

## SHARP ATTACK REPULSED

Dangerous Condition Relieved Just In Time By "Fruit-a-tives"

MR. F. J. CAVEEN

632 Gerrard St. East, Toronto.  
For two years, I was a victim of *Acute Indigestion and Gas In The Stomach*. It afterwards attacked my heart, and I had pains all over the body, so I could hardly move around. I tried all kinds of medicines but none of them did me any good. At last, acting on the advice of a friend, I decided to try 'Fruit-a-tives'. I bought the first box last June, and now I am well, after using only three boxes. I recommend 'Fruit-a-tives' to anyone suffering from indigestion, no matter how acute.

FRED J. CAVEEN.  
Simple indigestion often leads to *Heart Attacks, Calarrh of the Stomach and constant distress of mind and body*. If you are bothered with any Stomach Trouble, and especially if Constipation troubles you, take 'Fruit-a-tives'.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

## ITALIANS ARE USING FUEL MADE OF PAPER

The problem of supplying the soldiers of Italy with fuel while they are battling up in the mountains wholly bare of wood is being met by patriotic girls and boys at home. Which shows, too, that the ingenuity of the Germans in solving acute domestic and military problems is matched, at least in this instance, in Italy. The new fuel, in the preparation of which thousands of children are concerned, is called "coal paper," though "paper coal" would do as well.

You know that paper can be compressed to such a solidity that car wheels have been made from it. Such a consistency of material should burn like coal, and, though information is lacking as to the specific quality of the emergency "coal," the compression is sufficient to render it excellent slow-burning fuel.

In all the big cities of Italy there have been organized bands of boys and girls who go round and collect all the papers they can find. These are brought to establishments where other boys and girls, under the direction of women teachers, turn these papers into solid rolls and sections, afterwards cut into chunks.

These are packed into individual bags and distributed among the soldiers in the bleak mountains. In case a soldier desires to have a little hot soup or coffee he takes out three or four pieces of "coal paper," and his hot meal is soon ready.—Ex.

2,000,000  
Belgians  
Depend on us  
for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

## Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

# Production and Thrift

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.  
MAKE LABOUR EFFICIENT.  
SAVE MATERIALS FROM WASTE.  
SPEND MONEY WISELY.

#### LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

#### LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

#### LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

#### LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
