**BIG SEATTLE FIRM COMING TO RUPERT**

(Continued From Page One.)  
dious quarters in the Clapp building, on Second Avenue.

H. Lipsett will continue to represent the firm of Edward Lipsett, while Louis Sandstrom, who comes from the Pacific Net Company, will be associated with him. Full lines of all supplies for fishermen and fishing boats will be carried by the concern. The coming to this port of the Pacific Net Company is a most important move, as it means that this large concern is satisfied that Prince Rupert is to become a much more important centre than it has been. It is reported that the company is interested in many independent boats, which, in future, will outfit and be paid off here. Similar concerns are seriously considering the moving of their businesses here, and there is no doubt but that the next few months will see wonderful progress made in the shifting of the centre of the fishing business to the north.

**CHEAP RENT**

Rents are very moderate in Prince Rupert today, but they have not yet reached \$1.00. Mr. Pattullo's ad on our back page yesterday should have read \$10.00 and the house is big value at the price.

**QUESTIONS ANSWERED.**

- 1.—How long am I to serve? Until the end of the war and six months after if required.
- 2.—What pay shall I receive? Your pay as a private will be \$1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.
- 3.—What will my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also part of your pay) and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.
- 4.—What will happen if I am wounded or sick? You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.
- 5.—What will be done for my wife and children if I die while on Active Service? The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. **THE PRICE OF HOMAGE**

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

**DON'T LET YOUR ADVERTISING FIRES DIE  
OUT THIS SUMMER.**

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 603 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
