THE MAYORALTY

To the Electors of the City of Prince Rupert,
Ladies and Gentlemen:—In response to the wishes of a large number of ratepayers, I have consented to again become a candidate for the office of mayor for 1916. In the past I have made it a point of always being on the job in carefully guarding the affairs of the city along the lines of impartiality, practicability, economy based upon efficiency, and the preservation and success of our public utilities. If these efforts have met with your approval, might I again solicit your support as a means of the continuation of such a policy for the next year? Yours truly, S. M. NEWTON.

FRENCH GUNS MOW DOWN HUNS IN CHAMPAGNE

Determined German Attacks Repulsed on Saturday and Sunday—German Infantry Faces a Terrific Gun Fire.

(Special to The Daily News.)

Paris, Jan. 12.—The German force, attacking in the Champagne region, lost very heavily in a determined offensive on Saturday and Sunday.

Three divisions, in all sixty thousand men, advanced in the face of a terrific French artillery fire, which took heavy toll of the Germans.

Carefully Selected Men.

The German forces, which included regiments from the Imperial Guard, were carefully selected for the attack. The infantry attack followed a heavy bombardment which lasted for twenty-four hours.

French Reply.

The French made a prompt reply with three-inch guns, which stopped the first wave of attack as the German troops left their parapets. The enemy made four separate attempts to carry the French defences, and at the last left many men between the lines, all of whom surrendered.

EXPLANATION

A. H. McPherson, by his letter in The Empire yesterday, forces us to explain that the letter which he sent to The Daily News in regard to Borden Street school contains a passage which was distinctly libellous. When the letter appeared recently in The Empire, that part of it was carefully omitted, else the letter would not yet have appeared in type. When the letter was refused, the editor of The Daily News referred Mr. McPherson to the School Trustees, and also brought the matter to the notice of a member of that body.

The rest of Mr. McPherson's effusion calls for no comment, but we may add that the files of The Daily News are loaded with unpublished letters, dwelling upon the shortcomings of Mayor Newton, which the editor did not think of sufficient public interest to publish.—Wm. Turnbull, editor.

DR. McNEIL LEAVES TOMORROW NIGHT

Dr. Neil McNeil expects to leave tomorrow night for the south, where he will take up his military duties preparatory to leaving for the front. The doctor, who comes of rare old highland Scotch fighting stock, simply could not stay out of the scrap any longer. In the meantime, the immigration department will be taken care of by Mr. Weston.

POLICY

Believing the time has arrived for public-spirited interest in civic affairs, I contend that, during the present crisis, with little in sight to be done, the indemnity granted the city council for their services should be eliminated, or substantially reduced. The support of those favoring such a policy is requested on behalf of T. McClymont for Alderman.

GERMANS LOST VERY HEAVILY IN BUKOWINA

Many More Prisoners taken than at First Reported—German Wounded Number Hundred Thousand.

(Special to The Daily News.)

Petrograd, Jan. 12.—The number of prisoners taken by the Russians on the eastern front is much greater than was at first reported. A party of 2,200 has reached Kiev and a thousand more are bringing up the rear, all unwounded.

100,000 Casualties.

The prisoners declare that the Austro-Germans had 100,000 wounded in the recent fighting in Bukowina.

Germans from the French front declare that the fighting there did not compare with that around Czernowitz in fury.

ELECTION NOTES

Mr. McCaffery is a man of most alert mind, and has made a close and intelligent study of civic government. His utterances have always been characterized by shrewd common sense. There is no one more jealous of Prince Rupert's interests than he. No one will be able to "put one over" while he is mayor, and his election, viewed from every angle, will be for the common good.

The hubbub amongst the clamorous throng of aldermanic candidates is a mere passing episode of misplaced ambition. No great harm will result, no matter who are successful, but to reject McCaffery and re-elect Newton would be a calamity for the city.

There is no truth in the report that McCaffery intends to present Mayor Newton's goat to the new Prince Rupert museum. McCaffery will not be so unkind as to rub it in.

There will be fourteen "sadders and wisers" on the night of the 13th.

Every blessed one of the candidates for alderman thinks he will be elected. What a curious thing is the human mind.

The question which is most freely discussed is not whether McCaffery will be elected, but as to what his majority will be.

It is too bad that the old council did not make a contract with a movie operator before they disbanded. They might have remembered that there are future generations to be amused.

ENEMY CLAIMS IMPORTANT GAIN IN MONTENEGRO

Austrians Announce Occupation of Important Strategic Position Dominating Capital of Montenegro.

(Special to The Daily News.)

London, Jan. 12.—The Austrian announcement of the occupation of Mount Lovcen in Montenegro by Austrian troops is unconfirmed.

The report is regarded with some uneasiness in Italy as the mountain dominates Cattaro Bay, the important Austrian naval base, while it is also within big gun range of Cetinje, the capital of Montenegro.

Air Attack on Saloniki.

A squadron of twelve German aeroplanes dropped seventy-eight bombs on Saloniki, devoting special attention to the French and British camps. Twenty hits were scored, causing an outbreak of fire. Two of the enemy's aeroplanes were shot down, according to a despatch from Sofia.
