## PRINTERS' "PI."

SIR SAM says  
IF ALLISON received  
TEN per cent.  
HE was  
QUITE entitled  
TO THE commission.  
THERE were  
CONTRACTS placed  
BY THE shell committee  
AMOUNTING to \$300,000,000.  
TEN per cent  
ON THIS amount  
WOULD be  
\$30,000,000.  
SINCE it was  
ONLY British money  
IT was  
QUITE all right  
TO GIVE a tenth  
OF IT away  
TO KIND-HEARTED gentlemen  
LIKE the colonel.  
THE ESSENCE of  
THE COLONEL'S contract  
SEEMS to have been  
THE commission.  
THE PRODUCTION of fuses  
WAS A mere detail  
WHICH could  
TAKE CARE of itself.  
TO LET contracts

FOR fuses,  
OR ANY other  
WAR supply,  
DIRECT TO people  
WHO really make  
SUCH things  
IS EVIDENTLY considered  
AGAINST the rules.  
IT IS a game  
OF BLIND man's buff  
IN which  
YOU SEARCH for  
A MAN  
WHO WILL be  
PATRIOTIC enough  
TO search  
FOR ANOTHER man  
WHO WILL search  
FOR SOMEONE else  
WHO will  
GO ON searching  
UNTIL HE finds  
A MAN who will  
MAKE the fuses.  
EACH searcher  
IS rewarded  
ACCORDING to his ability  
TO ABSORB rewards  
AND WHAT is left  
GOES to pay  
FOR the fuses.

# Production and Thrift

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

**PRODUCE MORE, SAVE MORE.**  
**MAKE LABOUR EFFICIENT.**  
**SAVE MATERIALS FROM WASTE.**  
**SPEND MONEY WISELY.**

### LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

### LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

### LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

### LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
