TURKISH FORCES ROUTED BY THE RUSSIANS

GERMANS REPULSED ON RIGA FRONT—MONTENEGRO AND AUSTRIA RESUME WAR

TURKS ROUTED BY RUSSIANS IN THE CAUCASUS

Several Turkish Units Annihilated—Retreat Resembles Complete Route—Germans Repulsed On River Dvina.

(Special to The Daily News.) Petrograd, Jan. 20.—The Turkish forces in the Caucasus have been routed on a sixty-six mile front by the Russians in the Lake Tortum region.

The retreat resembles a complete rout, and several Turkish units have been annihilated. The enemy is retreating towards Erzerum.

Germans Repulsed.

On the Riga-Dvinsk front, the Germans attempted to land on the River Dvina below Freiderichstadt, but were repulsed. The Germans used gas in their attack. Safety First.

London, Jan. 20.—The German General Somar has issued an order to his troops in Russia to take all the supplies they need and confiscate the rest without delay. He said, "We are in an enemy country and humanitarian considerations have no value. There is more safety in taking than in giving."

FIRST MEETING OF NEW SCHOOL BOARD

The newly constituted Board of School Trustees met yesterday afternoon, all the members being present. The meeting was called to order by O. H. Nelson, last year's chairman, who proposed that Dr. Kergin be elected chairman for the year. This was seconded by George D. Tite, and carried unanimously.

A. H. McPherson appeared before the board suggesting some changes which he thought necessary at Seal Cove school.

The board decided to have the building inspector and the fire chief report upon any changes deemed necessary in any of the schools. Accounts were passed and school organization for the year discussed.

Inspector Lord and the principals will be asked to confer with the board regarding the school accommodation.

SERIOUS SHOOTING ACCIDENT YESTERDAY

A very serious shooting accident occurred yesterday at Cloyah Bay, when Charles Gustafson, who was out shooting with a companion, accidentally shot himself in the lower part of the body. He was carried by his companion to a rowboat and brought to the city about 3 p. m., after having suffered severely from exposure and pain for several hours.

The injured man, who lived with an uncle at 353 Ninth Ave., West, is now in a precarious condition at the general hospital. Fortunately he is physically robust, and hopes are entertained for his recovery.

ANOTHER COMPANY WILL BORE FOR OIL

Everett H. Lea, one of the pioneer oil operators of Graham Island, has returned from a visit to Portland and Seattle with the encouraging information that another company is to commence drilling on Graham Island probably early in the summer, a syndicate of Americans having acquired leases. Mr. Lea was called into consultation as being one of the best posted men on the oil prospects of the west coast of Graham Island, and he took along the log of the pioneer well which shows the different stratas through which the drill passed.

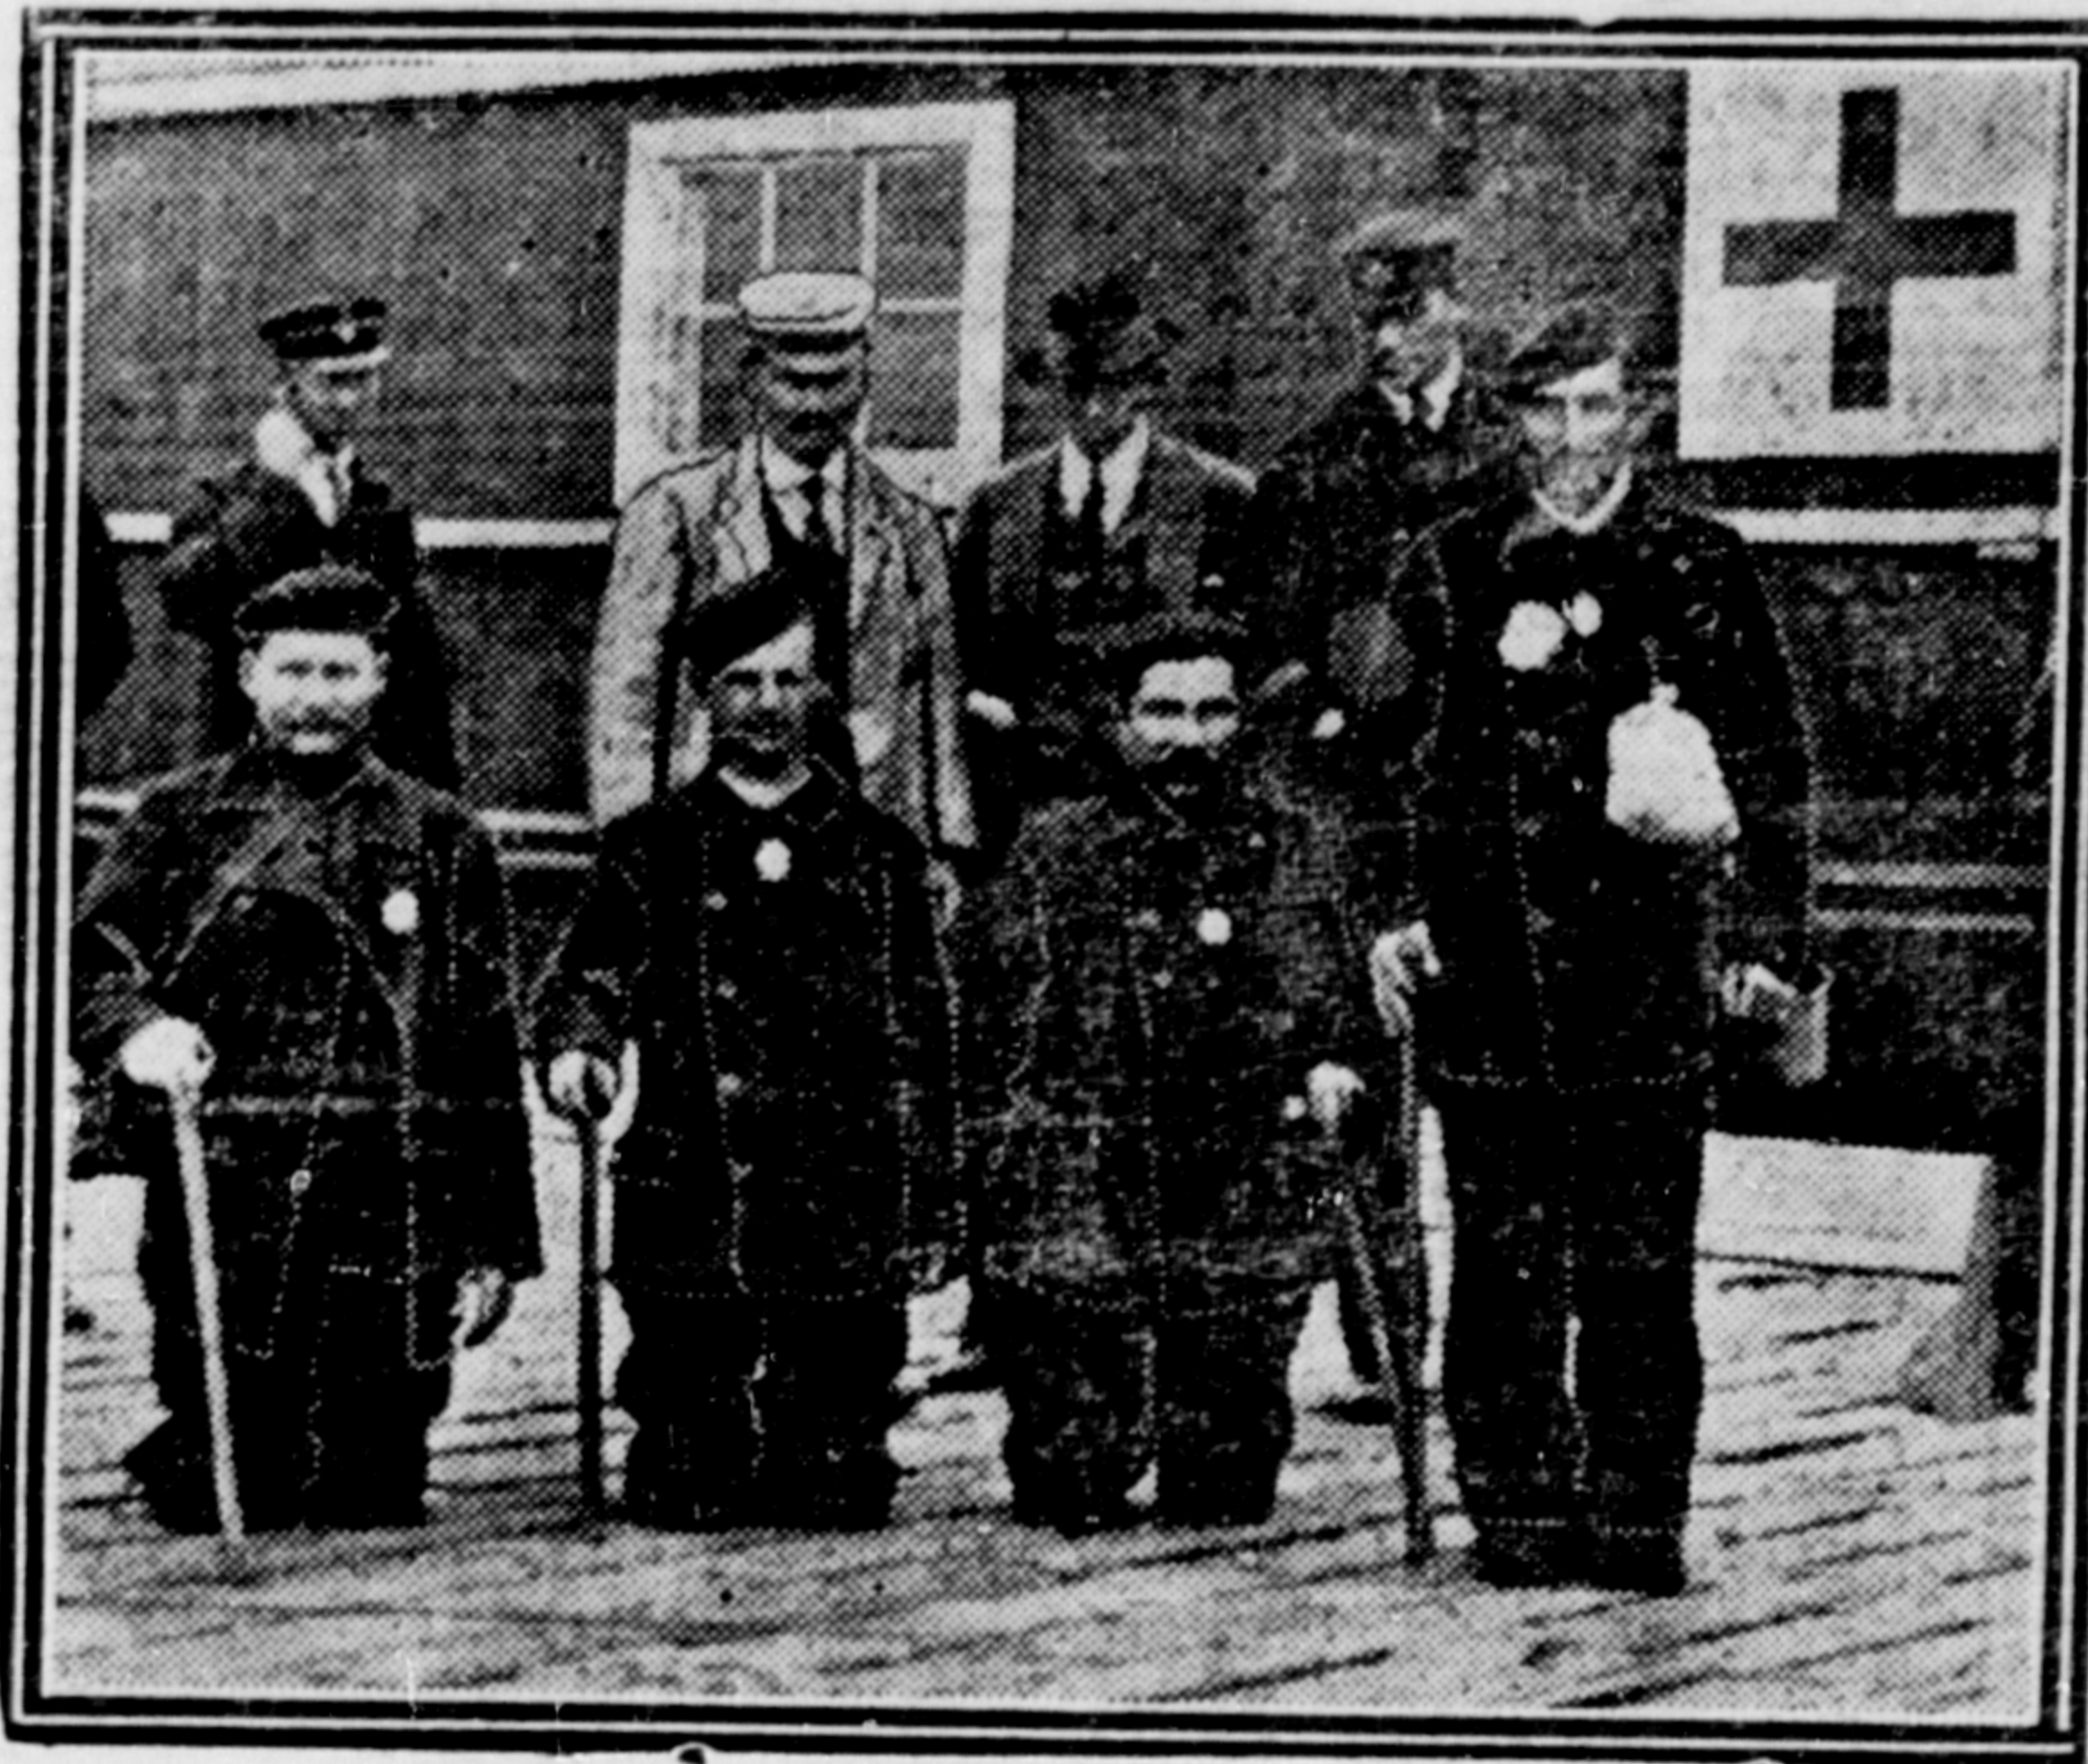

While in Portland, Mr. Lea met J. W. Couvert, oil expert, who first reported on the west coast and he said the log of the well was just as he had expected and there were excellent chances of proving out as he predicted four years ago. There was as good a chance on the west coast of Graham Island he told Mr. Lea, as any prospective field he had ever seen. C. D. Emmonds, another engineer interested in Graham Island, is also in Portland and he too was enthusiastic over Mr. Lea's report. Some members of the Portland syndicate are expected to be here in a few weeks on their way north.

In Seattle Mr. Lea met several oil men, including an eminent geologist, who, when he saw the log of the Graham Island well and the green shale occurring at 1,500-foot depth, said if it was soft shale it was similar to the occurrence in proven fields. This was a very satisfying statement to men here who are interested in the Graham Island oil fields. Supt. McCaig reports the green shale was so soft as to ooze into the hole. Mr. Lea said that another company he has in course of formation will be ready to register in about thirty days—Vancouver Sun.

GERMANY PAYING THE PRICE OF MILITARISM

The return to the Fatherland of maimed German soldiers who have been exchanged for Russian prisoners. They were photographed at Hapananda in Sweden. The four cripples in front are from the same German company. Even as they are they consider themselves lucky, for most of their comrades were killed in an unsuccessful attack on the British positions near Bethune.

TWELVE DEAD THROUGH FLOOD IN CALIFORNIA

(Special to The Daily News.) Los Angeles, Jan. 20.—Twelve are dead in southern California as a result of flooding. All the railway lines are out of commission.

The Santa Anna river has broken down the dams and has formed new channels. Engineers are planning to make a cut to relieve the flooded area.

STRIKING DRAMA AT MAJESTIC THEATRE

"A Bolt from the Sky," a Balboa three-act photoplay, is the chief item at the Majestic tonight. As Fayette, the daughter of the "cotton king," Jackie Saunders is the star of the piece, her work throughout being of a high order. A crook inveigles her into marrying him, and when her father's fortune disappears shortly after the wedding, trouble follows thick and fast, ending in the shooting of her husband in a struggle with Cummings, one of her former admirers. It is an intensely dramatic story, splendidly staged and acted.

There is a Pathe News of interesting items from all quarters, and two good comedies. "Terribly Stuck-up" is a "tangle-foot" farce, with some aquatic stunts, while "Matrimonial Bliss" is a most amusing comedy.

HEAVY DAMAGES AGAINST FOLEY, WELCH & STEWART

(Special to The Daily News.) Vancouver Jan. 20.—The Privy Council finds that Foley, Welch & Stewart, the railway contractors, are liable for \$800,000 damages in the suit brought against them by McIlwee & Sons, of Denver, Col., for breach of contract in the boring of the tunnel at Rogers Pass on the C. P. R.

MARY PICKFORD AT WESTHOLME THEATRE

As Glory Ferguson, in "Rags," Mary Pickford scores another great personal triumph. There is a decidedly pathetic strain throughout the story, yet the quaint acting of this great little actress is productive of more smiles than tears. In a ragged suit of overalls she bosses her drunken father, and the rest of the camp, in great style.

On the death of her father, she is transferred from the backwoods to the home of a millionaire guardian in New York, and her entry into the swell mansion is laughable in the extreme, while her first meal with the old gentleman kept the audience last night in a ripple of amusement. Of course, there is a love story in it, in fact two, but that is really a side issue.

The animated weekly with a good series of military pictures from London and elsewhere completes a splendid show.
