The health officer suggests that that the burning of all refuse would tend to improve the health conditions of the city.

The Princess Maquinna, which arrives from the south on Friday, will make the trip to the new mining camp at Alice Arm.

The health officer's report for January and February showed 29 births and 4 deaths for the two months. In February there were 56 cases of measles.

The funeral of the late P. R. Jardine took place yesterday afternoon from the chapel of the B. C. Undertakers, Rev. H. R. Grant conducting the services.

The board of works and finance committee's recommendation that a sidewalk from Taylor Street to the Exhibition Building be constructed at a cost of \$150 was adopted at the council last night.

The city will put in a pole line to give light on Bacon Street, Ninth and Tenth Avenues. The cost of labor will be \$120. On the recommendation of Alderman Casey, it was decided to consider the putting in of a light on 11th between Frederick and Conrad.

A letter from the B. C. Manufacturers' Association, enclosing a resolution recommending the placing of a duty of 50 per cent. on all imports from Germany after the war, was read at the city council last night. It was filed.

LIGHT SUPERINTENDENT TENDERS RESIGNATION

Mr. T. C. Duncan, superintendent of the light and telephone department, has handed his resignation to the city council. In view of the fact that he had taken no holidays for three and a half years in which he had worked for the city, he asked that he be granted an allowance to cover, and also asked that the city give him a reference making special mention of the installation of the hydro-electric.

The mayor said that Mr. Duncan's resignation was received with regret, as he had proven himself thoroughly efficient.

Ald. Casey expressed regret that Mr. Duncan had resigned, and, in moving that the resignation be accepted, moved that a suitable recommendation be given him along with two months' pay in lieu of holidays. This was seconded by Ald. Smith.

Ald. Montgomery concurred in the first two parts of the motion, but added a rider that the question of pay in lieu of holidays be referred to the committee. This was seconded by Ald. Nelson, and carried.

MABEL AND CHARLIE AT WESTHOLME THEATRE

"The Diamond from the Sky" continues to thrill large audiences at the Westholme, while last night Charlie Chaplin and his old partner, Mabel, made the roof ring with laughter in "Mabel's Strange Predicament." There are also two good two-reel dramas in "The Duel in the Dark" and "The Girl and the Gangsters." The latter is a remarkable story of mistaken identity, the similarity between two skirts landing a poor girl in a lot of trouble. There are no end of thrills, as is to be expected in a tale of the doings of a gang of crooks. It is a real good show.

How Brown Learned How.

There is a man who makes shoes for children—and sells them to stores all over Canada But he is only just learning how people buy.

It was this way: His wife—let us call her Mrs. Brown—'phoned to him and asked him to buy some underwear for little Brown.

Picture Brown now among the throng of mothers at the "Children's Underwear" counter. He asks for Underwear for a child of six. He looks it over helplessly. What on earth does he know about Children's Underwear? For lack of anything better to say he asks: "Is this good quality?" The answer is short and quite conclusive: "It's Blank's"—naming a well-advertised line. That short word says everything. Brown pays his money and goes home, quite satisfied with his purchase.

Now what bothers Brown—a manufacturer of shoes, is this: How would it affect the purchase of a child's shoes if the salesman said "They're Brown's"?

Nobody knows Brown's shoes. Brown doesn't advertise.

The name Brown signifies nothing when used in connection with children's shoes. The salesman must use all his persuasive wiles to induce people to buy them.

The point is—If the name Brown was as synonymous with Children's Shoes as "Blank's" is with Underwear, wouldn't Brown sell more shoes with less effort?
