DEADLY SUBMARINE WORK IN THE BALTIC

GERMAN ORE SUPPLY CUT OFF—TWO DESTROYERS SUNK BY BRITISH SUBMARINE

BRITISH AND FRENCH WILL ATTACK BULGARIA DIRECT

GREECE WILL NOT AID SERBIA—BULGARIANS ATTACK THE NISH-SALONIKI RAILROAD—ITALY WILL SEND 150,000 MEN TO JOIN IN THE ATTACK ON BULGARIA

(Special to The Daily News.)
Bucharest, Oct. 16.—British and French troops in Saloniki will not be sent to Nish, but will make a direct attack on Sofia, the capital of Bulgaria, from the Serbian frontier, cutting Bulgaria in two and stopping the Austro-German advance on the Nish-Salonika railroad.

Italy Helps.
Italy is reported to be sending 150,000 troops to aid the Allies in striking at strategic points along the Serbian-Bulgarian frontier.

Attack on Railroad.
Athens, Oct. 16.—Forty thousand Bulgarian troops have been

gun an attack on the Salonika railroad, twenty miles north of the Greek border.

All lighthouses along the Greek coast have been extinguished. Entrance to Dede Agatch has been forbidden, except by daylight.

London Disappointed.
London, Oct. 16.—Disappointment has been caused by the announcement that Greece will not join in support of Serbia. There is, however, gratification over the slowness of General Mackensen's campaign.

Serbian in Nish express a fear that they will not be able to resist the advance unless reinforcements are forthcoming.

FRANCESCO VILLA IS EXECUTED BY FOLLOWERS

(Special to The Daily News.)
El Paso, Oct. 15.—General Francisco Villa, one of the leading characters in Mexico during the troublous times of the past few years, has been executed by his own men at Casca Grandes. He had refused money to his followers and had shot several of them. As a result revolt followed, ending in the death of the leader.

GOOD REPORT FROM NAAS VALLEY FARMERS

F. S. Wright, secretary of the Northern B. C. Agricultural Association, has received an interesting letter from A. F. Priestley, secretary of the Naas Valley Farmers' Institute, in which he describes how during the summer the ranchers have been very successful in producing tomatoes, cucumbers, tobacco, muskmelons, squash, etc. The lighter soil, he says, is producing potatoes equal to anything ever seen. Clearing is hard, but the abundant crops of wild fruits give promise of great things for the future in the way of growing small fruits. The rainfall from April to September this year averaged only slightly over one inch per month, but with plenty of snow on the mountains, the water supply all summer was ample and of good quality. There are 75 pre-emptors in the valley and some day it is going to be a big producer.

Mrs. H. E. Tremayne returned last night from a visit to Toronto and other eastern points.

PROVINCIAL SECRETARY GETS FREE COAL SHARES

Victoria, Oct. 14.—In the case of the Pacific Coast Coal Mines Company against some seventeen defendants, which began yesterday before Mr. Justice Clement, sensational evidence is promised. The afternoon proceedings yesterday and this forenoon were taken up by W. J. Taylor in reading the examination for discovery of L. D. Wishard, of New York, and John Arbuthnot.

Wishard told of the pooling of stock in the original company by six large shareholders and the setting aside of \$105,000 for political purposes. Mr. Arbuthnot denied that it was for that purpose, but admitted that ten hundred and fifty shares had been given him, above what his proportion was, and that of these, one thousand were for Hon. Dr. Young, who was an old friend of his since 1884, and whom he had promised that if ever he took anything up in this province he would give him an interest in it. The case will last some weeks.

DOUBLE ATTRACTION AT THE MAJESTIC THEATRE

The Majestic tonight presents a splendid double feature program. "His Brother Bill" is a two-part military drama produced by Lubin. It is a thrilling war story, which should appeal to all. "Coincidence" is a powerfully dramatic two-act play which is full of situations which grip.

The lighter side of the bill is full of fun. "Why Billings was Late" is calculated to keep any audience in a ripple of amusement, while "A Boob for Luck" is a screamingly funny piece.

"The Broken Coin," the Majestic's greatest feature, begins its twelfth episode on Monday night.

Mr. Parker Williams, M. P. P. for Newcastle, arrived from the south this morning. Mr. Williams will address a meeting in the Empress Theatre tonight at 8 o'clock.

BALKAN CAMPAIGN MENACES INDIA AND EGYPT

A menace to the British Empire greater than expected may be contained in the German plan of a Balkan campaign. Russian armies in the Caucasus and Allied armies on the Euphrates have been strengthened recently to protect the Allies' prestige in the Mohammedan world.

GRIEF CRAZED WOMAN KILLS GIRL AND HERSELF

(Special to The Daily News.)
Vancouver, Oct. 15.—Mrs. C. D. Mason, of Roberts Creek, crazed by grief over the loss of her husband by drowning last June and foreclosure on her ranch, cut the throat of her four year old daughter and then her own throat. The dead bodies were found by neighbors.

"THE MAKING OF HIM" AT THE WESTHOLME THEATRE

The Westholme presents a nicely balanced program tonight, in which the chief item is a pleasing two-reel comedy drama, entitled "The Making of Him." It is a paragraph from the life of a society youth who, in a fit of jealousy, determines to quit for a time the empty life of a man-about-town and enter a naval training station. He performs the tasks of an orderly Jack Tar with a firm determination to make good, and, the training over, returns to his old circles a new man.

"In the Wolf's Den," the eighth episode of "The Road O' Strife," unfolds another interesting chapter in the life of little Alene. "Billy the Bear Tamer" is a funny story of a successful ruse to overcome papa's objections. "His Wife's Pet" is a bright little comedy full of whirl-wind action. A real good Hearst-Selig Gazette completes an enjoyable program.

A. C. GARDE RETURNED AFTER SUCCESSFUL TRIP

Citizens will welcome the news that A. C. Garde, the well known mining man, returned this morning on the Camosun.

Mr. Garde had a most successful trip through the Gardner Canal country, being able to map out a route by which ore can be taken out from this difficult country to tide-water. He crossed the divide, and, having cached his canoe, had to build rafts at several places to cross lakes and rivers. His provisions played out and so did his ammunition, and the party had to live on the country for many days. Fortunately the Indians found traps, and, as it is a great game country, they got along fairly well. He states that the travelling was extremely hard, and there were no signs of human beings having been in there for many years.

Finally they reached the head of Dean river and, building a raft, drifted down to Kimsquit at the head of the Dean Canal. Mr. Garde arrived at 3 o'clock this morning travel-stained and ready for a complete rest, though perfectly happy because of the success of his hazardous trip.

John E. Dyer returned from the interior last night where he has been examining some of his mining property.

For applying designs to fabrics that are to be dyed in such a way that the dyes will not affect the designs an electrically heated fountain pen exuding wax has been patented, the wax being dissolved off after the dyeing is finished.

BRITISH SUBMARINES DOING GREAT WORK IN THE BALTIC

E-19 SINKS TWO DESTROYERS SINGLE-HANDED—GERMAN ORE CARRIERS HELD UP IN SWEDEN—MANY HAVE BEEN SUNK—REPORTED NAVAL BATTLE IN BALTIC

(Special to The Daily News.)
London, Oct. 16.—British submarines have completely cleared the Baltic of German shipping. Thirty-seven out of fifty German ore carriers, trading between Germany and Sweden, have been practically interned in Sweden. All the others have been sunk or been driven aground.

Great Naval Feat.
The British submarine E-19, in a battle with a German cruiser and three destroyers, sunk two of the destroyers with all hands. The rest of the fleet is to the south, engaged in a battle in the

sound between Sweden and Denmark.

Britain Declares.
Britain formally declared war on Bulgaria yesterday.

RED CROSS SALE

The Red Cross Society wishes to thank Mr. Lipsett for the use of his store, and Mr. Morte Craig and the owner of Taxi 43 for services rendered, and the public for their assistance at the sale held yesterday by Mrs. Jarvis McLeod and Mrs. W. E. Williams. The amount realized was \$21.80. The raffles have been held over until next week.

EARLY CLOSING CASE ADJOURNED TILL MONDAY

At the resumption of the Morrissey case yesterday afternoon, the city clerk testified to the receiving and filing by the city council on September 7th of a request from certain signatories to the early closing petition that their names be withdrawn from that petition.

Chief Vickers and Constable Shiel testified to the fact that goods had been sold by Mr. Morrissey after the hour of 6:30 p. m.

Axel Ferguson, grocer, was then called. He explained that he at first refused to sign the petition and had done so only after being assured that he would be permitted to sell cigars, fruit and soft drinks after the hour of 6:30 p. m.

Immediately on learning that this was not possible so long as he carried a stock of groceries, he requested that his name be withdrawn from the petition.

John Mussallem and R. A. Stalker, who had signed the petition in the name of limited companies, were asked by council for Mr. Morrissey as to whether they had obtained the consent of their directors before signing. Each stated that he had full power to sign for the firm which he represented.

Solomon Mussallem, who signed for the Mussallem Company, Ltd., stated that he had repeatedly refused to sign the petition, but ultimately had done so on being assured that several prominent grocers, who had not signed, would put their names to the petition, and on condition that the hour of closing was fixed at 7 p. m. He noted this hour opposite his signature on the petition, but it had apparently been deleted.

The case was adjourned until Monday to allow of the city solicitor calling more witnesses.

PRINCE RUPERT BOYS HAVE ARRIVED SAFELY

London, Oct. 14.—The Scandinavian, with a draft of men from British Columbia on board, has arrived safely in England.

This draft includes quite a number of Prince Rupert boys who were moved from Vernon, including "Scotty" Dennis, Geo. Abbott, W. A. Davie and several other well known members of St. Andrew's Society.
