GREEK GOVERNMENT ISSUES DECLARATION OF NEUTRALITY

**BULGARIA JOINS CENTRAL POWERS—MACKENZIE STARTS
INVASION OF SERBIA—LOODS AND SERBIAN
DEFENCE—VIOLENT CANNONADING
ON WESTERN FRONT**

(Special to The Daily News.)

London, Oct. 8.—The Greek government has decided to issue a declaration of benevolent neutrality toward the entente powers.

The Bulgarian government has taken over the Dede Agatch railway, which runs from the Aegean Sea port in a westerly direction through Turkey.

Bulgaria has issued a manifesto stating its intention to aid the Central Powers.

Invasion of Serbia.

The Teutonic invasion of Serbia has begun. Forces under Von Mackenzie which have been withdrawn from Poland, are seeking to force a passage southward with the object of seizing the railway

which runs from Belgrade, the capital of Serbia, to Salonika, in Greece.

The Serbian government is moving its archives to Istip, fifty miles from the Greek frontier. The Serbian resistance is aided by heavy flooding in the Morava Valley, down which Mackenzie hopes to force his way.

Western Front.

Paris, Oct. 8.—Heavy cannonading north of Arras, in the region of Roye and north of the Aisne, continues.

The Germans are carrying out a violent bombardment in the Champagne district, and there is active trench fighting southeast of the village of Tahure.

They were photographed during a discussion regarding the best terms to offer for the negotiation of the loan.

DARING TRAIN ROBBERS GET AWAY WITH HALF A MILLION

**TWO MILLION DOLLARS IN GOLD LEFT BEHIND—A HUNDRED
MEN PURSUING ROBBERS—THUGS HAVE TWO
HOURS START OF PURSUERS—CURRENCY
OF \$500,000 TAKEN**

(Special to The Daily News.)

Wheeling, Va., Oct. 8.—A most daring train robbery was perpetrated near here early this morning, when two masked men held up the Baltimore and Ohio train, bound from New York to St. Louis, taking a large amount of booty from the express car.

One hundred men are in pursuit of the robbers, who have two hours start. The robbers were prevented from taking a consignment of \$2,000,000 of gold owing to its weight. They obtained a hundred registered packages and ninety packages of unsigned notes. The value of the currency stolen is \$500,000.

WOODEN RIFLE BULLETS PRODUCED IN MILLIONS

London, Oct. 7.—So completely novel are the conditions of the fighting that all sorts of strange experiments are being adopted.

There is one big firm of hobbin manufacturers in the north of England that is at present turning out wooden rifle bullets. These bullets are made of hard wood, on which the finger nail can make no indentation, and are being painted red. They are exactly the same size as the ordinary service bullet used in our rifles, and they are being turned out by the million. They will go through two inches of solid wood at fifty yards range, and would, presumably, be quite effective at modern fighting distance.

It may be, however, that these novel projectiles are intended purely for practice purposes, but one hardly thinks so from information available. Other firms of the same character are turning out millions of wooden discs, resembling large serviette rings, but with a bottom to them. These things look rather like the crust of an ordinary pork pie that has been cut in half horizontally. Their purpose is no mystery. They are intended to be filled with high explosive and to be thrown as hand bombs. They are light and

CHARGES AGAINST GOV- ERNMENT VETERINARY

(Special to The Daily News.)

Vancouver, Oct. 8.—Sir Charles Davidson is today conducting an investigation into a charge made by Robert Dixon against Dr. C. M. Henderson, government veterinary surgeon.

Dixon claims that the veterinary refused to pass a shipment of horses unless he was given \$25. Dixon says that he paid over the money to allow the deal to go through. Henderson has been subpoenaed to appear before the commission on Saturday.

JUDGMENT RESERVED IN FERGUSON CASE

Before Magistrate Carss, at the police court this morning, G. W. Ferguson was charged with obtaining money under false pretences.

J. V. Rochester, of the Empress Hotel, testified to having cashed two cheques of \$10 each for accused on September 20 and 22, and that the cheques had been protested by the bank at Vanderhoof, on which they were drawn.

Mr. Ferguson claimed that on September 16th he mailed three \$20 bills to the bank at Vanderhoof to be deposited to his account, and that he issued the cheques in good faith. The letter containing the money was put on the mail car at Skeena Crossing, but had never reached the bank. The magistrate reserved judgment until this afternoon.

BROADWAY ATTRACTION AT MAJESTIC THEATRE

The Majestic Theatre tonight and tomorrow presents a blend of drama and comedy, the chief feature being a special Broadway star attraction, in three acts, entitled "Between the Two of Them," a very pleasing drama. "Taking of Mustang Pete" is a single reel drama, the mere name of which suggests thrills and excitement.

The lighter side of the program includes two of the funniest comedies imaginable, in "A Pipe Dream" and "Disciple of Plato."

Monday brings along the 11th episode of "The Broken Coin." This great serial is getting more interesting and exciting as it develops.

THIRTY DAYS FOR ASSAULTING BARTENDER

At the police court this morning, before Magistrate Carss, a man, James Cochrane, was accused of breaking glass to the value of \$5.00 in the Rupert Hotel bar and of committing an assault on Lawrence Munro, bartender.

It seems that accused, along with three others, entered the bar and called for drinks. Four drinks were supplied and Cochrane produced 15 cents to pay for them. The bartender left one drink on the bar and lifted the other three. When he turned to put away the three unpaid-for drinks, Cochrane threw a heavy beer glass at his head, smashing a quantity of glass behind the bar.

On the charge of breaking glass accused was fined \$5.00 and \$5.00 costs, and on the second charge was sentenced to 30 days imprisonment.

H. B. Rochester, for the hotel company, informed the court that accused, and several others, had made a habit of hanging around the hotel, making themselves a nuisance, particularly on the arrival of the train. Accused had been offered work, but preferred to loaf around.

G. T. P. TELEGRAPHS NEW MANAGER APPOINTED

Montreal, Sept. 29.—A circular issued by President E. J. Chamberlain announces the appointment as manager of telegraphs, Grand Trunk and Grand Trunk Pacific Railways, of Mr. H. Hulatt, vice A. B. Smith, resigned on account of ill health. The appointment is effective October 1st.

News of the resignation of Mr. A. B. Smith on account of ill health will be received with keen regret in railway and general business circles. He has taken a prominent part in the development of telegraph and telephone engineering in Canada. A native of Montreal, Mr. Smith entered the service of the Montreal Telegraph Company in 1862 and rose to the position of superintendent of construction of the Great Northwestern Telegraph Company, which took over the maintenance and operation of the Montreal Telegraph Company's lines. He joined the Grand Trunk Pacific Railway as manager of telegraphs in 1905 and under his management the telegraph system of the G. T. P. has been brought into being, and an efficient commercial telegraph service organized. In 1913 Mr. Smith's jurisdiction was extended to include the entire G. T. P. System.
