GOOD NEWS

From yesterday's despatches it would appear that something in the nature of a general offensive has begun. The Italians seem to have quite recovered from the recent setback and must now have an ample supply of big guns and ammunition, as they have carried out a successful attack along a fifteen-mile front.

On the western front, the British seem to have started a general artillery attack which will naturally be the prelude to an infantry rush on the German positions. It is no secret that the munitions factories in Britain have been working day and night to produce record quantities of munitions for the big advance, and the time set for the great attack was "when Britain has a preponderance of heavy guns and munitions over the Germans."

The Russians continue to hold the situation on the eastern front and it seems as if Lemberg were already within the grasp of the bear. With the southern passes through the Carpathians in the control of the Russians there will be a wild rush for the Dukla Pass when Lemberg is surrounded.

There is no news from the northern portion of the Russian front, and, in this case, no news is good news as it means that the Germans have been unable to spare enough rein-

forcements from the other fronts to start anything in the way of a counter to the big Russian offensive to the south. Germany has still a big advantage in being on the inside of the circle and able to rush troops from one front to the other, but things are getting so tightly drawn in the west that it should be impossible for the Kaiser to release any troops from that quarter even for a single day, as the Allied air fleets must be watching every move.

NOTES AND COMMENTS

"Teddy" has evidently come to the conclusion that the only thing necessary is to defeat Wilson and it is greatly to his credit that he will sink personal inclinations and fall in behind Hughes. A union of the Progressives and Republicans should pretty nearly make it a certainty for Hughes.

Hughes of Australia seems to be more businesslike than the Canadian gentleman of the same name. The Australian gentleman does things himself instead of leaving the country to the tender mercies of a million dollar colonel.

Evidently the Kaiser does not want the Greek people to know just how they are situated in Berlin. Letters from hungry Germans are not to be allowed to reach Greece.

"Life" is very severe upon President Wilson. A recent issue shows a workman white-washing a wall. A passer-by gets a share of the white-wash and remonstrates with the artist, who replies, "Oh, go on, send me a note."

The President of China evidently thinks that Japanese money is no good. Perhaps the money

HUNDRED DOLLARS TO THE SWIMMING ASSOCIATION

Dr. W. T. Kergin, E. H. Mortimer and Joe Scott, Jr., as a deputation from Prince Rupert Swimming Association, waited upon the city council Monday evening to ask for financial aid.

Dr. Kergin explained that the association was started last summer and a float was built by the members at the Salt Lakes. The winter storms washed it away and, though the material could be recovered, it would have to be rebuilt. It was also necessary that dressing rooms be put up for ladies and children, while later on it would be advisable to construct a small pond for children, with a railing to keep them from getting out of depth.

is all right but Mr. Li Yuan Hung probably did not like the look of the strings which were hovering in the background.

work to be done than the funds would allow.

Joe Scott pointed out that the trail in to the lake also required attention.

E. H. Mortimer said that on one afternoon last summer he counted forty-two boats over there and stated that as many as 400 people visited the lake on that one afternoon. He assured the council that if they saw their way to help, the members would supply the manual labor.

Ald. McRae asked if they had any idea of the sum required. Dr. Kergin said that they would need from \$100 to \$200.

Ald. Dybhavn moved that the matter be referred to the finance committee.

Joe Scott reminded the council that the good weather was on now and that it would be much better to settle the matter at once.

Ald. D. C. McRae, seconded by Ald. Smith, moved that \$100 be granted. This carried unanimously.

IN THE LETTER BOX

Editor, Daily News,

Dear Sir:—In your last issue I notice that Ald. McRae claims an understanding that last year's firemen's uniforms were made by a Chinaman. As I furnished the uniforms, I can most emphatically assert that every stitch in the seven uniforms was done by myself. I may also say that all the firemen's uniforms contracted for by the city have been made in this city and by white tailors.

Yours truly, M. WEINSTEIN.

MAJESTIC THEATRE WILL RE-OPEN TONIGHT

The Majestic Theatre re-opens tonight, when a good seven-reel show will be presented. The leading item is a Mutual western drama, "A Man and His Mate." There is also a Mutual Weekly and two good comedies.

It will look like old times to see Ed Stilwell and his drums and it will sound like old times, too. William Balagno is some violinist and the combination of the Balagno brothers and Mr. Stilwell should prove one of the finest things in music Prince Rupert has ever had. Mr. Stilwell is arranging for big special picture features for the future.
