KITCHENER CONFERS WITH FRENCH LEADERS

BIG RUSSIAN SUCCESS--SERBS FIGHTING GAMELY--NEW GREEK CABINET FORMED

PETROGRAD REPORTS A BIG RUSSIAN SUCCESS NEAR RIGA

GERMANS DRIVEN BACK--3,000 PRISONERS TAKEN--FRENCH CAPTURE ENEMY ADVANCE POSTS--AIR RAID ON DUNKIRK--SIX GERMAN SHIPS ARE WRECKED IN BALTIK

(Special to The Daily News.)
London, Nov. 8.—Petrograd reports a Russian success on the Riga front, the Germans being driven back from the village of Olai and the River Dvina. Crossing to the left shore of Lake Sven-ton, the Russians captured the second line of German trenches, taking 3,000 prisoners and two machine guns.

Western Front.
On the western front, the French captured the German advanced posts at Andreschy and re-pulsed German efforts to advance in the Champagne and Vosges districts.

Raid on Dunkirk.
A German aeroplane dropped eight bombs on Dunkirk, injuring one boy. No damage was done to property.

German Ships Lost.
Stockholm, Nov. 8.—Six Ger-man ships have been wrecked in the past five days along the Swedish coast in trying to evade British submarines.

German Gas Destroyed.
Geneva, Nov. 8.—A German gas factory at Dordense in Alsace was destroyed on Friday by French aviators. The manager and 42 workmen suffered from the explosion and many others were injured.

FISHING ACTIVITY AT WHARF YESTERDAY

There was an air of great activity around the government wharf yesterday when the Atlin Company and the National Independent handled about 135,000 pounds of halibut from the schooners Alten, San Jose, Polaris and Magnolia.

The San Jose had 45,000, the Polaris 15,000, the Magnolia 6,000 and the Alten the balance. Ten or twelve men were kept working at top speed hauling ice and crushing it, unloading, trimming and packing the halibut in boxes and loading the cars for shipment east today. Since the National Independent fitted up their ice-crusher and winch, the government wharf looks like a regular fish wharf.

Word has reached town that A. Burklund, formerly of the G. T. P. car department, died at Daggett, Minn., on Oct. 22nd.

EXCESS PROFITS IN MAKING MUNITIONS

Ottawa, November 6.—The only thing that prevents Major General Sir Sam from writing as good bulletins in Canada as Napoleon Bonaparte did in Egypt is that there are no pyramids in this country to tack them to. Nothing less than pyramids could serve as a background for some of Sir Sam's prodigious statements.

For example, he told a Toronto audience the other day that he had furnished the British War Office with a recruiting scheme which would set the pace for the world. Perhaps it will. Perhaps he did. No doubt the scheme is commensurate with the genius whom Lord Roberts characterized as the greatest Driving Force in history and if acknowledgments have not already been made by the British War Office it is probably through fear of the Germans overhearing the scheme and adopting it as their own.

If it is a good enough scheme to raise say, one third of the number already raised in the United Kingdom it will be a great miracle, but not as great as the one already accomplished. That Great Britain should have raised by the voluntary system an army of three million men, practically one fighter out of every eligible two, is the outstanding wonder of the war. Sam's plan will have to go some to beat it.

What is this plan of Major General Sir Sam's? Ah, there's the mystery. It can't be conscription, because Sam doesn't believe in that—at least for Canada. Conscription in Canada would make the war very unpopular with a great number of people who helped to elect the Borden government, so the Major General takes no chances when he says it won't be done. But would he try it in Great Britain? The hope is expressed that he would not, be-

(Continued on Page Two)

O. B. Smith, of the Granby Company, arrived from the south today.

M'BRIDE IGNORES THE PROHIBITIONISTS

(Special to The Daily News.)
Vancouver, Nov. 8.—After two executive meetings held Friday afternoon and Saturday morning, the prohibition executive, in the absence of a reply to demands on Premier McBride to define the government's attitude towards prohibition, passed a resolution authorizing the publication of all the recent correspondence passing between the prohibition movement officials and the premier.

The correspondence showed that the officials had put forth every effort since September 14th to procure a government pronouncement on the situation, but that it had been absolutely fruitless.

After repeated promises for an early decision had been made by Premier McBride, but never fulfilled, the officials had no alternative but to make known to the public how the McBride government had ignored their efforts.

CAPTAIN J. W. WARDEN ARRIVED THIS MORNING

Captain J. W. Warden, who has lately returned from the front and who is shortly to be gazetted lieutenant-colonel, arrived from Victoria this morning.

Captain Warden has an intensely interesting story to tell of the fierce fighting at Neuve Chapelle, but, like most soldiers, is not strong on story telling, being a man of action rather than words. Captain Warden, after looking over the situation here, will return to Victoria on the Prince Rupert tomorrow morning.

SALT LAKE DIVING STAGE IS WRECKED
E. H. Mortimer, secretary of the swimming club, reports that the recent high winds and heavy tides have played havoc with the diving stage erected by the club at the salt lake last summer. Of the float and approach, there are but a few sticks of timber left and these are at the outlet of the lake.

LORD KITCHENER CONFERS WITH THE FRENCH LEADERS

BIG EFFORT EXPECTED IN DARDANELLES AND BALKANS--THE BULGARIANS ARE SLAUGHTERED BY SERBS--BABUNA PASS CHOKED WITH DEAD--FRENCH AND BRITISH TAKE PLEVENAR PASS

(Special to The Daily News.)
Paris, Nov. 8.—Lord Kitchener conferred with General Gallieni, General Joffre and the French premier, Aristide Briand, on his way to the Orient. It is understood that his mission includes an effort to co-ordinate the general staffs with a view to making a strong effort to force the Dardanelles and to cope effectively with the Balkan situation.

Bulgarians Repulsed.
London, Nov. 8.—The Serbians are holding firm their position in the Babuna Pass and all Bulgarian onslaughts have been repulsed. The pass is choked with Bulgarian dead.

Allied Success.
The French, aided by British re-inforcements which have been pouring into Serbia, have captured Plevnar Pass, driving back the Bulgarians with heavy losses.

A division of 25,000 Bulgarians is attempting to envelop the French force in the Valandovo region.

CANADA ADVERTISED
Last Tuesday was San Francisco Day at the fair. A magnificent Canadian float, which took part in the grand parade, attracted widespread attention from a crowd of 300,000 people.

NEW GREEK CABINET FORMED--BENEVOLENT TOWARDS ALLIES

M. SKODILIS IS NEW PREMIER--ZAIMIS' SUPPORTERS ARE RE-INSTATED--IF GOVERNMENT IS AGAIN DEFEATED ELECTION TO BE HELD--BRITISH ARE GIVEN GREATER FACILITIES

(Special to The Daily News.)
London, Nov. 8.—M. Skodilis, the new Greek premier, has formed his cabinet. It includes all the members of the Zaimis cabinet, except the ex-premier. Premier Skodilis has announced that he will observe a benevolent attitude towards the Allies.

M. Skodilis assumes the portfolio of foreign affairs and if his cabinet is not sustained, a general election will be called.

Greek Benevolence.
An important British contingent landed at Saloniki on Saturday, and was given additional landing facilities by the Greek authorities.

"THE BROKEN COIN" AT THE MAJESTIC THEATRE

"The Broken Coin" is the chief item on the Majestic program for tonight and tomorrow. Mr. Delasala has been advised that the 15th and 16th episodes have been made into one feature and both will be shown tonight. As this great serial develops, the interest is unabated.

The program includes an up-to-date Animated Weekly and two most laughable comedies. "Pokes and Jabbs" is just as funny as it sounds, while "And the Deacon Swore" will keep the audience in a ripple of laughter. There is another famous Pathe attraction coming on Wednesday.

PRINCE RUPERT ARRIVES

The following were amongst the first-class passengers on the Prince Rupert today:

R. P. Trimble, W. Pearl, K. McLeod, Archie Watt, Mr. and Mrs. Athon and daughter, Ensign and Mrs. Wright and two children, Mrs. G. A. Walton and child, C. Henderson, Mrs. H. H. D. Hemmel, R. G. Johnson, Mr. T. G. Wall, Mrs. W. H. Wright, Mr. and Mrs. Rood, Mr. Langoter, Mr. Storey, Mr. "Ted" White, H. E. Walby, G. A. Taylor, Mr. and Mrs. Blakely

"THE DIAMOND FROM THE SKY" AT THE WEST HOLME

"The Diamond from the Sky" continues its adventurous career at the Westholme tonight and tomorrow and will prove as interesting as its predecessors. The program includes a splendid 3-act feature entitled "Her Martyrdom", a story of a girl who married the wrong man. It is a play full of pathos and has a most dramatic conclusion.

"She Took A Chance" is a screamingly funny comedy in which a pig plays an important part. There is also a very fine Gaumont Gazette showing the latest pictures from the seat of war.

F. C. Butterfield, Mrs. G. Rock and child, T. R. MacKenzie, F. Phiscator, Capt. Warden, H. J. Fetter, J. H. Wilson, C. W. Embleton and wife, Mr. Buckan, Mrs. E. Emmans, J. D. Ross, Mr. G. E. Baldwin, G. A. Arthur, Miss G. Flynn, Miss A. Yaeger, O. B. Smith.

J. D. Ross, the well known show case manufacturer of Vancouver, came north on the Prince Rupert. Mr. Ross is leaving for the interior to look into some mining property.

RED CROSS CONCERT ON S.S. PRINCE RUPERT

The passengers on the Prince Rupert this trip held a concert in aid of the Red Cross Fund, and, there being quite an array of musical talent in the company, it was a success from every standpoint. The members of the company which is appearing at the Empress Theatre contributed willingly and ably to the program, while most enjoyable musical selections were rendered by Miss E. Flynn, a vaudeville artiste en route for the interior, Mrs. H. H. D. Hemmel, Mrs. W. H. Wright, Mrs. G. Rock and Messrs. D. W. Bone, M. Vincent, and Archie Watt. Mr. T. G. Wall opened the concert with a recitation. Special mention must be made of the cornet solos by the ship's bugler M. Vincent, whose rendering of patriotic airs was repeatedly encored.

One of the most interesting items was a speech on the war by Captain J. W. Warden, who is soon to start recruiting a regiment in Prince Rupert and district. Capt. Warden, whose left arm has been rendered practically useless, the muscles having been shot through in several places, gave a graphic description of the terrific fighting at Neuve Chapelle, where a company of about 500 Canadians held the trenches against the Germans, who outnumbered them by about eight to one, for seven days. The gallant little band lost about 75 per cent. of their numbers before reinforcements arrived. Capt. Warden must have been an extremely popular officer, as he seems to have known every man in his company by his first name. The concert was a huge success and the Red Cross Fund is sure to benefit considerably.

THE CHIEF ZIBASSA RETURNED SATURDAY

The Chief Zabassa, of the Cold Storage Company, made port on Saturday after being out for 27 days. The fact that she had only 8,000 pounds of fish on board speaks volumes for the kind of weather she encountered on the banks.

ROCHER DE BOULE MINE OPENS UP GOOD SHOOT

The report has been received that another good shoot of ore has been opened up at the Rocher de Boule mine a distance of about a thousand feet east of the cross cut tunnel. This shoot appeared on the surface and was known as the Pemberton showing. The ore at depth averages four feet in width and is as good as any yet secured. They have opened up about seventy feet of this shoot and stoppers are at work.—The Omineca Herald.
