

HE STRUCK IT RIGHT AT LAST

After Suffering Almost Two Years, "Fruit-a-tives" Brought Relief.

MR. WHITMAN
1674 Esplanade Avenue, Montreal.
"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years. I was in constant misery from my stomach and my weight dropped down from 225 pounds to 160 pounds. Several of my friends advised me to try 'Fruit-a-tives' and I did so. That was eight months ago. I began to improve almost with the first dose. No other medicine I ever used acted so pleasantly and quickly as 'Fruit-a-tives', and by using it I recovered from the distressing Stomach Trouble, and all pain and Constipation and misery were cured. I completely recovered by the use of 'Fruit-a-tives' and now I weigh 208 pounds. I cannot praise 'Fruit-a-tives' enough".

LORDSHIP OF THE BALTIC IS THE ISSUE

(Continued from Page two.)
and naval control of Norway and its dependency, Iceland; the building of a colossal fleet of Dreadnoughts, airships and submarines and then (on the Napoleon model) the renewal of the war with Great Britain in circumstances which would give the latter no hope whatsoever of successful resistance.
It is impossible to exaggerate the importance to Great Britain of the maintenance of the integrity and independence of Denmark and Norway. Russia's interest in the continuance of the friendly Danish control of the inlets and outlets of the Baltic is hardly less supreme. "Russia has entered upon this struggle against Germany," says Mr. A. J. Toynbee in his suggestive book "Nationality and the War," "to realize an object vital to her national existence, the liberation of the Baltic Sea from German control."

Thus to Russia and Great Britain alike the thorough defeat of Germany and the destruction of her naval ascendancy in the Baltic are essential. If these necessary preliminaries are achieved it will then be possible for the Entente Powers to establish an enduring settlement of the North. They will probably strengthen Denmark by restoring to her the Duchy of Schleswig, with its large Danish population; they will confirm Denmark in control of the Sounds and the Belts, and will place under her military care the Baltic end of the neutralised Kiel Canal; they will guarantee her independence, and will give her such financial aid as will enable her effectively to fulfill her international functions as guardian of the gates of the Baltic.—F. J. C. Hearnshaw in The Nineteenth Century.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!
