

Of course, you can buy cheaper teas, but **"SALADA"** is undoubtedly the most economical and what appears to be 'cheap' in price will prove to be extravagant in use. The fresh young leaves of "Salada" will yield you generous value for your money.

INSPECTION

INSPECTION of the Gillette Safety Razor by mechanical experts and men of judgment shows clearly WHY seven million shavers prefer it.

The thin, flat blade is tempered to a uniform hardness impossible in an ordinary hard-backed razor. As a natural result, it takes an edge unequalled for even keenness.

By a simple turn of the wrist you can regulate a Gillette shave to a nicety—light, medium or as close as you like.

The toothed guard ensures safety, and permits such free and rapid strokes that a smooth, clean Gillette shave need take no more than three minutes.

The curved holder supports the blade close to the shaving edges, preventing all that vibration which makes hollow-ground open blades and other safeties pull and irritate when they strike a stiff beard.

Inspect the Gillette and you'll buy it—and shave in comfort thereafter. Go to it! Your Druggist, Jeweler or Hardware Dealer will gladly parade the Gillette Line before you.

Then there's the adjustable feature, exclusive to the Gillette.

"Bulldog", "Aristocrat" and Standard Sets, \$5.00—Pocket Editions, \$5.00 to \$6.00—Combination Sets, \$6.50 up.
