**BY-ELECTIONS**

At last the people of British Columbia have been informed when the legislature is to meet, though the exact date of the by-elections is still withheld. Bowser and his men are the representatives of the people only in the sense that they were elected by the people. Once elected, they become representatives of the Conservative party only, with the sky as the limit in regard to handling the affairs of the province for the party.

Report places the date of the by-elections as from the 19th to the 23rd of February, and it would be a typical Bowser scheme to hold the elections on different days during that time, beginning with what is supposed to be the strongest Tory camp and then going on to the others. In this way, the Tory headquarters staff and artillery could be trained on three different fronts on three different occasions as it were.

The running of the elections on different days will give other advantages which the Conservative machine would not hesitate to take a chance on, judging from its past performances.

Hon. A.C. Flumerfeldt has already made his bow to the Conservatives in Victoria, on which occasion he waxed eloquent on the fact that the Romans devoted much attention to road building, this by way of trying to justify the pawing of the province to fill the coffers of the Mackenzie-Mann outfit. Mr. Flumerfeldt must have delighted the heart of the proprietor of the Colonist in his airship flights through the realms of history. Incidentally, what the Romans did in Britain and what Bowser and his friends have done in British Columbia have nothing in com-

mon, but the speech served its purpose, in that it covered up thoroughly the real issues of the election.

Hon. C. E. Tisdall has a much harder row to hoe than the representative of the big corporations, as, in his absence in the north on a news gathering expedition, M. A. Macdonald has been unkind enough to rake up a few little items from the recent history of the province, showing how Mr. Tisdall was one of the gentlemen who was "lined up" (as Bowser aptly puts it) by the Dominion Trust Company. Bowser, in his efforts to shed as much responsibility for the vast loss incurred by the depositors in this alleged bank, let some of his friends in rather badly. However, Mr. Tisdall will have ample opportunity to explain what the "lining up" amounted to and why he was so pliant a tool in the hands of the late Mr. Arnold. It will be a merry election, and if the Tories do not manage to hide all the truth about the various adventures they have had in the past few years, there will still be three vacancies in the cabinet on March 2nd.

**THE PRESENT WAR IN BIBLE PROPHECY**

(Continued From Page One.)  
 between the empires of the Lion and the Eagle exactly coincides with every detail of Esdras' vision "For Esau is the end of the world and Jacob is the beginning of it that followeth." The descendants of Esau are today in possession of Palestine, the Holy Land, but we are told by students of prophecy that "they are at the end of their times." The descendants of Esau are known to us as Turks. In the Bible they are spoken of as Edom, Mount Seir and Idumea. In the year 1000 A. D. there was

not a Turk in European Turkey or Asia Minor. The Turks had not yet been able to surmount the great natural obstacle of the Euphrates River. They had moved westward from Central Asia, but their advance was stopped by this great river. At this point of their career, the Bible throws light on the situation. In Revelation, 9-14 and 15, is recorded the commission of the sixth trumpet angel to "Loose the four angels which are bound in the great River Euphrates." "And the four angels were loosed to stay the third of men." The four angels as history shows us, were the four great leaders of the Turkish or Ottoman hosts. Their invading armies surmounted the river and overflowed Western Asia and across the Bosphorus, even to Vienna. From this high-water mark, they, (in fulfillment of prophecy) receded. (Rev. 16-12). "And the sixth angel poured out his vial upon the great river and the water thereof was dried up that the way of the kings of the east might be prepared." Turkey as an empire had been "drying up" for some years Hungary, Croatia, Transylvania, Montenegro, Greece, Servia, Albania, Roumania, Bulgaria, Macedonia, part of Armenia, part of Arabia, Algiers, Tripoli and Egypt have been successfully liberated from Turkish rule and now the Allies are preparing to drive the Turks out of Europe and take Constantinople.

Turkey's destruction was the sign of the end of this age and the beginning of the next age, or time to expect the second advent of Christ. This was shown by the angel to Esdras as already explained, and Christ, in answering the question to his disciples as to the sign of the end, said "Where the carcass is there will the eagles be gathered together." No one will deny that Turkey is the carcass of Europe. He has been called the "sick man of Europe," and just note the banners of the warring nations around Constantinople to see the eagles as spoken of by the Lord. The warning of the "carcass and the eagles" shows that we are in the most important era in the world's history. The latter part of this era we are just leaving, ever since 1882 when Germany, Austria and Italy formed the Triple Alliance, has been a fulfillment of the prophecy of Joel 3-9. "Proclaim ye among the Gentiles; prepare for war: wake up the mighty men. Let all men of war draw near; let them come up. Beat your plowshares into swords, and your pruning hooks into spears. Let the weak say 'I am strong.' Assemble yourselves and come all

ye heathen, and gather yourselves together round about; thither cause Thy mighty ones to come down, Oh Lord. Let the heathen be awakened and come up to the Valley of Jehoshaphat, for there will I sit to judge all the heathen round about."

Now we know that for years the Gentiles, or people on the continent of Europe, have been steadily and persistently preparing for war. They have been "waking up their mighty men." Lately, all the men of war (their armies) have been made to "come up" or join the colors. They have assembled in vast hosts all over Europe. Especially in Germany and Austria has this preparation for war been going on. And please note that while this preparation for war has been going on, that Britain (Israel), has been working for peace, or avoidance of war, doing all in her power to stop the armament going on in Europe.

This preparation by the Gentiles and the fighting in Europe is but the prelude to the yet greater contest to take place when those armies come up to the Valley of Jehoshaphat, where the true Armageddon will be fought. "The great day of the Lord is near. It is near and hasteth greatly, even the voice of the day of the Lord." The mighty man shall cry there bitterly. "That day is a day of wrath, and of trouble and distress; a day of wasteness and desolation; a day
