DIPLOMAS PRESENTED TO GRADUATE NURSES

Last evening, in the old St. Andrew's Hall, on Second Avenue, the graduation ceremony in connection with the nursing class of the local hospital was held. The three nurses, Misses E. Carlson, J. McKay and K. Raper, who have passed their final examinations, were granted their diplomas.

George W. Morrow, president of the hospital board, presided, and, in making the presentation of the diplomas, referred to the work which is being done by the local institution. He congratulated the matron, Miss Carmichael, and the nurses for the manner in which they performed their duties. He remarked upon the perfect harmony prevailing between the board and the medical men of the city, and dwelt upon the splendid financial assistance accorded the hospital by the city and provincial governments.

Miss Carmichael, matron of the hospital, pinned on the nurses' badges which the hospital board presented to the successful candidates.

Mayor McCaffery addressed the nurses, dwelling upon the splendid work which is done by the institution and the nobility of the nursing profession.

Dr. Kergin, on behalf of the medical examiners, impressed upon the graduates the importance of the duties they had to perform. While they had graduated, their training had not ceased. They would go on receiving instruction for all time. Five or ten years hence, if they followed the profession, they would be still better trained than now.

Rev. H. R. Grant offered up a prayer at the opening of the ceremony and short addresses were delivered by Rev. J. F. Dimmick and Canon Rix. Rev. Father McGraw was unavoidably absent.

After the graduation ceremony, the nurses gave a most enjoyable little dance.

RETAIL CLERKS AND SATURDAY HOLIDAY

The Retail Clerks held a meeting last night in the Carpenters' Hall to discuss the half-holiday question. The members of the Merchants' Association and the Trades and Labor Council were invited to attend and many were present. George Kerr occupied the chair.

S. D. Macdonald, president of the Trades Council, went fully into the question. He said that it did not affect the Trades and Labor Council further than that they wished to assist the Retail Clerks in the choosing of a day which would be agreeable to all concerned. The council did not threaten anyone and he denied that there had been any suggestion of boycotting.

D. W. Morrissey, as a member of the Merchants' Association, then addressed the meeting. He felt that there were two sides to the question. He favored Wednesday closing simply because the vast majority of his customers favored it. He respected the opinions of others and did not wish to be arbitrary, but he felt that he had the right to choose for himself and his customers.

Max Heilbronner explained that his reason for favoring Saturday was that he had a tourist trade in curios and the C. P. R. boats arrive from the north on Saturday afternoon. If he were to close he would lose a lot of trade.

Arthur Spurr said that he had closed last Wednesday but he was willing to close Saturday if all the stores closed on that day. He handled large quantities of soft fruits and he felt that on that account he should be allowed to remain open.

D. W. Morrissey suggested that a plebiscite be taken. Several others spoke, all being in favor of Saturday closing and the general trend of the meeting was strongly in favor of Saturday.

"HUMAN HEARTS" AT THE MAJESTIC TONIGHT

"Human Hearts," the big feature at the Majestic tonight, is a story dealing with prison life. The famous movie actor, King Baggot plays the leading part in this great film. "Human Hearts" is one of the most widely discussed movie features and has at times been heavily censored but is now being produced complete.

"The Man on the Chair," is a good two-act drama, with Hobart Henley in the lead and "Sin of the Sabbath," is a two-act comedy. With bright music and first-rate pictures, the Majestic is deservedly popular.

AUSTRIANS ARE COLLAPSING ON EASTERN FRONT

Many Thousands of Prisoners Taken by Brusiloff's Army—Russians Making for Lemberg.

(Special to The Daily News.)

Petrograd, July 7.—Two hundred and thirty-five thousand prisoners; a thousand guns, and immense quantities of munitions and transports have been captured during the last month in the great advance under General Brusiloff. The Teutonic losses on this front are estimated at half a million.

Yesterday, our forces captured five thousand Austrians and there are indications that the Austrian defence between Buczacz and Stanislaw, in the region lying between Czernowitz and Lemberg, has completely collapsed. If this is so it will greatly affect Von Bethmer's army which is trying to retreat northwards from Delatyn, where the Russians have cut off their chief supply base by the seizure of the railroad.

No Holidays.

London, July 7.—The munition workers have been denied summer holidays, owing to the urgent necessity of keeping up the enormous output of shells for the big offensive on the western front.

German Naval Losses.

Sir John Jellicoe estimates that twenty-one German ships were lost in the big naval battle off Jutland last month.
