HEIGHT CAPTURED BY ITALIANS DOMINATES THE CITY OF CORIZIA—ITALIAN SUBMARINE SUNK BY AN AUSTRIAN IN ADRIATIC—SMACKS ARE SUBMERGED

(Special to The Daily News.)
Paris, August 7.—After a desperate battle the Italians have stormed and captured the summit of Mt. St. Michele dominating the city of Corizia. The fall of Corizia, which is 22 miles northwest of Trieste on the Isonzo river, is now imminent.
Italian Submarine Lost.
The Italian submarine Nereide

is reported sunk in an encounter with an Austrian submarine off the Island of Pelagossa in the Adriatic. The Nereide was built in 1913, was 130 feet long and had a displacement of 315 tons. She carried a crew of 17.

WESTERN BATTALION OF PIONEERS FORMING

(Special to The Daily News.)

Vancouver, August 7.—Lieut. Colonel Hodgins has arrived here from Ottawa to form a western battalion of pioneers for active service. It will be composed of men from the railway camps and the mines of the four western provinces. Major James A. McDonnell, "Big Jim," the well known railway contractor will be second in command.

INTERNATIONAL FRICTION AT PANAMA EXPOSITION

(Special to The Daily News.)

San Francisco, August 7.—International complications shadowed the exposition today, when several officers of the national German-American Alliance, wearing flags of the Fatherland, attempted to enter the French pavilion. The French guards refused to allow them entry and summoned the assistance of other guards.

LONDON BELIEVES THAT THE RUSSIAN ARMIES ARE INTACT

LONDON PRESS ENTERTAINS GRAVE FEARS OVER SWEDISH UNFRIENDLY ATTITUDE—EFFECT OF GERMAN SUCCESS ON BALKAN POLICY IS CHIEF ANXIETY

(Special to The Daily News.)
London, August 7.—It is believed that the Grand Duke Nicholas was able to withdraw his armies from Warsaw intact.

Swedish Attitude.

The press here discusses the disquieting character of the attitude of Sweden towards Russia. The strong anti-Russian element in that country has been emboldened by the recent German suc-

cesses. The press says that if Sweden persists in her unfriendly attitude, she will drift into the war and will prove an obstacle to future progress.

Balkan Attitude.

The chief cause for anxiety is the possible effect of the Russian retreat on the policy of the Balkan States, which have been hesitating over the course to take for the future.

MANITOBA RETURNS LIBERALS BY OVERWHELMING MAJORITY

CONSERVATIVES WILL HOLD ONLY FOUR SEATS—SIR J. A. M. AIKENS DEFEATED IN EVERY SUBDIVISION OF BRANDON—ONE INDEPENDENT ELECTED IN WINNIPEG

Winnipeg, August 6.—Outside of four seats, three of which have been held by the Conservatives, the other showing a Conservative majority meantime, the Liberals have been returned by overwhelming majorities in the Manitoba provincial election. One Independent, in Alderman Rigg, for B division of Winnipeg, has been elected.

Sir J. A. M. Aikens, the new Conservative leader, suffered just as badly as the rest of his supporters, failing to carry a single sub-division in the riding of Brandon, which constituency he formerly represented.

Such a landslide was not unexpected after the findings of the Mathers commission on the graft scandals and the Perdue enquiry into the baseless Fullerton charges.

YOUNGSTERS HELP

One of the most pleasing features of the Red Cross work in the city is the part played by the children. At every boat and train boys and girls are selling flowers to tourists and are turning in a considerable amount of money to the treasurer of the fund.

TOP NOTCH SHOW AT WESTHOLME THEATRE

The Westholme presents tonight one of the finest Lasky features ever screened. The story is of the golden days in California and is entitled "The Girl of the Golden West."

This particular girl is a saloon-keeper in a mining camp, where she queens it over the miners, gamblers and their fraternity. When she falls in love with a notorious road agent, things begin to happen, and they keep on happening. The piece is full of exciting incident and dramatic situations, one of which is a scene where the girl plays the sheriff at poker, for her lover's life, and wins with a full house against three aces. Where she got the full house is another story. Throughout the five reels there is not a dull moment, while the scenery depicted is magnificent. "Hogan's Mussy Job" concludes the program. Hogan has appeared before as a painter. On this occasion he is a plasterer, with a glorious carelessness as to what or who he plasters.

W. R. Callaway, general passenger agent of the Soo Line, arrived over the G. T. P. last evening, and went south this morning. Mr. Callaway is a veteran in the C. P. R. service, having formerly represented the company at Toronto.

A. C. Aldous, of Smithers, accompanied by Mrs. Aldous, arrived by the train last evening from the interior, on their way south.

You are invited to the Anniversary Exercises of the First Baptist Church tomorrow. Special music will be rendered.

Miss Jenns left for Victoria on the Prince George.

JUDGE YOUNG DECIDES CROWN LAND ASSESSABLE

According to a decision that has just been given by Judge Young, crown lands that may be under lease by private persons may become liable to be taxed by the municipality for the full value of the land, and not for the interest represented by the rental paid. The case came up under an appeal for the city's assessment taken by the Westholme Lumber Company. The land in question is provincial government land in the city, which has been leased by the Westholme Company and is being used by the company.

A. Carss, representing the Westholme Lumber Co. contended that the only assessment that could be levied against the company was on the rental value that was paid for the land.

The assessment made, was on the full assessed value of the land. The case was argued out before His Honor some days ago, and after reserving judgment to go fully into the points that were raised, His Honor has now given his judgment. He finds that under the act, the company will be liable to pay taxes on the full assessed value of the land.

TORONTO REGIMENT'S NEW RECRUITING PLAN

The 109th Regiment of Toronto has evolved a new wrinkle in recruiting. They have obtained from the street railway company a car bearing in front the sign, "To Berlin, via the 109th Regiment," and on the fender, "Your King Calls You, How Will You Answer Him?" On the side in conspicuous lettering are the words: "If you want to enlist jump on this car." Inside at a table sit the recruiting officers. The car recently made a tour of a number of streets and the response was more than was expected. "To Berlin," catching the popular fancy.—Ex.

Tomorrow the Baptists will celebrate their anniversary with special services.

GENERAL CARRANZA AND MEXICAN PEACE

(Special to The Daily News.)
Washington, August 7.—A formal brief on the Mexican situation was filed with Secretary Lansing today, on behalf of General Carranza asking for political recognition and proposing to meet in Washington the agents of all other Mexican factions in order to arrange peace.

CHARLES CHAPLIN AT THE MAJESTIC THEATRE

At the Majestic, Charlie Chaplin heads the bill. On this visit he is "In the Park." It doesn't matter much where he is, so long as he is here. As usual he does some of the most horrible things, with a delightful air of unconcern. He assists at a suicide; upsets a buggy of twins, and floors all and sundry without turning a hair.

"When Men Wear Skirts" is a farce in which the usual order of things is reversed, with ludicrous results. "Regenerating Love" is a Lubin photoplay in three acts. It is well staged and splendidly acted.

Monday brings along the second installment of "The Broken Coin."

CANADIAN TROOPS AT SHORNLIFFE REVIEWED

London, August 6.—Canada's contribution to the armed forces of the Empire was strikingly displayed yesterday when the British secretary of the colonies, Andrew Bonar Law, a native of new Brunswick, and the Canadian minister of militia, Major-General Sam Hughes, reviewed the Canadians at the Shorncliffe camp.

Mr. Bonar Law, in a brief speech to the officers praised the Canadian spirit, adding that even their sacrifices were less of a strain than the anxiety of their families across the seas. Every province from Nova Scotia to British Columbia was represented.

W. J. Ledlie went south this morning.
