"Fruit-a-lives" is the Standby
in This Ontario Home

SCOTLAND, Ont., Aug. 25th, 1913.
"My wife was a martyr to Constipation. We tried everything on the calendar without satisfaction, and spent large sums of money, until we happened on 'Fruit-a-lives'. We have used it in the family for about two years, and we would not use anything else as long as we can get 'Fruit-a-lives'."

J. W. HAMMOND.

Coughing scatters germs —Stop it—

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others.

Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure.

The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is specially due to its great value as a permanent lung and bronchial healer.

Bottle everywhere, 35c large bottles.

J. L. MATHIEU CO., Prop., Sherbrooke, P.Q.

For headaches and children's Croup—these are useful also to clear the throat and soothe the inflamed mucous membrane. See a box of 10 powders. 4-1-13

BRITISH CASUALTIES IN THE DARDANELLES

London, Sept. 21.—British casualties at the Dardanelles up to August 21 were 87,630. The number of kill in that time was 17,608.

These figures were included in the grand total of British casualties published earlier in the week.

Today's announcement says the number of officers killed was 1,130 and the number of men 16,478; wounded, 2,371 officers and 59,257 men; missing, 373 officers and 8,021 men.

The first specific information of the price England is paying for her efforts to win Constantinople is contained in these figures. It has been known that the fighting on the Gallipoli peninsula was of the most deadly character, but heretofore official statistics have been lacking. To this total must be added the losses sustained by the French, which have not been revealed.

The ratio at the Dardanelles has been nearly the same as on all fronts, or approximately 1 to 4 1-3 in each instance. Before the present war, with its scientific methods of destruction, the proportion of killed to wounded was usually calculated at about 1 to 10.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.
