

SERVICE THROUGH THE WHOLE YEAR

DUNLOP TREAD

And a service you are proud to tell your friends about. Notice the number of Traction "spares" that are not in envelopes on the car, but out in the open wearing the "V" smile that won't come off. Pride in possession accounts for this—the desire to have the car look its best.

FISH-HANDLERS' STRIKE

There was a miniature strike along the waterfront yesterday, when the men who handle fish asked for 60 cents an hour for Sundays and for night work, this being the union rate for long-shoremen. There was not much fish to handle, there being but two schooners in with about 20,000 pounds, so some of the fish buyers jumped in and packed and loaded the fish themselves.

THE CARE OF A PIANO

If an artist or cultivated musical amateur has a piano he will naturally keep it or have it kept in good tune.

This applies with even greater force to the person who is beginning to form a taste for music. There is no more serious mistake than to imagine that any piano is good enough to practice on.

Have G. C. Walker, piano tuner, attend to its needs by the year—all work guaranteed.

In the Highest Degree Profitable

Some men figure that as the mercury climbs up sales will fall down. And figuring that way, fate is kind and does not disappoint them.

So there has grown up a commercial superstition that Summer is a dull season.

No greater fallacy has ever gone so long unchallenged.

Summer is a dull season for many lines—but there is no fundamental reason why it should be.

For instance, take a typical case—that of the Canadian wallpaper manufacturers.

They wished to secure their placing orders from the retailers before the early Fall—when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months.

Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, 1100, 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
