"ON THE FIELD OF HONOR"

The publishers of the Family Herald and Weekly Star, Montreal, are making a strong bid for that beautiful picture, full of pathos, entitled "On the Field of Honor." It is assumed the publishers of the Family Herald have in mind using it as a presentation plate. If that is so there is a great treat in store for readers of The Family Herald and Weekly Star this autumn. In past years The Family Herald of Montreal has been noted not only for the wonderful excellence of that journal but for many beautiful pictures it has presented to its readers. The Family Herald has a name for succeeding in anything it undertakes, and we feel sure if it is humanly possible to secure "On the Field of Honor," that the publishers will succeed in getting it. "On the Field of Honor" is attracting widespread attention in Europe.

Geo. A. McNicholl, head of the colonization and Industrial department of the G. T. A party of 42 visitors from Brooklyn were asked to vote on the question, and 36 out of the 42 plumped for the Canadian exhibit.

THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

DON'T LET YOUR ADVERTISING FIRES DIE OUT THIS SUMMER.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—write, if interested.
