PROPOSAL TO RECRUIT SCANDINAVIAN REGIMENT

Mr. Olof Hanson has received a telegram from the Hon. Thomas H. Johnson, minister of public works in the Manitoba government, asking for his co-operation in the formation of a Scandinavian regiment for overseas service. The idea has taken a firm hold in Winnipeg and it is hoped that the ranks will be filled out by recruits from Prince Rupert.

Mr. Hanson has informed Mr. Johnson that he considers the idea a good one and that on being placed before the Scandinavian League here had been heartily endorsed. It is suggested that permission be given to Scandinavians who are serving in other regiments to transfer to the Scandinavian regiment now forming.

THE MAYORALTY

There was quite a rush of voters to the polling booths this forenoon and McCaffery's supporters at noon were satisfied that up to that time M. P. had polled two votes to Newton's one. There is no doubt as to the final result. The only question is the majority, and E. F. Doyle is absolutely certain that it will be a record for such a small poll.

Joseph Hickey has returned from Anyox, where he has been engaged in enlarging the McKinnon Hotel. Twenty-two rooms have been added to the building to meet increased business.

ANOTHER WOUNDED WARRIOR RETURNS

Thomas Van Dyke, who left here with the first contingent, arrived from the front on the Prince George this morning and left for the interior. At Festubert he was severely wounded in the head and face by machine gun fire, one bullet entering his left cheek and coming out at his neck, dislodging a number of teeth en route. He also received a bullet wound in the head.

He now looks fit and well, and is as happy as a king in spite of what he has gone through. Mr. Van Dyke is a son of gallant little Belgium and is justly proud of the part played by his native country in the world's war.

IMPORTANCE OF SURF INLET MINING DEAL

An article in the Vancouver Province deals with the importance of the taking over of the Surf Inlet mines by the Tonopah-Belmont Development Company. After going into details as to the capacity of the mine, the article states that the big development now going on on Princess Royal Island will increase the gold production of British Columbia by 30 per cent, or \$2,000,000 per year.

BELGIAN FUND

An account has been opened at the Canadian Bank of Commerce in the name of the Belgian Relief Committee and subscriptions for the relief of these worthy people are now in order. There will be no canvass made, and citizens are requested to simply walk into the bank and deposit what they can afford. The object needs no commendation here, as all are aware of the part played by gallant little Belgium in holding up the Germans in their first great raid on France. The fund is economically managed and citizens may rest assured that every dollar will do a hundred cents' worth of work in aiding those patriots. The account will be open until January 31st.

RED CROSS SALE

Mrs. J. W. Potter and Mrs. F. G. Dawson will have charge of the weekly Red Cross sale of home cooking on Friday. Messrs. Killas Bros.' new fruit and confectionery store, next to George Tite's on Third Avenue, has been placed at the disposal of the ladies. Last week's receipts show that interest is still manifested in this noble work and all ladies are again requested to kindly send in home cooking.

McCaffery for Mayor

MANAGER E. F. DOYLE INFORMS THE DAILY NEWS THAT M. F. McCAFFERY WILL BE RETURNED AS MAYOR TODAY BY THE LARGEST MAJORITY THAT HAS EVER BEEN OBTAINED IN THIS CITY, IN PROPORTION TO THE VOTE POLLED

Points for the Electors Today

Sam Newton once more demonstrated that he is not a fit and proper person to be mayor of this city. His one asset being personal abuse of his opponents, he gave vent to his bitterness in a column of vile insinuation and gross misrepresentation. Like the really big man that he is, in every sense of the term, Mr. McCaffery passed the episode over with a smile of contempt.

Besides appropriating to himself the credit for all the honesty that exists in the city, Newton went on to show how he had saved the city in regard to the telephone charter. Fortunately the citizens are perfectly aware of the true story of that struggle for their rights. As W. P. Lynch so ably pointed out at Mr. McCaffery's meeting last night, 80 public-spirited men, including C. W. Peek, Wm. Manson, T. D. Pattullo, G. R. Naden, W. H. Vickers, F. G. Dawson and the rest of the leading citizens of that time, subscribed the money necessary to obtain the franchise and held it until the city was incorporated. The one man who stayed out of the plan to save the city was the one and only SAM. Mr. Lynch went on to show how these gentlemen lent that money to the city for a year without a cent of interest and how they turned the franchise over to the city without a cent of profit. SAM WAS THE ONE MAN WHO TRIED TO SPOIL THE PLAN. IF NEWTON HAD BEEN LISTENED TO AT THAT TIME THE CITY WOULD NOT TODAY OWN ITS TELEPHONE SYSTEM. SAM'S MOST FLAGRANT ERROR WAS IN CONNECTING MR. McCAFFERY WITH THE SCHEME AS THAT GENTLEMAN HAD NOT THEN COME TO THE CITY.

COMPANY FLOATED TO BUILD B. C. SHIPS

On Tuesday night in the Board of Trade rooms in Vancouver arrangements were made for the building of the nucleus of a B. C. marine. The meeting was held under the auspices of the B. C. Manufacturers' Association and after a long discussion, in which shipping men gave evidence as to the enormously increased value of ships as a result of the war, a motion was made to open a subscription list towards the formation of the company. The amount subscribed is not published in the papers from the south.

A TERRIBLE RAILROAD DISASTER IN MANITOBA

(Special to The Daily News.)

Brandon, Jan. 13.—A C. P. R. work train with a caboose loaded with workmen was struck by an eastbound freight train last evening, when fourteen were killed outright; three were fatally injured and twelve were seriously hurt. The train was hidden by clouds of steam and mist when the accident occurred.

While the injured men were awaiting the arrival of rescuers, they were attacked by frost-bite, the thermometer being at 47 below zero. Only three of the injured men are expected to recover.

BOMBS ARE THROWN AT COUNT OKUMA OF JAPAN

(Special to The Daily News.)

Tokyo, Jan. 13.—Count Okuma had a narrow escape from assassination while returning from the Royal Palace at midnight last night, when two bombs were thrown at his automobile.

The chauffeur immediately put on speed and the bombs exploded behind the car. The assassins escaped.

ICE HOCKEY MATCH TO BE PLAYED THIS AFTERNOON

The Hazelton hockey team having wired that they will be here this afternoon, Prince Rupert's first real ice hockey game will be played at Market Place this afternoon. The members of the Athletic Association are to be congratulated on the results of their efforts to give this city a rink. It cannot, perhaps, be classed with an indoor rink, but it is wonderfully good when the uneven state of the ground is considered.

Yesterday afternoon, the boys had a work-out and many of them showed marked ability as stick-handlers. Having had so little practice, the Prince Rupert boys cannot be expected to put up a star game, but they will keep the Hazelton boys going full steam ahead throughout the game.

The team will be chosen from "Buck" Irwin, captain, C. Blyth, Harry Love, W. Crawford, C. C. Boldrick, H. Scott, L. Wilson and Holtby. All of these boys have had previous experience in the great game and a little practice should mould them into quite a smart team.

Yesterday afternoon the rink was well patronized by skaters, who were delighted with the ice provided at so much trouble by the boys. In order that it may be in shape for the game, there will be no skating today. Four large electric lights have been placed around the rink, and all that is required to make it the real thing is a band.

MASSACRE OF MINING MEN BY YAQUI INDIANS

Bandits were Supported by Villa's Officers—One Man Escapes Out of Nineteen—Fears of Further Trouble

(Special to The Daily News.)

El Paso, Jan. 13.—Thomas B. Holmes, the sole survivor of nineteen American mining men, who were massacred in Box Canyon, has arrived here. Holmes says that the train in which he was travelling was stopped by an obstruction on the tracks and the party ordered out.

Twenty bandits opened fire on the party as they alighted from the coaches, while two hundred, as a reserve force, stood by the right-of-way. Holmes ran; dived under a bush and hid in a river bottom while the party of miners was massacred.

General Pablo Lopez, a Yaqui chieftain and an ally of Villa, commanded the massacre.

Further Murders.

It is reported that ten more people, including several Englishmen and one American woman, were massacred yesterday at Madera by Villa's general Jose Rodriguez. Fearing an anti-Mexican demonstration by the hundreds of Americans who were waiting at the station for the arrival of the bodies, the police sent the death special through to the freight yards of the Santa Fe Railway. A special train with two hundred men and machine guns proceeded to the scene of the massacre at Box Canyon. The Mexicans, who had been warned, are lying in ambush.

"TRAITORS TO THEIR KING" AT THE MAJESTIC THEATRE

The four-act Pathe color masterpiece showing at the Majestic tonight is a triumph in artistic film production. "Traitors to Their King" is one of the greatest spectacles ever given to a movie audience here. The scenes depict Paris in the year 1610 and are quaint and picturesque. The story is full of vitality and interest, while the coloring lends a distinctive touch of realism. The parts are in the hands of stars of the French movie world, and the drama is one not to be missed.

There is also a Pathe Gazette of the latest from Europe and the world generally, and "Monkey Shines," a boisterous comedy, completes a particularly good program.

Mr. Barnhoff, local manager for the National Independent Fishing Company of Seattle, returned from the south this morning.
