A RUPERT COMPANY

Colonel Warden, in his speech on Friday night, emphasised the great advantage of having a Prince Rupert company in the 102nd Battalion. There are at present one hundred and forty men in the local contingent and ninety more would bring it up to company strength. It would be a splendid thing if this stalwart battalion could boast of a district Prince Rupert unit, as the boys would enter the trenches together and be able to keep up a comradeship which would be stronger than if they were scattered throughout several companies.

In the last two contingents from here companies were split up and portions attached to various depleted battalions, but we are assured that this would not happen to a full Prince Rupert company in the 102nd Battalion. The chief reason for the breaking up of the previous companies was the lack of commanding officers, but, in Colonel Warden, this battalion possesses a commander who has seen active service in the present war and will lead his men at the front. Now then boys let us have that Prince Rupert company at full strength within the next ten days. It will be distinctive and will represent this city in the trenches and the citizens will follow the career of the battalion with increased interest and pride when it remembers that one company bears the name "Prince Rupert."

NOTES AND COMMENTS

It must have been the red hot election news of Saturday evening which put kinks in the Dominion government telegraph wires yesterday.

T. D. Pattullo, who put in great

work for M. A. Macdonald in the Vancouver election, has accepted an invitation to go over to Victoria to assist H. C. Brewster in performing the Tisdall operation on A. C. Flumerfelt.

Parker Williams had not a little to do with the result of the Vancouver by-election. He was right there with first hand information as to the little eccentricities of the Bowser bunch.

The five feet of snow which Victoria experienced lately will not be a patch on what Flumerfelt will encounter there next Saturday.

The popular recreation amongst the Liberals yesterday was picking out the members of the Brewster cabinet.

In revenge for what happened to his friends in Manitoba, "Bob" Rogers is out to try and wreck the Scott government in Saskatchewan. The Hon. Walter Scott is facing him four-square and inviting him to do his worst.

The Journal referred to the Vancouver landslide as something "unusual." After next Saturday, the Journal will see that it is now to be quite usual.

Local Conservatives are progressing towards convalescence again, but it is to be hoped that they are prepared for a still greater shock next Saturday. Funny, Bowser seems to favor Saturday for defeat. Of course it gives a nice quiet Sunday for partial recovery.

SILVER STANDARD WILL INSTALL 100-TON MILL

The Silver Standard Mining Co. is planning to install on their property a mill of 100 tons capacity. It is expected that within the next sixty days full details will be available. The company proposes to install it at the earliest possible moment.

Just now attention has been turned to discover a process to separate the zinc from the lead. When this has been worked out satisfactorily the chief troubles of the silver-lead miners will be at an end.

When the Silver Standard get their mill running it will be the most complete that science can devise and a pattern for other mines to follow. The Silver Standard will also be the first in the north to mine and treat anything but high grade shipping ore.—Omineca Herald.

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Olaf Hanson, of Prince Rupert, B. C., as the owner in fee-simple, under a Tax Sale Deed from the Collector of the City of Prince Rupert to Olaf Hanson, bearing date the 16th day of September, A. D. 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert in the Province of British Columbia, more particularly known and described as:—Lot ten (10), Block eighteen (18), Section six (6), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Olaf Hanson as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice.

"And in default of a caveat or certificate of his pendency being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the 'Municipal Clauses Act, 1906,' or section 293 of the 'Municipal Act,' or section 139 of the 'Assessment Act, 1903,' or section 253 of the 'Taxation Act,' in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Prince Rupert, Province of British Columbia, this 19th day of January, A. D. 1916.

H. F. MACLEOD, District Registrar.
To Paul M. Schubert, Lily Schubert.

NEW MINERAL BELT BEING DEVELOPED

A new mineral belt was discovered last year in the vicinity of White Sale and Emerald lakes, southwest of Ootsa lake. Benson, a Smithers man, has a large interest in there and also J. M. Lynch, and the probability is that considerable work will be done on the ground.

Up to the present access to the district has been by way of Houston, but to handle ore over that route is impossible. Last season a route was cruised over the district toward the coast and a very economical scheme for transportation which will land the ore at the head of Dean Channel, can be secured.

The Lead Mountain mineral claims consist of five groups and a total of 27 claims. The showings are numerous and strong, and the indications are that another important camp is to be built up in that district.

Assays from a number of samples gave values in gold, silver, lead and copper with total values from \$46 to \$175 a ton.

The White Sale lake property is zinc and more or less work has been done. Further development will be undertaken this year.—Omineca Herald.

CORPORATION OF THE CITY OF PRINCE RUPERT

INFECTIOUS DISEASES

Whenever any householder knows or suspects that any person within his family or household has any contagious or infectious disease, he shall within twenty-four hours give notice thereof to the Medical Health Officer. Refusal or neglect to do so renders said householder liable to penalties as provided by provincial and local health laws. By order, MEDICAL HEALTH OFFICER.

WATER NOTICE

TAKE NOTICE that R. B. McGinnis, whose address is Alice Arm, British Columbia, will apply for a licence to take and use fifteen second feet of water out of Trout Creek, which flows westerly and drains into Kitsault River, about 16 miles north of its outlet at Alice Arm, B. C. The water will be diverted from the stream at a point about 500 vertical feet above point of use, near its mouth, and will be used for power and mining purposes upon the land described as Wolf Group of Mining Claims. This notice was posted on the ground on the 26th day of October, 1915. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is November 9th, 1915.

R. B. MCGINNIS, Applicant.
By H. C. Ingle, Agent.

LAND REGISTRY ACT

IN THE MATTER OF An application for the issue of a fresh Certificate of Title to Lot Fifty (50), Block three (3), Section seven (7), City of Prince Rupert, Map 923.

Proof of the loss of the certificate of title to the above lands having been filed in this office, Notice is hereby given that it is my intention to issue, at the expiration of one (1) month from the first publication hereof, a fresh certificate of title to the above lot in the name of John R. Rodeoff, which Certificate of Title is dated 15th December, 1911, and is numbered 959-1.

H. F. MACLEOD, District Registrar.
