THE P. G. E.

The Victoria Colonist, in an attack upon H. C. Brewster, seeks to show that the Liberal leader is attempting to hold up the construction of the P. G. E. for purely party purposes. The Colonist ignores altogether the important fact that what Mr. Brewster is trying to do is to obtain an accurate accounting of the monies which) have been voted to the P. G. E. and also wishes to impress! upon the public that Premier Bowser has handed over millions of dollars to this railroad company absolutely illegally. The Colonist defends the handing over of the money, on the plea that it was necessary for the completion of the road, but it ignores entirely the question of finding out just what has become of the money already spent.

but Bowser is alone to blame for the present state of affairs and he will pay the price when counted. British Columbia has E, is just one little instance. The day of reckoning is drawing near, when there will be a real investigation and not a sham enquiry by a committee composed largely of Tory politicians. If Bowser meantime prefers to ignore the Brewster writ, he is simply intimating that he prefers to postpone the evil day.
