ALLAN LINER HESPERIAN SUBMARINED

TWENTY-SIX LIVES LOST -- ALLIES ARE AGGRESSORS IN ARTILLERY OFFENSIVE

OUTWARD BOUND HESPERIAN TORPEDOED OFF QUEENSTOWN

TWENTY-SIX LIVES LOST—VESSEL REMAINS AFLOAT THIRTY-FOUR HOURS—BECOMES UNMANAGEABLE IN HEAVY SEA—ALLIES ARE AGGRESSORS ON THE WESTERN FRONT

(Special to The Daily News.)

Liverpool, Sept. 6.—The Allan liner Hesperian was torpedoed without warning, outward bound from Liverpool to Montreal, when 120 miles west of Queenstown late on Saturday evening. She was struck forward of the engine room. The crew and passengers took to the boats. The liner floated for thirty-four hours and sank in rough weather while under tow for Queenstown at 6:30 a. m. today.

Captain Main was navigating the vessel and a crew of twenty remained with her until she sank. Eight members of the crew were lost. Twenty passengers were injured of whom Miss Carbery and an unidentified woman died. Consul General Frost notified American Ambassador Page that the vessel had been torpedoed without warning. The incident created a painful impression in Washington, following on Von Bernstorff's promise of immunity for liners. Several Americans were among the passengers.

Later.

London, Sept. 7.—The loss of life on the Hesperian was 26, 13 being of the crew and 13 passen-

gers, the latter principally women. 3545 bags of mail were lost. Flooding of the forward compartments lifted the propellers from the sea, making the vessel helpless and unmanageable. An Amsterdam wire says that Berlin's explanation will be that the submarine left its base before the new instructions were issued.

Western Front.

Paris, Sept. 7.—Heavy artillery action along the entire western front continues, the Allies being the aggressors. The fighting is particularly severe around Souchez, Neuville and Nouvron. Its purpose is not apparent, but it is believed that it means that the Allied offensive begins before the cold weather sets in.

Indian Patriotism.

Simla, Sept. 7.—The Gaekwar of Baroda has contributed five lakhs of rupees (\$160,000) to provide aeroplanes for the British front. Last December he purchased the Empress of India as a hospital ship for the Indian troops.

Submarine Success.

Athens, Sept. 7.—The Turkish destroyer Yarihissar has been sunk in the Sea of Marmora by a British submarine.

A St. Catharines munition worker has been made famous by the action of General Bertram, chairman of the shell commission, who has reproduced his crude sketch in colors and will send it to Britain and France as the commission's publicity poster.

TRADES AND LABOR SMOKER BIG SUCCESS

The Trades and Labor Council of Prince Rupert concluded a red letter day in its history with a great smoking concert in the Empress Theatre last night. The building was packed; plenty of eating, drinking and smoking material was provided and the greatest enthusiasm prevailed.

President S. D. McDonald, after thanking the donors of prizes to the sports, in a few introductory remarks, called up the Mayor to address the gathering.

At the outset, Mayor Newton congratulated the Trades and Labor Council on the great success attending the day's celebration, and expressed the hope that such an observance of Labor Day would become an annual thing in Prince Rupert. In dealing with the question of labor, he pointed out that it was essential that labor men should be united. In referring to the critics of labor unions, he said that dentists, doctors and lawyers had their unions as well, the only difference being that labor men united in order to assure themselves of getting the means of living, whereas the professional men are united in order to ensure the getting of from \$15 to \$100 per day. He did not find fault with professional men for being united, but he did object to their criticism of united labor. "Do you find the lawyer, dentist, or doctor willing to work for from \$3 to \$5 per day?" he asked.

In speaking of labor conditions he pointed out how workers in Europe had a struggle to make a living, while the manufacturers became millionaires, and went on to show that only by proper organization could the worker ever hope to get a fair proportion of what he produced. "When we see the manufacturers of a country becoming millionaires, it is time that the producers of that wealth should receive some of it back," said the mayor. Dealing with tariffs, he said he believed in pro-

TRADES AND LABOR SPORTS AN UNQUALIFIED SUCCESS

LARGE CROWD AT RECREATION PARK—REGIMENT WINS THE FOOTBALL COMPETITION — VETERANS MAKE GOOD SHOWING IN BASEBALL GAME—EVERYONE HAS A REAL GOOD TIME

The Labor Day sports, under the auspices of the Trades and Labor Council, were an unqualified success. The weather, though looking threatening, was cool and pleasant, and, thanks to the splendid work of those in charge, everything passed off like clockwork. Competitors and spectators, young and old, had a most delightful time.

The various events were keenly contested and several good performances were recorded. Metlakatla band was in attendance, and rendered high-class music during the afternoon.

In the five-a-side football competition, the Regiment defeated the Callies "A" team in the final by a corner to nothing.

The baseball game between the Merchants and Union Men provided more amusement than good ball, and the crowd displayed great glee when the veterans of the Merchants pounded Hannifin for 7 runs in the fourth. The

Union men won by 15 to 12. For the losing side, Geo. Frizzell, Fred Stork, Geo. Tite, Geo. Sweet, J. McAlleenan and Harry Sheere showed wonderful form against a side composed largely of regular ball players.

The following were the results in the athletic events, the judges being Mayor Newton, Rev. Canon Rix, Chief Vickers, Geo. W. Kerr, V. Cole, Mr. Harris and J. R. Beatty.

One mile open race: Nicholson, 1st; Hazel, 2nd.

Standing broad jump: Rudderham, 1st; Doyle, 2nd.

Standing broad jump (closed): Hamilton, 1st; Anderson, 2nd.

Running broad jump (open): J. P. Roche, 1st; J. Kinghorn, 2nd.

HIDDEN ASSASSIN SHOOTS JUDGE KNOWLES

(Special to The Daily News.)

Providence, R. I., Sept. 7.—Judge Willis S. Knowles, justice of the district court, has been murdered near his summer home at Lake Moswansicut by an assassin who fired from the bushes by the side of the road. A rigorous enforcement of the game laws had made enemies for the judge, who had received threatening letters.

LUTHERAN MINISTER FROM CALGARY HERE

Rev. A. Vaaler, Lutheran minister in Calgary, spent the weekend in the city. Though a descendant of the great seafaring people of Norway, this was his first visit to the ocean. Along with Alderman Dybhavn he spent a most enjoyable time cruising around the harbor and visiting some of the beauty spots of the district.

Mr. Vaaler returned east yesterday morning delighted with his first trip to the coast, and promising to return next summer.

Commissioner and Mrs. Sowton of the Salvation Army, went south this morning.

BULKLEY FARMERS' SUCCESSFUL PICNIC

On September 1st, the farmers of the Bulkley held their first picnic. After luncheon, addresses were delivered by H. A. Beck, A. J. Prudhomme, A. H. Tomlinson, H. E. Walker, and S. F. Dunlap, after which sports were held, including horse racing, foot racing, for ladies and gentlemen, a tug-o-war and a boat race.

Farmers and friends for miles around were present, and a most useful, as well as instructive, day was spent. Everybody was enthusiastic, the weather was ideal, and the crops of this fertile valley looked better than they have ever done. Tea was served at 6 o'clock and the outing concluded with "God Save the King." The picnic was a huge success from every point of view, and there was an unanimous vote in favor of holding a similar gathering each year.
