

HER DREAMS CAME TRUE

Life Unbearable from Indigestion
Health Restored by "Fruit-a-tives"

MELIE C. GAUDREAU

Rochon P.Q., Jan. 14th, 1915.
"I suffered for many years with terrible indigestion and constipation. I became thin and miserable. I had frequent dizzy spells and became so run down that I never thought I would get well again.

A neighbor advised me to try 'Fruit-a-tives'. I did so and to the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-tives'. I continued this medicine and all my indigestion and constipation was relieved. I consider that I owe my life to 'Fruit-a-tives' and I want to say to those who suffer from indigestion, constipation or headaches, try 'Fruit-a-tives'. Give this lovely fruit medicine a fair chance and you will get well the same as I did."

EXCESS PROFITS IN MAKING MUNITIONS

(Continued From Page Two.)

to the government either to insist on a small legitimate profit for the munition maker, or to tax their excess profits back into the Dominion Treasury and help to pay off our war debt to England that way.

Sir Sam announced the other

night that one hundred and seventy thousand men had been enlisted in Canada, but that equipment and training were at least fifteen thousand men behind the schedule. This partly explains Sir Sam's discouraging statements that two men were offering for every one needed, but it does not explain why the equipment got so far behind that thousands of men are drilling without uniforms. There are, of course, several complete and satisfactory explanations, but not one of them can be put forward by the gallant knight who is in charge of the Militia Department. One is that the patronage list operated to exclude perhaps half the possible manufacturers. Another is that the middleman with a pull but no plant was allowed to grab off orders which he peddled until he got a factory that would do it cheap enough to give him the big bite. Third is that the government made no provision with the mills for an emergency supply of khaki and that such supply as was in stock was steered toward a favored few, while other clothing manufacturers, with less influence, stuck around until the big fellows got through. The fourth reason is that the government has neglected and still neglects to provide at some central point an assembling house for raw materials from which the manufacturers of war products, other than arms and ammunition, can replenish. In short

there has been no attempt at industrial organization, outside the making of guns, shells and powder, which are only half the game after all.—H. F. Gadsby.

"From the 60th parallel in the north to the 49th in the south, the province will be swept clean of Bowserism," said F. H. Mabley Friday night.

The Tories realize more clearly than ever that the huge gamble is over.
