ALLIED AVIATORS DESTROY SUBMARINES AT ZEEBRUGGE

TWO SUBMARINES DESTROYED BY BOMBS—ZEPPELIN BLOWN UP OVER BRUSSELS—CREW KILLED—GERMANY'S NOTE DISGUSTS AMERICANS—DUMBA HANDED PASSPORTS

(Special to The Daily News.)
London, Sept. 10.—Allied aviators have succeeded in destroying two German submarines with bombs at Zeebrugge. A Zeppelin has been blown up over Brussels as a result of engine trouble, while returning from an English raid. The crew was killed.
American Disgust.
Washington, Sept. 10.—The German note, justifying the sinking of the Arabic, has aroused feelings of disgust. The fact that the torpedo struck aft of the engine room, at right angles, dis-

agrees with the German statement that the Arabic was trying to ram the submarine.
Handed His Passports.
Ambassador Dumba has been handed his passports by Secretary Lansing. The Austrian government has been requested to recall its ambassador.
Financial Commission.
New York, Sept. 10.—The joint Anglo-French financial commission, composed of six experts, which has been formed to adjust the foreign exchange situation, arrived today on the liner Lapland.

E. H. MAYNARD HAS RECOVERED FROM WOUNDS

City Clerk Woods has just received a letter from E. H. Maynard, who was formerly janitor at the City Hall, and who left for the front with the first contingent. Mr. Maynard had some narrow escapes and was finally wounded in the neck and shoulder by shrapnel. After being nine weeks in hospital at Exeter, he was transferred to a convalescent camp at Monks Horton, Kent. He expects to be on service again shortly.

CIVIC HALF-HOLIDAYS

At the special meeting of the city council last night a request from the secretary of the Agricultural Association was read, asking that the council declare civic half-holidays on September 22nd and 24th, the first and third days of the fair. On the motion of Ald. Beveridge, seconded by Ald. Nichol, the request was granted.

CHINESE LOTTERY OUTFIT SEIZED

The police last night seized a Chinese lottery outfit at a Chinese resort on Third Avenue. It seems that the manipulators of the lottery arrived recently from the south, and that the police had been waiting an opportunity to make the seizure.

CROP VALUE OF \$300 TO EACH INDIVIDUAL

Regina, Sept. 9.—There is a good crop of grain in the three prairie provinces, and if it were sold and the proceeds distributed among all the men, women and children of Saskatchewan, Manitoba and Alberta, each would receive \$300, on a basis of 1,300,000 people," said Mr. W. P. Hinton, assistant passenger traffic manager of the G. T. P. when in Regina recently.

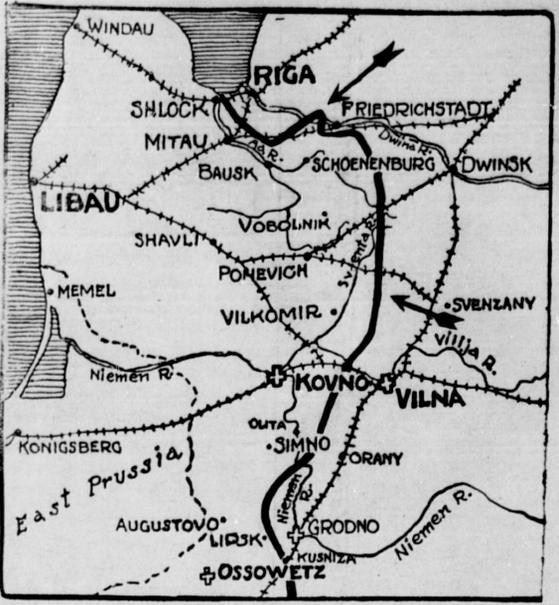

FAIR FUND

The total amount received in subscriptions to the fair fund for 1915 amounts to date to \$396.50. This is not as large by any means as last year, but taking into consideration the many calls on the purses of the citizens these hard times, it certainly speaks well for the spirit of co-operation and the helping hand. The directors feel assured that Prince Rupert will have no reason to be ashamed of this year's Fair, notwithstanding depressed financial conditions. A full list of subscribers is in course of preparation and will be published shortly.

7,000 MEN AND 150 OFFICERS CAPTURED—GERMAN RETREAT ACROSS STRYPA—17,000 MEN ARE TAKEN IN ONE WEEK—ZEPPELINS DRIVEN OFF BY BATTERIES AT RIGA

(Special to The Daily News.)
Petrograd, Sept. 10.—Another success has been scored by the Russians in Eastern Galicia. Southwest of Trembowla on the 8th of September they captured 150 officers and 7,000 men. The Germans have retreated across the River Strypa. The total captures since Sept. 3rd amount to 383 officers, 17,000 men and a large quantity of guns.

CITY TO HANDLE WORK FROM GENERAL FUND

At a special meeting of the city council last night, a report from the city treasurer to the finance committee was presented, in connection with the redecking of city streets and the construction of the Seal Cove roadway. The city treasurer reported that the receipt of \$4,000 of 1914 taxes on Wednesday had made it possible to do the work out of general fund instead of selling the debentures at 90, thus saving \$1,500 in discount, besides the interest of \$900 per annum. He also stated that there was a surplus of \$7,200 in the bank from local improvement bylaw No. 232, which he proposed to use and pay property holders six per cent. for, thus earning two and a half per cent for property holders on this amount. The total saving as against selling the bonds at 90 would amount to \$5,550.

Ald. Montgomery asked the finance committee what steps had been taken regarding the offer to Terry, Briggs & Slaten and whether the inspector of municipalities had sanctioned the debentures. The mayor said the inspector had not sanctioned the debentures, and that he had wired to Terry, Briggs & Slaten cancelling the offer for the bonds, the members of the council being satisfied that to make any sacrifice in selling the bonds might have an adverse effect on the market for the treasury certificates. Ald. Montgomery said he objected strongly to the manner in which the whole business had been handled. The calling for

WHOLESALE ENQUIRY BY NORRIS GOVERNMENT

(Special to The Daily News.)
Winnipeg, Sept. 10.—The Norris government has ordered an appraisal of every public building built by the Roblin government, and of the telephone plant and elevators. They expect to find overpayments of \$4,000,000 on the buildings.

RICHEST GOLD YET FOUND IN CANADA

Toronto, Sept. 9.—Mr. T. F. Sullivan, of the Ontario Department of Mines, has declared a sample of gold brought in a suitcase from New Ontario to be "undoubtedly the richest yet found in Canada." It was brought here in a suitcase by an official of the Dominion Gold Mines, Ltd. Mr. Sullivan said: "The samples weigh about 150 pounds quartz and gold, and are worth about \$8,000. The claim where they were discovered is eight miles east of Matheson."

tenders, and the refusal to open them, and the giving of options without consent of the council had disapproved of. What had now happened showed that he was correct in holding up the earlier selling of the bonds. He had noticed correspondence downstairs from the inspector of municipalities in which he refused to sanction the issuing of debentures under the bylaws. Ald. Maitland, seconded by Ald. Montgomery, moved the adoption of the treasurer's report. Mr. William Sloan, of Nanaimo, is visiting with Judge and Mrs. Young.

FISH DEMONSTRATION AT THE EXHIBITION

A novelty at this year's fair will be a fish restaurant conducted under the auspices of Mr. and Mrs. Shrubbsall, assisted by the Canadian Fish and Gold Storage Co., The Atlin Fisheries, and The Rorvik Fish Co., and the leading hotels. Mr. and Mrs. Shrubbsall will manage the restaurant, the fish companies will supply the fish products, and the hotels' expert chefs will demonstrate in a practical way how fish, Prince Rupert's greatest asset at the present time, should be cooked.

LABOR TROUBLES IN MUNITION PLANTS

Ottawa, Sept. 9.—Judge Coatsworth of Toronto, will be the chairman of a board of conciliation, which will enquire into the trouble which has arisen between Nova Scotia companies manufacturing munitions of war, including shells, and their employees. The companies affected are the Nova Scotia Steel company, of New Glasgow, and the Canada Car Company. The dispute was not one which comes under the jurisdiction of the Industrial Disputes Act, but the Labor Department secured the consent of all parties to have a board named. R. H. Murray and B. A. Weston, two Halifax barristers, were chosen to represent the men and company respectively, but they could not agree on a chairman. Hon. T. W. Crothers has selected Judge Coatsworth and the inquiry will be proceeded with at once. A board has also been named to deal with the dispute as to wages between the I. C. R. Coal Mining Company, of Westville, N. S., and its employees. Judge W. B. Wallace, of Halifax, is chairman, Simon Lott, of Pictou, the men, and John McKeen, of Halifax, the company. Pipes, Chimneys, Ranges and Furnaces cleaned and put in order. Have it done before the bad weather sets in. Fritz, phone 583.

ROADWORK WILL BE DONE BY DAY LABOR

At the special council meeting last night there was a lengthy discussion as to whether the Seal Cove roadway be constructed by contract or day labor. Ald. Dybhavn and Beveridge thought that in doing the work by contract a saving might be made and it was essential that the work be done as cheaply as possible. Ald. Montgomery, Maitland and Nichol believed that the work could be done as economically by day labor as by contract. Ald. Beveridge raised the point of hiring men for the work. He suggested that the whole council should consider a list of names of men who needed work, in order that no favors might be distributed. The mayor stated that they had a list of over a hundred names on file and that these and any other applicants would receive full consideration. All were agreed that needy citizens should have consideration. It was decided to do the work by day labor. The board of works will meet later to discuss the hiring of foremen. Ald. Maitland emphasized the fact that for the Seal Cove work a good bridge foreman would be an essential.
