

TORTURED BY RHEUMATISM

Sunday School Supt. Tells
How "Fruit-a-tives" Relieved

TORONTO, Ont., Oct. 1st, 1913.
"I have lived in this city for more than 12 years and am well known. I suffered from Rheumatism, especially in my hands. I spent a lot of money without any good results. I have taken 'Fruit-a-tives' for 18 months now and am pleased to tell you that I am well. All the enlargement has not left my hands, and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in eighteen months."

R. A. WAUGH.

50c. a box, 6 for \$2.50, trial size 25c.
At all dealers or direct from Fruit-a-tives Limited, Ottawa.

WESTERN CANADA'S LARGE FISH EXPORTS

Notable developments are taking place this fall in the fisheries of western Canada. The announcement is made by the G. T. P. authorities that white fish is now being shipped in car lots from Lesser Slave Lake in northern Alberta to Chicago.

The construction of the Edmonton, Dunvegan and British Columbia Railway northward from the main line of the G. T. P. has made this lake accessible and in its waters are great numbers of fish. Two companies have been formed to carry on the fishing in the lake and the Canadian Express Company is being called upon to supply special refrigerator cars to take the fish to Edmonton and by connecting lines to Chicago.

A great distributing point for fresh fish, the Chicago market states that it can take all the white fish that can be sent from western Canada and the transportation companies, it is expected, will have to enlarge their arrangements next year to meet the growing traffic.

Chicago is also taking from Canada large quantities of fresh Prince Rupert halibut and the fishing industry is very brisk at the new Pacific coast port. Over fifteen million pounds of fish handled in the month of August was Prince Rupert's record. While the salmon end of the industry was the largest part of the business, halibut showed up well,

with 2,106,400 pounds landed at this port. The salmon pack for the month represented 12,999,700 pounds of fish, representing, at a modest valuation, well on for three-quarters of a million dollars. Of the salmon catch, 4,060 hundred weight was used fresh or shipped fresh. There was about 223 hundred weight that was mild cured, while the remainder was canned. In the canning process, 149,527 cases were taken care of during August. There were 14,000 pounds of cod taken and used fresh and flounders represented 1,000 pounds.

Nerve Energy and Eyeglasses.

A constant dropping wears away a stone. A slight eyestrain injures the health because it is constant. The strain which first manifests itself as a slight discomfort should be remedied at once. This we guarantee to do with glasses. Consultation free. Delays are dangerous.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

Ramsay's Empire Cream Sodas

In 2-lb. Tins

Have attained their enviable reputation by their superior quality and uniformity. The most discriminating housewife insists upon "Ramsays Empire" when buying Soda Biscuits.

They are made in B. C. and your grocer gets his supply frequently and quickly, insuring freshness, which means crispness.

Prove it by buying a tin with your next order.
