

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

SPLENDID SHOW AT WESTHOLME THEATRE

The Westholme was crowded last night to see Marguerite Clark in "Seven Sisters," the famous five-act comedy, and all must have been delighted. The dainty little movie star was undoubtedly the magnet which drew the audience, but every detail held their keenest interest from start to finish. As a spectacle, "Seven Sisters" is away above the average, the scenery around the convent being superb, while the ball-room scene is wonderfully fine. A company of Russian dancers give a brilliant display of their art. As Mici, the fourth of the seven sisters, Marguerite Clark is at her liveliest, the part suiting her to perfection. In addition to these five magnificent reels, there is a Universal Gazette which depicts the latest fashions; a fine series of football views; big French guns in action, and some splendid sea and air views, concluding with cartoons by Hy Mayer. This show is not to be missed.

To look back on a happy youth is to live twice; then and now.

Winnipeg, Jan. 4.—Three million dollars is the value of the Manitoba Agricultural College buildings as they stand, including site and furnishings, according to an official report made to the government by the Canadian Appraisal Company to Montreal, appointed some time ago to make a valuation of the provincial buildings. The Agricultural College cost the province approximately \$4,000,000, it was stated in government circles.

Hon. Thos. Johnson, minister of public works, stated that an enquiry into the construction of the Agricultural College would be commenced as soon as a commission could be secured. The name of Judge Curran has been mentioned in this connection.

- FACT HUNGER -

As children, our first demand is for nourishment; our second for facts.

All through life we go about searching for information.

We make a new acquaintance; but before we will accept him as a friend or invite him to our home we ask for facts about him.

We visit a foreign land; and from the moment we step across its border we are asking questions—searching for facts.

We are asked to try a new food product; isn't it instinctive with us to ask at once:

"Who makes this new article?"

"How is it made? what goes into it?"

"Is it worth the price charged for it?"

Facts—we are simply hungry for them.

Strange, isn't it, that we should so often have to search for them? Odd, that some manufacturers still withhold the facts about their product. Not always because they are facts to be ashamed of—for there are many worthy articles yet unadvertised.

But it will not be so much longer. The fact-hunger of the human race is becoming keener and keener. The more facts we get, the keener our relish for more of them.

Soon it will be impossible to sell a man or a woman anything until everything has been told about the goods that can be told through Advertising.

The public has discovered that Advertising tells much-needed facts—that, in fact, Advertising satisfies fact-hunger.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of those will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.
