THE ISSUE

The local Tory organ describes Mr. Parker Williams and Mr. H. C. Brewster as the leaders of different wings of the Liberal party and twits the Socialist leader with being a convert to a type of Liberalism which can be put on or off at will. What the Tories and the Tory press either fail to see or are too arrogant to notice, is that it is not any particular type or variety of types of Liberalism, or any other 'ism' which has brought about the downfall of the so-called Conservative party in this province, but simply a uniting of honest men of all shades of opinion and political creed in an endeavor to oust forever that thing which has for years been masquerading in the garb of government in British Columbia.

In returning Mr. Macdonald and Mr. Brewster to the house with overwhelming majorities, the people of Vancouver and Victoria signified much more than the fact that opposition was wanted. They plainly intimated that they believed the charges made by the Liberal candidates and by Mr. Parker Williams to be true and that they were perfectly satisfied that the province had been misgoverned most shamefully by the McBride-Bowser administration. The majorities were so large that they emphatically sounded the political death-knell of the premier and his colleagues.

That Bowser is perfectly well aware of this is evidenced by the fact that he dare not name a successor to the defeated Minister of Finance and risk another by-election. He knows, and every Tory in the province knows, that no representative of Bowserism could be elected in a straight fight in any single

constituency in the province. Knowing this, they know that the province is sick—very sick—of anything that sounds like the name of Bowser, and that the people, when given an opportunity, will return a Liberal government with an overwhelming majority in the house. Bowser is governing British Columbia today under false pretences and without the mandate of the people, and every day he remains in power is simply adding to the majority against him.

When the people in the south voted for Mr. Macdonald and Mr. Brewster, they did not vote for or against prohibition; ship building; workmen's compensation; credits to farmers; the completion of the Pacific Great Eastern or any other measure. They voted on one clear issue and one only, and that issue was Bowser. They declared most emphatically for no more of Bowser and his methods and if that gentleman, who, in his position as attorney-general, has repeatedly defied the law of the land, still continues to defy the people, so much the worse for Mr. Bowser.

NOTES AND COMMENTS

Vancouver city was badly flooded last week during the sixty-hour rain. Prince Rupert sheds rain just like a duck's back sheds water.

The Germans are to make their final dash on the Verdun front within forty-eight hours. It comes about seventeen months too late to be of any real service to them.

The government is making frantic efforts to keep the lid on by countering the questions of the opposition with demands for a statement of the opposition's intentions.

Make Your Body

Tingle with life and energy for the day's work by eating foods that contain real nutriment—that do not use up all the vitality of the body in an effort to digest them. Shredded Wheat Biscuits supplies the greatest amount of body-building, energy-creating material with the least tax upon the digestive organs. It is a real whole wheat food, ready-cooked and ready-to-serve, containing the life of the wheat grain—nothing added, nothing taken away. Start the day right by eating Shredded Wheat with hot or cold milk. Serve it for luncheon with sliced bananas or other fruits.

Made in Canada.

While Brewster and Macdonald are calling upon Bowser to resign they are steadily pursuing their investigations. Of course it is not to be imagined for a moment that the government front-benchmen will give satisfactory answers. These gentlemen have had long enough practice to be able to answer any question without giving any information.

TRADES AND LABOR COUNCIL

(Continued from Page One.)

Rupert and the province generally. I have today discussed this matter with the superintendent of education, and he intends to secure a report from the School inspector at Prince Rupert with a view to seeing what may be done in the matter.

Yours very truly,

WILLIAM MANSON.

Education Office, Victoria, March 7, 1916.

Hon. Wm. Manson, president of the Executive Council, Victoria.

Sir:—I am in receipt of your letter of the 7th inst., and regret very much indeed to learn of the serious accident which befell the son of Mr. A. H. McPherson recently in the Prince Rupert school. I may say in connection with this accident that for some years past this department has endeavored in building schoolhouses to confine the rooms exclusively to the first floor, largely because I am of the opinion that the danger to the children arising from fire is much lessened when the buildings consist of one storey only. In a two-storey building there will always be danger of accidents happening if the boys will persist in riding the bannisters. Even when the principal of the school gives the most stringent orders against the practice venturesome lads will always be found willing to take the risks.

I think it advisable, however, that a careful investigation into all the matters connected with the fatal accident to young McPherson should be held by this department, and I am today forwarding to Inspector Lord at Prince Rupert the communication from Mr. Macdonald, together with the petition signed by Mr. McPherson and many other residents of Prince Rupert, and am instructing him to hold a
