CASEMENT'S FAILURE DISAPPOINTS BERLIN

TERRIFIC BOMBARDMENT ON VERDUN FRONT -- RUSSIANS REINFORCE FRENCH

BERLIN PRESS DISAPPOINTED OVER FAILURE

British Troops Have Irish Revolt Well in Hand—Ireland Under Martial Law—Hoped to Influence States.

(Special to The Daily News.)
London, April 27.—The British regulars from Belfast and from England have recaptured the Dublin centres held by the Sinn Feiners. All government and financial institutions are now guarded by troops. The search for suspects is proceeding. The guns of the warships in Dublin Bay are trained on the city while machine guns have been mounted on the roofs of buildings. A general disarming of the rebels is proceeding. Martial law is in force throughout Ireland.

Berlin Disappointed.
The Berlin press today expresses disappointment over the failure of the Casement expedition. Casement claimed that there were a hundred thousand Irishmen ready to revolt and that the revolution would affect feeling towards Britain in America, where a large number of Irish-Americans would favor the movement.

THE SECOND ISSUE OF "THE BRAZIER" ARRIVES

The Daily News has received from P. F. Godenrath a copy of the second issue of The Brazier, the journal of the 16th Battalion, Canadian Scottish. It is a live little sheet and carries a very fine picture of Lieut.-Col. J. E. Leckie, D. S. O., on the front page. There is a page devoted to poetry which is more forceful than poetic, but all of it breathes the spirit which fills our soldiers. One piece is honestly entitled "Doggerel." There are many good stories and several clever drawings, one of which represents a Tommy and a German having an argument from trenches which are only a few yards apart. Tommy (during German digging operations) says "Say, Fritz, if you don't quit throwing your blooming earth over into our trench, there's going to be trouble." The Brazier is bright, breezy and interesting.

RUSSIANS ARE WITH FRENCH ON VERDUN FRONT

Most Terrible Bombardment Since the Verdun Struggle Began—May be Crown Prince's Birthday Celebration.

(Special to The Daily News.)
Paris, April 27.—The most terrific bombardment since the beginning of the fighting around Verdun is concentrated today against the French positions at Avoncourt and Cote Du Poivre, the key positions of the French defence.

General Petain's army has been reinforced by the Russians who arrived recently at Marseilles and determined German infantry attacks are prepared for. The attack is believed to coincide with the birthday of the German Crown Prince which is on May 6th. A small attack north of Fort Vaux was repulsed.

Prussian Casualties.
The Prussian casualty lists just published show a total of 2,518,254, exclusive of Saxons, Bavarians, Wurtembergers and the men lost in colonial warfare.
Zeppelins Driven Off.
Four Zeppelins raided Kent and Essex last night. They were forced to fly high by anti-aircraft gun fire. They dropped a hundred bombs through the mist which was hanging over the coast. There were no casualties and little damage was done.

EIGHTY MILLIONS IN WAR CONTRACTS

Ottawa, April 19.—Since the placing some weeks ago of the \$75,000,000 credit by Canada at the disposal of the British Minister of Munitions, orders have been placed by the Imperial Munitions Board for \$80,000,000 worth of munitions. The orders now placed will keep most of the munitions factories busy until well into the summer. Further large orders are expected from Great Britain early in June.

BIG NEW SERIAL AT WESTHOLME THEATRE

"Graft," the thrilling series of pictures which opened at the Westholme last night, promises to be one of the most interesting ever seen here. It is a story of the struggles of a district attorney to lay bare the schemes of a huge wealthy syndicate which controls every line of industry and has welded the whole together to the detriment of the public. This series of pictures will do much to make for cleaner handling of public business.

"Colorado," the five act western drama which completes the program, is a very fine mining drama with, of course, a love tale running throughout. This play is full of dramatic situations and exciting incident.

TRADES AND LABOR COUNCIL MEETING

The Trades and Labor Council held its regular meeting last night in the Carpenters' Hall, when there was a large attendance of members. The laundry workers propose to approach the laundry owners with a view to getting better terms and improved working conditions. The council decided to assist the workers in every way possible to secure what they want. It was also decided that everything possible be done to have the work done by white labor.

C. P. Noyes, grand chairman of the maintenance employees of the G. T. P. delivered a speech in which he dealt with the work of his organization during the past year. There were several interesting discussions in regard to labor matters.

BLANCHE RING AT THE MAJESTIC THEATRE

"The Yankee Girl," the five-act Paramount production at the Majestic tonight, is one of the brightest photoplays filmed by this famous company. Blanche Ring, as the daughter of a mining magnate who is striving to obtain an option on a big copper mine while a gang of crooks try to frustrate him, is great. Of course the young lady performs wonders in the way of outwitting the sharks and all ends happily. There is a ripple of fun all the time which makes this play very entertaining.

There is an *Belair Gazette* showing very fine military views, including one of Sir John French decorating soldiers for heroic deeds.

J. H. McMillan, the newly appointed mining inspector for this district, arrived from the south this morning, accompanied by Mrs. McMillan. They formerly resided in Cumberland, B. C.

Mr. Cook, the druggist at Granby, passed through on his way north this morning, accompanied by Mrs. Cook and child.

CASEMENT LEFT TO HIS FATE BY GERMAN SEAMEN

Crew Scuttled Ship When Held up by British Patrol—Twenty Thousand Rifles and Machine Guns.

(Special to The Daily News.)
London, April 27.—The Casement expedition was stopped by a British patrol off the west coast of Ireland, which ordered the supposed Dutch trader to proceed to Queenstown harbor.

When the patrol appeared, the crew of twenty on board of the disguised German auxiliary cruiser hoisted the German flag and scuttled the vessel.

Sir Roger Casement was placed in a collapsible boat and left to his fate. The patrol vessel rescued all the Germans and took Casement prisoner. The men were all picked German naval men. The submarine, which accompanied the expedition, made its escape by diving.

The cruiser carried as cargo twenty thousand rifles, machine guns and ammunition.
