

## WILL WE EVER WALK ON AIR?

Train Of Thought Inspired By A Letter  
About "Fruit-a-tives"

MR. D. McLEAN

Orillia, Ont., Nov. 28th, 1914.  
"For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. I tried several medicines, but got no results and my Headaches became more severe. One day I saw your sign which read 'Fruit-a-tives' make you feel like walking on air. This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. Now I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I cannot say too much for 'Fruit-a-tives', and recommend this pleasant fruit medicine to all my friends'."  
DAN McLEAN.

RUSSIAN PEASANTS LEAVING THEIR HOMES BEFORE THE GERMANS ARRIVE

### GERMAN BRIBE FOR GREAT LAKES STRIKE

Toledo, Ohio, Sept. 23.—More than \$1,000,000 was offered to T. V. O'Connor, president of the international Longshoremen's Union, supposedly by foreign agents, to call a general strike of his men along the Atlantic and Pacific seaboard, according to a statement made by Mr. O'Connor at a convention of the delegates from the Longshoremen's Union of the Great Lakes district.

Mr. O'Connor, who made known the plot to the United States government officials, warned the

Great Lakes Longshoremen against being misled or drawn into a strike through the machinations of German and Austrian agents.

A strike of the longshoremen not only would hamper greatly the shipping of munitions, but if non-union men were hired to take the places of the strikers it would give to agents of Germany and Austria, under guise of strike-breaking workmen, a chance to gain access to the ships and plant bombs or other explosives aboard them.

The precise terms of the scheme, which Mr. O'Connor said were outlined to him by a Boston grocer, were that the stevedores should be called out on strike for one month and that \$1,035,000 was to be paid for it. This would be equivalent to one month's

strike benefit for the 24,000 men in the deep water division of the union.

## The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

## DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.
