THE LONG ARM

This morning, Chief Vickers brought Alexander Gordon Hardacre north with him from Vancouver. Hardacre, some two years ago, was in custody here on a charge of supplying liquor to Indians, and managed to escape. Noticing that a man of the same name was charged in Victoria recently with attempted robbery, Chief Vickers made enquiry in Vancouver and found that he particularly wanted to see the gentleman. Hardacre, when released at Victoria, drifted over to Vancouver and was taken care of by the Vancouver police on information laid by Mr. Vickers.

GEORGE C. COLE MAY RETIRE FROM SERVICE

Hon. George C. Cole, who is visiting his old home in West Virginia, is reported as saying that he intends to retire from the American consular service and resume the practice of law in Weston or Wheeling, West Virginia.

Mr. Cole has been in the service for ten years, having served in Buenos Ayres, Dawson and Prince Rupert. In an interview, he said, "Prince Rupert is destined to become a great seaport on the Canadian west coast. The recent completion of a railroad system, spanning the continent and tapping the vast grain fields of Saskatchewan and Alberta will bring an enormous tonnage of grain for re-shipment south to Seattle and San Francisco, and over the Pacific to Japan."

PRINCE RUPERT CREW ARE DOING THEIR BIT

Mr. King, chief steward on the Prince Rupert, reports that Mr. McArthur, G. T. The boys on the Prince Rupert have been sending regular supplies of tobacco to the boys at the front, and the members of the crew have received many postcards in acknowledgment of their thoughtfulness.

PROJECTED OPERATIONS OF THE RESOURCES COMMISSION

INTERESTING FIELD FOR INVESTIGATION IN BRITISH COLUMBIA—HOW THE PROVINCE HAS BEEN MORTGAGED AND GIVEN AWAY TO THE SPECULATORS

Ottawa, November 27.—Much interest is expressed here in the projected operations of the Dominion Resources Commission, which is to take stock of our national assets and point out what can be done to increase production and thus help to pay the war debt and build up traffic for the one transcontinental railway and a half which might be taken over by the government.

It is a large order, but the Commission has wide scope and ought to be getting busy soon. It will not do to postpone these constructive ideas until the war is over or to straggle in as the Hospital Commission does months after the conditions, in the shape of returned and disabled heroes with no jobs waiting for them, begin to overwhelm us. The hope is also expressed that the Dominion Resources Commission is not another of Mr. Micawber's promissory notes and that it will bring in an exhaustive report which will be acted upon promptly.

In discussing the resources of the Dominion the Commission may touch upon the question of Alberta's natural resources, and will possibly inquire why these resources have not been handed over to Alberta as promised by Premier Borden, some five years ago, when he had small expectations of ever handling them. Of course, that was in the heat of conflict, and promises, at that time, meant no more than German's promises to the Bulgarians and Greeks, which are mighty free of the other fellow's prop-

EVERYBODY WELCOME

CATHOLIC LADIES HAVE BIG DANCE AT ANYOX

The Old Fashioned dance and supper given by the ladies of the Catholic Altar Society, November 25th, was one of the most successful of the season's social affairs. The popularity of this zealous society was attested by an overwhelming attendance; more than one hundred couples took the floor and many more were unable to gain admittance.

One of the features of the evening was the raffle of five prizes on which the ladies had sold upward of seven hundred chances. The winners were: 1st, chest of silver, value \$75.00, T. McCrosky; 2nd, camera value \$50.00, E. Drummond; 3rd, gold necklace, value \$40.00, C. Ellis; 4th, travelling case, value \$35.00, R. T. Cooke; 5th, smoking set, value \$25.00, D. Robertson.

After the raffle, Moore's Music played a program of twenty numbers in their usual excellent style. For this occasion the orchestra reverted to the dances of fifty years ago, playing the quadrille, polka, mazurka, minuet and barn dances with waltzes and two steps interspersed.

During the intermission the ladies served a dainty lunch of their own making, which will ensure a packed hall at their future entertainments. The strains of the home waltz were not heard until 2 o'clock Friday morning.

save in his own country. As a matter of fact it is not Sir Richard's fault at all. British Columbia simply sized him up wrong—they mistook his hair for genius. And now he has had his hair cut.

After shedding enough tears at the sad plight of British Columbia to fill, say, the Fraser river, the Commission will retrace its steps to Manitoba, where it will encounter a bewildering state of affairs. It seems that the Roblin government long ago did all they could to the natural resources of Manitoba and at their last victorious election had recourse to the unnatural ones in the shape of a million and a quarter dollars worth of extras for Thomas Kelly, a considerable part of which found its way into the party chest, and did much to smite the wicked Grits. These resources, including enhanced cupolas, skimmed steel work, and imaginary concrete, were not only unnatural, but highly artificial.

However, the Roblin government worked them for all they were worth, which, as we said before—
