RUSSIANS GET ROYAL WELCOME AT MARSEILLES

Bands Play National Anthem as Troops Disembark—Huns Prepare for Another Attack.

(Special to The Daily News.)

Paris, April 22.—Great celebrations marked the welcome to the Russian forces which arrived in Marseilles on Thursday. A French band played the Russian National Anthem as the troops disembarked, while the Russian bands played the "Marseillaise."

The Russian force is composed of picked soldiers, all of whom carry decorations earned in previous campaigns. A quarter million more Russians are expected to arrive on the western front this spring.

Still Hammering.

Presaging another general assault on the Verdun portion of the western front, the Germans are directing an unceasing artillery fire on the French lines between the Meuse and Vaux.

During the night the enemy penetrated the French advance trenches at Deadman's Hill, but were expelled by a counter attack.

The Germans were also repulsed in a liquid fire attack against Caurette wood. The Germans are withdrawing men from the Russian, Macedonian and Serbian fronts to carry on the attack against Verdun.

NEW RUSSIAN PORT READY FOR BUSINESS

New York, April 19.—A London cable to the Herald says:

"Shipping facilities into Russia will be increased during the coming season by the opening of the port of Soroka on the White Sea, and the port of Nikolaievsk at the mouth of the Amur River. The railroad from Petrograd to Soroka is now open for traffic, and as soon as the ice moves outward, vessels may steam past Archangel direct from Soroka and unload at the latter port.

"The new Soroka-Petrograd line is broad gauge throughout. It is made up of three sections—the first comprising the northern section, the main line of which runs each way from Petrograd 73 miles; the second section, comprising the Olonets private-owned line, which extends from Zvanka, on the northern main line, to Petrozavodsk, a distance of 173 miles, and the third section, made up of the recently-built road running north from Petrozavodsk to Soroka. This last stretch measures 237 miles.

"It is proposed this season to utilize the Archangel road wholly for government supplies and divert to Soroka all other shipments. In this way it is hoped to relieve speedily any congestion which may occur at either channel."

BERLIN VIEWS THE SITUATION AS GRAVE

(Courtesy Hotel Rupert.)

London, April 22.—Hungarian newspapers call for peace. They are afraid of German treachery in dealing with her allies.

The Kaiser continues his submarine campaign and is likely to reject the demands of the United States. Berlin views the situation as very grave.

SHAKESPEAREAN FESTIVAL WAS A SPLENDID SUCCESS

Ablly assisted by Principal and Mrs. Brady and Miss McLenaghan, the pupils of the High School presented selections from Shakespeare's plays in the Westholme Theatre on Thursday evening. The theatre was packed, and the work of the students must have been something of a revelation to nearly all in the audience. Several of the young folks displayed marked ability and all did well, their success being remarkable considering that they had little more than a month in which to make preparation. The performance reflected the greatest credit on teachers and pupils alike.

The program opened with a pianoforte solo by Charles Balagno and during the evening C. D. Jones contributed vocal solos and G. A. Woodland gave a flute solo and also a vocal selection. The accompaniments were played by Mrs. G. A. Woodland and W. V. Davies.

JOHN W. ALLISON PHILANTHROPIST IS INTERVIEWED

Denies that He Made Millions—Did all out of Friendship for Sir Sam—Will Answer All Questions.

(Special to The Daily News.)

Ottawa, April 22.—Colonel John Wesley Allison, in an interview given at Ogdensburg, N. Y., denied the suggestions that he had made millions in commissions in the purchasing of war supplies for the Dominion government and that he had made a secret division of his profits with Sir Sam Hughes.

Allison said that he is poorer now than when he began placing contracts and that he only served in the capacity of a middleman because of his friendship for Sir Sam Hughes, and was actuated by a spirit of patriotism. Colonel Allison says he will go before the public accounts committee and the Davidson or Meredith commissions and will answer all questions.

POINTLESS DRAW IN FOOTBALL GAME

The football game between the Callies and the rest of Prince Rupert yesterday afternoon, ended in a pointless draw. It was an easy-going game, in which none of the players seemed inclined to take matters very seriously. Both sets of forwards lost several splendid opportunities of scoring but there always seemed to be too many goal-keepers.

For the "rest" Charlie Youngman saved a penalty in good style, while in the second period he seemed to bring some magnetic influence to bear upon the ball and the Callies' forwards, as the sphere was invariably placed right into his hands. There was little attempt at combined play and the defence on both sides proved too strong for the forwards.

BANTAM BATTALION FILLING UP QUICKLY

The 143rd Battalion, the B. C. Bantams, has now two complete companies and a third is well on the way. Lieut.-Col. A. Bruce Powley, the commanding officer, has seen service in the present war and feels satisfied that the "midget" battalion will give a good account of itself at the front.

The bantam badge, consisting of a bantam rooster, with a maple leaf background and bearing the words "Multum in Parvo," the motto of the battalion, is now ready and has met with the approval of both officers and men. The translation of the motto is "Much in little" and aptly describes the qualities of this smart battalion. All who want to proceed to the front should see Lieut. Greenhill at the recruiting offices on Second Avenue at once. Pay starts as soon as recruits are sworn in.

LIBERALS ASK FOR PROBE INTO IMPERSONATION

Warrant issued for the Arrest of Peter Annance who Offered Bribe to Men to Impersonate Absent Voters.

(Special to The Daily News.)

Vancouver, April 22.—On information laid by the Liberal candidates in Vancouver, a warrant has been issued for the arrest of Peter Annance, on a charge of attempting to procure impersonation in the recent by-election in Vancouver.

Annance had offered scores of Liberals ten dollars each to cast votes for men who were listed as absent voters. The information lodged follows an investigation made by the Liberals, who request that the authorities probe into matters to find out who was responsible for the alleged irregularities.

AMERICAN PARALLEL TO THE APPAM CASE

In commenting upon the silence which is being observed with regard to the disposal of the Appam an exchange cites as a parallel case that of the Chesapeake, an American steamer plying between New York and Portland half a century ago. On a trip between these ports in 1863, several persons who had shipped as passengers and claimed to be officers and men of the Confederacy, overpowered the captain and crew, seized the vessel by force of arms and brought her to Nova Scotia.

While in Sambro Harbor an American man-of-war approached; the Confederates fled to the shore, menaced with firearms those who sought to detain them, and escaped to New Brunswick, where they were subsequently captured.

The United States surrendered the ship to the British authorities and the vessel and cargo were brought into the Admiralty Court at Halifax for adjudication. The United States warship had clearly violated the neutrality of Britain in entering British waters and the legality of the act was not seriously maintained by the North.

Here was a direct parallel to the Appam case, except that the South did not put forward a
