BRITISH ARE NETTING GERMAN SUBMARINES

IMPORTANT DARDANELLES POSITION TAKEN — RUSSIANS SHOWING STRENGTH

FIFTY GERMAN SUBMARINES CAPTURED IN SIXTY DAYS

OFFICER ON ADRIATIC REPORTS SUCCESS OF BRITISH METHOD OF NETTING SUBMARINES — CREW OF ARABIC DESTROYER ARE PRISONERS — A BRITISH STEAMER SUNK — THREE MISSING

(Special to The Daily News.)

New York, Sept. 2.—An officer on the Adriatic says that the submarine which sank the Arabic was captured in a steel net, and the crew captured. He says that, within the past sixty days, the British have captured over fifty German submarines. The captured vessel is one of the largest type and carried a double crew for training purposes.

Steamer Sunk.

London, Sept. 2.—The British steamer Savona, 1,180 tons, has been sunk. Three of the crew are missing. The Savona was owned by James Currie and Company, of Leith, Scotland.

Western Front.

Paris, Sept. 2.—Artillery actions have occurred in the sector north of Arras.

In the region of Hoge and Queenewieres the enemy has thrown some shells on Soissons and Rheims. Our artillery directed very effective fire against the enemy in the trenches on the front on the Aisne and Champagne.

In Argonne the Germans, during the course of the day, bombarded our front on several occasions with bombs and guns of various calibre. Our batteries and trench guns replied and silenced the guns of the enemy.

On the night of August 28, our aeroplanes bombarded the German camps at Ostend cantonments, Middelkirke station and Thorout. The enemy's aeroplanes dropped bombs on Luneville. It is reported there have been some victims among the civil population.

PLACER MINING IN OMINECA DISTRICT

George W. Otterson, manager of the Kildare Mines, Ltd., arrived from the interior last night and left for the south on the Prince Rupert this morning. Mr. Otterson says that the property in the Omineca is looking well, though this summer they have been hampered through lack of water, owing to the light snowfall last winter and an extra dry summer. Later on, he expects to put in a pipeline from German Lake, when a full supply of water will always be available.

Mr. Otterson reports that there has been a lot of prospecting done in that district this summer, and that individual placer miners have been making \$12 per day. He has great faith in the future of Prince Rupert as a mining centre and believes that big results will be obtained as the territory is more freely opened up.

"SUNSHINE MOLLY" AT THE MAJESTIC THEATRE

The Majestic tonight presents a five-act Paramount Bosworth comedy drama entitled "Sunshine Molly." Molly, an outcast, wanders into a California oil camp, becomes kitchen maid, and by her happy disposition becomes the most popular member of the community. The varying fortunes of the camp are depicted and the social efforts of a family who have suddenly struck it rich provide a lot of amusement, while Molly, of course, has a love story all to herself. A real good Topical Gazette completes a pleasing program.

FAREWELL BANQUET TO LIEUT. NICHOLLS

Last night at a banquet served in the dining room of the Hotel Prince Rupert, the office staff of the Canadian Fish & Cold Storage Company took leave of Lieut. Nicholls, who left today to join the 62nd Regiment at Vernon, in preparation for leaving for the front. Mr. Nicholls has been in charge of the accounting department of the cold storage ever since it opened.

A very pleasant evening was spent. Following a most tempting banquet, a number of after-dinner speeches were given, in which tribute was paid to the efficiency and the courtesy shown by Mr. Nicholls.

C. P. R. OFFICIALS ARRIVED LAST NIGHT

D. C. Coleman, of Winnipeg, assistant general manager of the C. P. R. western lines, accompanied by Isaac Pitblado, K. C., of Winnipeg; Sidney Junkins, of New York, formerly vice-president of the Westinghouse, Church, Kirk Company, and Franklin Lee, principal assistant to the chief engineer, arrived from Edmonton on last night's train.

The party, which is more on pleasure than on business, travelled from Winnipeg over the C. N. R. to The Pas, the Hudson Railroad terminus, thence to Edmonton and Prince Rupert. Mr. Coleman says that the harvest is well advanced, and everything points to a big crop. He does not look for any great difficulty in shipping grain to Europe, the general opinion being that the Imperial government will take care of that part.

The party went south on the Prince Rupert this morning.

FRTZI SCHEFF AT THE WESTHOLME THEATRE

Westholme patrons last night were delighted with Fritz Scheff in "Pretty Mrs. Smith." Mrs. Smith, who has been married to three very different Smiths, without being able to get along with either, unexpectedly encounters all three in a hotel at a summer resort, with rather embarrassing results. The story is rich in funny situations, while the staging of the piece is perfect.

"A Substitute for Pants," a western election story, completed a most enjoyable program.
