BRITAIN'S ULTIMATUM TO BULGARIA IS EFFECTIVE

SIR EDWARD GREY SENDS WARNING—CZAR FERDINAND DOES NOT WANT WAR—GREECE JOINS THE ALLIES AND ROUMANIA WILL OBEY THE POPULAR DEMAND—SHIP MINED

(Special to The Daily News.)
London, Sept. 30.—The following ultimatum sent by Sir Edward Grey to Bulgaria, has had a most wholesome effect on the Balkans: "If Bulgarian mobilization should result in Bulgaria assuming an aggressive attitude on the side of our enemies, we are prepared to give our friends in the Balkans all the support in our power, in a manner that would be most welcome to them, in concert with our allies, without reserve and without qualification."

Czar Ferdinand has intimated that he no longer wants war.

Greece and Roumania.
Greece today announced that she will take the side of the Al-

lies. There is a popular demand in Bukarest, that Roumania shall do likewise.

Greek War Loan.
Athens, Sept. 30.—The Greek chamber of deputies ratified the action of the government in calling for a general mobilization, and authorized a war loan of \$30,000,000.

Serbia is reported to have 600,000 men in the field.

American Ship Mined.
Washington, Sept. 30.—The American sailing ship Vincent has been blown up by a mine off Cape Orloff, in the White Sea. The ship is a total loss, but the crew was saved. Three men who were injured were taken to hospital at Archangel.

MONTREAL HARBOR COMMISSIONERS HERE

W. Ross, president, and M. P. Fennell, T. Pauze and Colonel Labelle, of the Montreal Harbor Commission, arrived from the south on the Prince Rupert this morning, and left for the east on the train.

They were on their way home from a convention of American Harbor Boards held recently at Los Angeles, and took in the Panama Exposition on the way north. In the short time at their disposal, the commissioners were able to make a short trip around the harbor, paying a visit to the drydock. They were greatly impressed with both the harbor and the dock.

ANOTHER STALWART OFFERS HIS SERVICES

There was a tartan and heather mixture touch in the air around the depot this morning when Ben Redfern took a hilarious farewell of his friends, on his leaving for the old country.

Ben tried hard to get away with one of the Prince Rupert contingents, but was turned down on account of defective hearing. His sister in Scotland notified him that, being an ex-naval man, he would have little difficulty in getting into some branch of the service over there, and Ben lost no time in making tracks.

LIEUT. A. G. FORSTER FOR 54TH BATTALION

Lieutenant A. G. Forster left for Vancouver this morning, en route for Vernon, where he will take up his commission in the 54th Battalion. Mr. Forster is one of Prince Rupert's most highly respected old timers, having been manager for C. B. Schrieber & Company since the very early days of the city. The hearty good wishes of his many old friends will go with him.

It is interesting to know that Lieut. Forster will be in the same regiment with Major Bullock-Webster and Major F. T. Lucas. By the way, it may not be generally known that Mr. Lucas recently received his majority. News of the rapid promotion of this most popular young Rupertonian will be received with a great amount of pleasure.

PATHE ATTRACTIONS AT THE MAJESTIC THEATRE

"In the Mesh of the Net," a Pathe three-act feature, is the special attraction at the Majestic tonight. It is a story of the U. S. secret service, and is remarkable for its wonderful photography, the interior cave scenes being particularly fine. The picture depicts the plans laid for the capture of a notorious contraband runner, and the successful carrying of them out, in which there are some exciting episodes.

The Pathe Gazette shows some very fine military views, including one of a ship-load of German prisoners, who look extremely happy, and a splendid picture of a flotilla of British destroyers. The comic side of the program is also good. "Whiffles' Alibi" and "Vanishing Cinderella" providing fun for everybody.

There is another splendid program for Friday and Saturday.

FRENCH PENETRATE SECOND LINE OF GERMAN DEFENCES

TRENCHES CARRIED AFTER TERRIFIC BOMBARDMENT—ALL GAINS ARE CONSOLIDATED—KAISER COMMANDS IN PERSON—GREAT STRUGGLE FOR LENS, THE KEY TO LILLE

(Special to The Daily News.)

Paris, Sept. 30.—(Official bulletin, 3 p. m.) The French forces today penetrated the second line of German defences in the Champagne district. The French infantry carried the German trenches by storm after a terrific bombardment by 500 heavy guns, which had partially demolished the German defences. The French are consolidating all gains made.

Kaiser Commands.
Kaiser Wilhelm is personally in command of the German defensive.

Struggle for Lens.
London, Sept. 30.—The great struggle of the moment on the western front is for the capture of Lens, which is nine miles

northeast of Arras. The capture of Lens with its railroads means the re-taking of Lille. The Allies hold high ground, the British being on Hill 70 and the French on Hill 140, both dominating the German positions.

There is a general belief in England that these attacks are only the prelude to a much vaster offensive.

Zeppelins Hovering.
A Zeppelin attack is expected, following the news that six of these craft have been sighted over Aerschot, flying west.

Canon Rix left for Terrace this morning, where he will deliver an address in aid of the Red Cross Society.

ALLIED AIRMEN BOMBARD BRUGES

Amsterdam, Sept. 29.—Airmen of the entente allies have again bombed Bruges, Belgium. Sudden cessation of the flow of gas at Sluis (in Zeeland, on the Belgian frontier), which is supplied from Bruges, leads to the suspicion here that bombs from the aircraft struck the gas works.

A message received later from Bruges confirmed the belief that the gas works had been struck by the bombs of the allied airmen. The whole city has been thrown into darkness, the dispatch said.

TERRIFIC GALES DO MUCH DAMAGE IN SOUTH

(Special to The Daily News.)
Galveston, Sept. 30.—Torrential gales have visited New Orleans and the lower Mississippi. All communication has been demolished and scores are dead, while there is considerable loss of property. The gale attained a velocity of 130 miles an hour.

A SPLENDID FEATURE AT THE WESTHOLME THEATRE

The Famous Players' five-act production, "When We Were Twenty-one," at the Westholme tonight is a most enjoyable drama. William Elliott, as "The Imp," is great, while Marie Empress, as the notorious "Firefly," plays the part of an alluring adventuress to perfection. The piece is played by an exceptionally strong company, and there is not a dull moment from start to finish. "The Imp" gets into no end of scrapes, each one more costly than its predecessor, but his guardian, Dick Carew, foots the bills, with the assistance of his staunch old friends, and, finally, when the "Firefly" drops "The Imp" like a soiled glove, he realizes the different kinds of a fool he has been, and everything winds up happily for all concerned.

RED CROSS HOME COOKING

On Friday afternoon of this week, from 1 o'clock to 6, the Red Cross Society will hold a sale of home cooking in the office of ex-Alderman McClymont, Third Ave. Mrs. Bazett-Jones and Mrs. R. E. Walker will be in charge. All ladies in the city are requested to assist by sending in home cooking. Raffles as usual will be a feature. Remember now is the time the Red Cross will be taxed to its utmost to take care of our wounded soldiers. Everybody is requested to lend a hand.

SPEAK OF EVENTS AT THE FRONT WITH SHUDDERS

Amsterdam, Sept. 29.—The Telegraaf's Roulers' correspondent says:—"There is a fearful bringing back of German wounded. The trains bring them to Roulers and automobiles rush them to villages close behind the lines. Courtmark has all its available buildings filled, and more are constantly arriving in wagons, lying on straw which has been hastily improvised into beds. The soldiers speak of the events at the front with shudders.

"Great events are everywhere expected."

JUST MADE IT

Two lovely Skeena river salmon just made the boat this morning by a nose. The Prince Rupert had drawn away from the wharf, when someone came rushing through the crowd carrying part of the lunch. Captain Mackenzie had to do some skilful manoeuvring in turning the ship's bow into the wharf to take the belated arrivals on board.
