

A LIFETIME OF SICKNESS

Worn Out, Thin and Miserable Until She Took "Fruit-a-tives"

PALMISTON, June 20th, 1914.
"Stomach Trouble and Distressing Headaches nearly drove me wild. Some time ago, I got a box of "Fruit-a-tives," your famous fruit medicine, and they completely relieved me. To-day I am feeling fine and a physician, meeting me on the street, asked the reason for my improved appearance. I said, "I am taking Fruit-a-tives." He said, "If Fruit-a-tives make you look so well, go ahead and take them. They are doing more for you than I can."

BELLA COOLA NOTES

Mrs. J. W. Macdonald and her daughter, Bertha, left Mr. Macdonald to his own devices at the beginning of last week and wended their way rejoicing to the wilds of Noosatsum to visit Mr. and Mrs. W. Stephenson in their native lair. It seems from late reports that the feat was accomplished successfully and may, therefore, be repeated to the mutual satisfaction of all concerned, not forgetting Mr. Macdonald and Ralph.

Harry Grainger is engaged in fitting up his winter quarters. He has rented the Gledhill place for, as it is understood, a number of years. We are very glad to note that although his stay in the place has been comparatively

short, he is so well pleased with its possibilities that he has decided to remain here. It is hoped that he will be able to find a companion to share the quarters which he is renovating so attractively. We have not as yet learned how soon he will be "at home" to his many friends, but we can assure them we shall not forget to let them know in due time.

Olaf Fosback and John Johnson have started on a trip to the interior. It is their intention to interview the different owners of horses in that neck of the woods with a view to trading off an inferior animal for a good one. We hope they will be successful in this praiseworthy enterprise.—Bella Coola Courier.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.
