THE CARE OF A PIANO

If an artist or cultivated musical amateur has a piano he will naturally keep it or have it kept in good tune. This applies with even greater force to the person who is beginning to form a taste for music. There is no more serious mistake than to imagine that any piano is good enough to practice on.

Have G. C. Walker, piano tuner, attend to its needs by the year—all work guaranteed.

A Crisp, Delicious "Snack" for luncheon or after-the-theatre, or any old time when the appetite craves "something different" is TRISCUIT, the Shredded Whole Wheat toast. Heat it in the oven to restore its crispness, then serve with butter, soft cheese or marmalades. As a toast for chafing dish cookery it is a rare delight. It is full of real nutriment.

Back up and get a fresh start!

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a word or two for what ails their smokeappetites! Forget you ever tried to smoke, for Prince Albert is so different, has such a fine flavor, and is so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

This little talk is also for men who think they're on the right track. All to be said is that the sooner you lay out the price for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue! If your dealer cannot supply it, ask him to secure Prince Albert through his wholesaler. Get the idea of smoking all you want without a comeback—that's P. A.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made three men smoke pipes where one smoked before!
