SIDNEY DREW AT THE WESTHOLME THEATRE

"The White Mack," a great three-act Lubin feature is the big item at the Westholme tonight. Lillie Leslie and Joseph Smiley take the leading parts and it is a drama worth seeing. There is also a great two-act drama, entitled "Love's Sacrifice," and "A Perilous Chance," another of the railroad adventures of Helen Holmes.

One of the best things in the bill is a Drew comedy, "Their Agreement." Mr. and Mrs. Sidney Drew are always welcome in Prince Rupert, where their splendid work is greatly enjoyed. This is one of the best examples of their art.

SPLENDID SHOW AT MAJESTIC THEATRE

"Misjudged," the great three-act drama at the Majestic last night, proved a strong drawing card and Herbert Rawlinson scored a big success. In "Live Wires and Love Sparks," Billie Ritchie goes through the most amazing "Chaplin" stunts and would keep any audience in an uproar of laughter. In the great animal feature, in which Trainer Burgeois puts the wild animals through a daring performance, is one of the finest things ever screened. The scenes are laid at "Universal City," the wonder city of the world. This is a show not to be missed.

FREEZING LIVE FISH IS LATEST SCHEME

The feat of freezing live fish and reviving them several weeks or months later has been achieved by the Swiss scientist, M. Pictet. The scientist put twenty-eight live fish in a box that contained water rich in oxygen, in which several pieces of ice floated. The temperature of the water was then reduced slowly until it froze. At the end of about two months the cake was gradually thawed, and the fish, it is said, were found alive.

In such an experiment, the scientist reports, it is essential that the water be gradually frozen and that it shall have contained pieces of ice for from fifteen to eighteen hours before the whole mass is frozen. The process of thawing must also be slow.

Through this process it is believed that Siberian sturgeon and Alaska salmon can be exported alive to distant markets.—Ex.
