**RECRUITS WANTED FOR 62nd OVERSEAS BATTALION,
CANADIAN EXPEDITIONARY FORCE.**

**RECRUITING OFFICE AT PROVINCIAL GOVERNMENT
OFFICE NOW OPEN.**

In view of the recruiting which is in progress at present throughout the Province, it is apropos to answer a few of the questions which are considered by those who contemplate entering the Service. The following is a list of pertinent queries, together with the information which each elicits.

QUESTIONS ANSWERED.

- 1.—How long am I to serve? Until the end of the war and six months after if required.
- 2.—What pay shall I receive? Your pay as a private will be \$1.30 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.
- 3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.
- 4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.
- 5.—What will be done for my wife and children if I die while on Active Service? The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

Don't merely smother your cough

CURE IT—Mathieu's Syrup of Tar and Cod Liver Oil not only promptly arrests coughing, but thanks to its tonic and strengthening properties it helps the system to throw off the cold and thus effects a permanent cure. It is this quality which has won for it the largest sale of any cough and cold remedy in Canada.

THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

**DON'T LET YOUR ADVERTISING FIRES DIE
OUT THIS SUMMER.**

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lansden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
