

## Martyred Belgium Cries for FOOD!

## You have Plenty — Share it!

We cannot—we MUST NOT let the destitute Belgians starve! No victory could be lastingly glorious if it involved the decimation by famine of a small nation that deliberately sacrificed itself rather than sacrifice honor!

Earl Curzon of Kedleston, says:

"We have to relieve from privation, and from worse, these unhappy people during the forthcoming winter, the second winter which they have passed under these cruel conditions; we have to keep alive their vital resources, to support their courage, and enable them to continue to endure"

# Belgian Relief Fund

has been and is administered with an Efficiency and Economy never before equalled in Public Relief Work.

All accounts are audited, and every pound of food and supplies is accounted for. The arrangements are absolutely effective for securing that none of the food or money goes into the hands of the Germans, is requisitioned by military authorities, or in any way diverted from the object for which it is given.

Nearly 3,000,000 Belgians must depend this winter on charity! Without help hun-

dreds of thousands will starve! We in Canada have plenty! In the name of humanity and of the cause for which we are fighting, let us do our part toward saving these heroic allies! Send your subscriptions weekly or in one lump sum to Local or Provincial Committees, or to the

Central Executive Committee, 59 St. Peter St., Montreal.
