MAYOR MAKES GOOD

Mayor McCaffery and his council have now been in office for three months, and a quarterly stock-taking is not out of place. From the day he took office, Mr. McCaffery, with the loyal and able assistance of his new council, set to work to conduct the affairs of the city along the most economical lines possible, not with any idea of cutting down wages, but simply with a view to the handling of the finances of the city. These are hard times throughout the world and money is so fully occupied in providing war material that it is difficult to get it interested in municipal and other ordinary lines, therefore every line of expense had to be reduced to the minimum in order that the bond houses might realize that the city was willing to do its share in helping out the situation.

For the past few years the different councils have had to carry along on treasury certificates and the difficulties experienced last year in having these renewed for another term are fresh in the minds of all. In passing, it is only fair to state that the chief difficulties at that time were the result of restrictions put upon finances in the London market by the Imperial Treasury. Immediately upon taking office, Mayor McCaffery set to work on the plans for the changing of our sinking fund bond system into the serial form, the city treasurer and the city solicitor having spent months in preparing the ground. The necessary private bill was prepared and duly passed, while the members of the council spent many hours passing the necessary bylaws covering the change.

Yesterday, their efforts were crowned with success, when J. R. Easton, representing the firm of Spitzer, Rorick & Company of Toledo, Ohio, agreed to underwrite the whole of the issues, at prices which will give the city money at practically seven per cent. The Mayor, though he gives most of the credit to his council, has every reason to be proud of the result of his labors, for it was largely the result of his knowledge of financing which helped to carry affairs along smoothly and successfully. Mr. Johnson and Mr. Peters, who put in many months of hard work drawing up the various financial statements and bylaws, have also done a vast amount of work which will prove beneficial to the city for years to come. The general opinion in the city today must be that Mayor McCaffery has "made good."

NOTES AND COMMENTS

It is just a question whether the returned soldiers will care to take to farming and the probability is that they will dispose of their land grants just as they did after the South African war, the speculators stepping in and buying them up for an old song.

The government is now bringing in the Workmen's Compensation Act. This measure is a good many years late and would have been in force several years ago had not the Tories consigned two Liberal compensation bills to the waste-paper basket.

It was too bad that the wires were down yesterday, as everybody must have been anxious to know how Kaiser Bill is keeping.

A Crisp, Delicious "Snack" for luncheon or after-the-theatre, or any old time when the appetite craves "something different" is TRISCUIT, the Shredded Whole Wheat toast. Heat it in the oven to restore its crispness, then serve with butter, soft cheese or marmalades. As a toast for chafing dish cookery it is a rare delight. It is full of real nutriment.

in Vancouver passed a resolution endorsing Premier Bowser as leader of the party in this province. Well, some people will never take a lesson.

The Hilditch Block is a regular meal ticket for the bulk of the Tory executive. They should worry about hard times.

If part of the second flat of the Hilditch Block is worth \$341.33 per month, how much is the post office site worth as a swimming pond?

There is one blessing about the government rental situation in Prince Rupert. Had any of the executive been colonels the rents would probably have been fifty per cent higher, but even at that certain gentlemen would have regarded them as quite reasonable.

SIX-REEL CHAPLIN AT WESTHOLME THEATRE

"Tillie's Punctured Romance," a six-reel Chaplin comedy, is the chief feature in a ten-reel show at the Westholme tonight. Marie Dressler and Mabel Normand assist in the fun, which is fast and furious. There is a story running through the six reels, but you don't want to hear the details. It is sufficient to know that the one and only Charlie, with Tillie and Mabel keep things humming throughout the piece.

Besides this big feature there are two two-act dramas, and a one-act drama, which in themselves are worth seeing, and a one-act comedy. This is certainly the biggest thing in pictures which has ever been offered for 15 cents. There will be a matinee on Friday and Saturday.
