SIR THOMAS WHITE'S WAR BUDGET BECOMES CLEARER

(Continued from Page two.)

the lordly jest of Baron Shaughnessy who the other day utilized four thousand miles of new copper wire to inquire by long distance telephone of Vancouver whether the C. N. R. train stalled in the snow two weeks ago had arrived yet. An Irish trick of Baron Shaughnessy's but when these Olympians joke they joke. Of perhaps he was brooding over his chance to grab off another forty millions or so. At all events when Sir Thomas mentioned rail-ways and spoke of their paying, a sly smile overspread his countenance. The C. N. R. is not in the habit of giving money to the government—its practice is rather to take. The chances are not so bright this session for a subsidy or a credit guarantee and Sir William does not haunt the House of Commons as much as usual, but he is not without hope.

The opinion is generally expressed that the ultimate consumer will, as usual, do the paying. The corporations will find a way of passing the tax along. For example the transportation companies can recoup themselves by a horizontal increase in fares and freights. The banks have it in their power to increase their rates for loans or decrease their interest rate on deposits. The life insurance companies can charge more for life insurance and so on. There will, as Finance Minister White says, be readjustments, which freely translated, means that the big fellows will "pass the buck."—H. F. Gadsby.

There was quite an array of snow trenches along Third Ave. this morning.
