastrous results, including a crop of unusually new bumps.

"While the Tide was Rising" brought the audience back to the more serious side of life, while the Hearst-Selig Gazette furnished particularly fine views of the illuminations and fireworks at the Panama Pacific Exposition.

The Majestic Stock Company will open a four-days' engagement at the Westholme on Monday.

MAJESTIC STOCK COMPANY

The Majestic Stock Company will arrive on the Sophia today after a successful Alaskan tour. They open at the Westholme on Monday, when seats will be booked at 25 and 50c. Watch our front page for opening announcement.

IAS. N. CROWELL BIDS FAREWELL TO EMPLOYEES

Yesterday afternoon the employees of the drydock presented handsome testimonials of esteem to General Manager Charles N. Crowell and Elise Gonzales, general foreman, both of whom terminate their connection with the company today, July 31.

The presentations were accompanied by neat little speeches by Mr. Bazzett-Jones and Algerman Casey. Mr. Crowell was presented with a handsome solid silver tea set, while Mr. Gonzales received a silver cigarette case and a fountain pen.

Mr. Crowell wishes to extend to the friends and employees, who have been associated with him in this work, his thanks for and appreciation of this kind and thoughtful act, and in this he is seconded by his general foreman, Mr. Gonzales. He also wishes to assure each one that it is with deep regret that he finds it necessary to make a change, never has he met with a better or more efficient crew of workmen, nor more friendly co-operation. "Farewell fellow employees, and may good luck and prosperity attend you always," were his closing words.

MACHINE GUN FUND CONCERT

Everyone will have an opportunity to contribute to the machine gun fund tonight, when a patriotic concert and movie show will be given in the Majestic Theatre. Canon Rix will preside. Mr. Delasala is giving his theatre for the occasion.

BOTH BYLAWS PASSED YESTERDAY

The bylaw covering the redecking of roadways passed by a majority of 34, and that covering the building of a roadway to Seal Cove by a majority of 40. In order to pass they each required a vote of 86 for.

The vote was as follows: Redecking bylaw, 120 for, and 22 against; one blank. Seal Cove Roadway, 126 for and 17 against.

ROYAL COMMISSION EXONERATES NORRIS

(Special to The Daily News.)
Winnipeg, July 31.—The royal commission, investigating the charges made against the Norris government by C. P. Fullerton and the Conservatives, has brought down a report exonerating Norris and finding that nothing improper occurred in the negotiations attending the resignation of the Roblin government. The report was unanimous.

AUSTRIAN CAVALRY HAS ENTERED LUBLIN

(Special to The Daily News.)
Vienna, July 31.—The War Office announces that Austrian cavalry has entered Lublin, one hundred miles southeast of Warsaw, cutting the Russian communications with the southern front.

London Opinion.

London, July 31.—The occupation of Lublin increases the difficulty of the retreat from Warsaw, unless the main forces are already out. 800,000 inhabitants are fleeing eastward from the city.

The British press emphasizes the fact that the situation calls for conscription as a proof that the western Allies propose exerting all possible pressure in aid of Russia.

COAST OPIUM RING IS SUSPECTED

Bellingham, July 29.—Special United States customs officers who arrested N. Scharlin here on Friday and confiscated 300 pounds of opium in one lot, are working on the belief that the smuggling of that amount of contraband drug was made possible through powerful agencies in Vancouver, B. C. and Hongkong. Scharlin is free under \$40,000 bonds given by a brother at San Francisco.

1,000 DOLLARS

At 11 a. m. today the machine gun list had to be closed, as the amount had been largely oversubscribed. Great credit is due to Mr. L. M. de Gex and Canon Rix for inaugurating such a movement of practical patriotism.

POPE'S IMPLICATION RESENTED BY PRESS

(Special to The Daily News.)
London, July 31.—Pope Benedict's plea for the arranging of peace preliminaries find no response in the British press. The implication of the Pope that all the nations are equally involved in a fratricidal struggle is resented. The press says the Pope's wish cannot be realized without the deepest wrong being done to the cause of right, liberty and peace itself.

ATTORNEY-GENERAL OF ALBERTA HERE

The attorney-general of Alberta, the Hon. C. W. Cross, arrived in the city on the train last night, and left this morning on the Prince Rupert for the south. He is on his way to Victoria to visit his family who are there.

Mr. Cross states that the people of Edmonton are greatly interested in the growth of Prince Rupert and its fishing business. He reports that crop conditions on the prairies are ideal, now that a warm spell has set in after a wet summer.

Mr. Cross and family will return via Prince Rupert in the course of ten days.

ARCHBISHOP OF EDMONTON ARRIVED LAST NIGHT

There arrived on last night's train the Archbishop of Edmonton and other clergy of the Roman Catholic Church. They were met by Father Bonoz, the head of the church in this district. The Archbishop is accompanied by Father Boutin, who is Superior of the Seminary of St. Albert at Edmonton and Father Lee, of St. Edward's Church, Winnipeg. The party will be here until the beginning of the week.

RUNAWAY

The horse of a local grocery firm made a sudden dash from the depot towards the government wharf this morning. Before any serious damage was done, the runaway was captured by Jack Wynne and Customs Collector McLeod. Groceries were scattered along the track and a few dozen eggs came to grief.

Mrs. Hogan, widow of the late Rev. Hogan, of Massett, arrived on the Rupert this morning, accompanied by her daughter.

BOARD OF TRADE AND A COPPER REFINERY

A meeting of the council of the Board of Trade, presided over by President D. G. Stewart, was held in the rooms yesterday afternoon to consider the question of the location of a copper refinery and zinc reduction works on the coast. J. B. Roerig went very fully into the matter, quoting from the recent report compiled by A. C. Garde, mining engineer, and pointing out that Vancouver was doing its utmost to secure the refinery for the south, while R. F. Greene was striving hard to have the zinc reduction work done in the Kootenay district.

The matter was fully discussed, and finally G. R. Naden, seconded by L. W. Patmore, moved that a wire be sent to Col. Carnegie, the Minister of Mines, and H. S. Clements, M. P., asking whether it would be advisable to send a deputation from this city to Ottawa, and that the mining committee of the board take the matter up and report.

PROBABLY \$10,000 JOB FOR THE DRYDOCK

The Delhi, the 1,000-ton steamer which is coming to the drydock for repairs, is under charter to the Pacific Coast Steamship Co. She went on the rocks off the Alaskan coast last week. It is estimated that the cost of the repairs will amount to about \$10,000. The Delhi was in this port about a year ago.

S. S. CAMOSUN

For the summer months there will be excursion rates for continuous round trip to Queen Charlotte Island points, also Stewart, for \$12.00, inclusive of meals and berth.

U. S. BLUEJACKETS KILLED IN HAYTI

(Special to The Daily News.)
Washington, July 31.—Two bluejackets of the U. S. landing party have been killed by snipers at Hayti. Additional marines from the battleship Connecticut and the naval transport Hancock, with other forces, are being rushed to aid Admiral Caperton.

HIGH GRADE FURNITURE AT SECOND HAND PRICE

George Tite has decided to sacrifice his stock of high grade furniture and drapery at ridiculously low prices. Make a study of the back page of this paper and then examine the goods Mr. Tite is offering, and you will realize that it is true economy to buy high grade new furniture at half price, instead of more than half-worn goods at practically the same figure.

The Linoleums offered by Mr. Tite could not be imported today by the wholesalers at the prices quoted, as goods have advanced tremendously since the outbreak of war. Here is an opportunity to get just what you want at prices never heard of before.

SHOT BY HIS WIFE, HE FEELS SATISFIED

Juneau, Alaska, July 29.—During a family quarrel at Kake on Friday noon, Walter Campen, well known resident of that town, was shot three times with a revolver by his wife. He arrived here this morning on the launch San Jaun for medical attention.

Campen refuses to state the exact nature of the differences which terminated in his wife's making such an earnest attempt at ending his life, but says he feels satisfied with the work accomplished and has forgiven her, and should he recover, will refuse to prosecute.

Campen was rushed from Kake to Petersburg for treatment, but owing to the serious nature of his wounds could not be treated there and was brought here.

Physicians have probed the wounds, one of which was in the side below the ribs, another in the chest and the third in the back. One bullet has been recovered.

Physicians believe there is an excellent chance for recovery.
