

H.S. CLEMENTS AND HALIBUT FISHING

Winnipeg Office, 704 Merchants Bank Building.
Dear Editor:—Re Mr. Clement's statement that "no change is possible in the Department's ruling on fish shipments to Seattle via boat from Prince Rupert, that have been landed from an American fishing boat." In this connection permit me to point out that American fishing boats landing there catch at Nova Scotia are permitted to ship them by boat to Boston. While they work under what is known as the "modus Vivendi" instead of an "Order in Council" the principal is the same, therefore, there can not be any reasonable excuse for the stand taken by the Department. If this matter is of importance to the residents of Prince Rupert, they should not let it rest until it has been put squarely up to the Minister.

Yours truly,
G. W. NICKERSON.

GOOD FELLOWS' DANCE

The Good Fellows' dance in the Auditorium on Thursday evening will be of the "Hard Times" variety and promises to be one of the jolliest ever held. It is expected that about 200 will be present. Admission will be by ticket only and the numbers of the tickets will be taken at the door. During supper the tickets will be collected. The Good Fellows Club intends to organize picnics, etc., and this dance is to provide the initial fund of the club.

STRONG REPRESENTATIVES REQUIRED FROM THE NORTH

(Continued from Page two.)

who understand the needs of the north and are not afraid to state them. I am well aware of the fact that the north has been neglected in the past, as a result of jelly-fish representation, and you must see to it that you send down MEN! (Cheers).

Mr. Brewster went on to deal with F. W. Welsh, showing how he committed perjury in the Macdonald enquiry by swearing that he did not know that the "plug-gers" were housed above his store, while his landlord swore that he had informed him that morning of the fact. This was the type of man who had been sent over to England to "take care of" the soldiers' votes. The same man had collected money for the machine from contractors, telling them to add the amount to their invoices. "Mr. Welsh is a fit and proper representative for the Bowser government," said Mr. Brewster. In conclusion, he called upon the people of the north to make certain that the three Liberal candidates were returned.

F. H. Mobley, Liberal candidate for Atlin, said that politics had been the curse of this province and called for greater unity and co-operation in the affairs of the country. A few weeks of politics before an election was sufficient, after that everybody should get together for the benefit of the whole community.

W. P. Lynch gave a rousing speech on the P. G. E. situation and D. W. Morrissey brought up several important points which were dealt with in reply by Mr. Brewster.

The meeting closed with three ringing cheers for H. C. Brewster, M. A. Macdonald and T. D. Pattullo.

MORTE CRAIG'S ART

Morte Craig has produced much beautiful work and one of the finest examples of his art is a drawing, produced for Dominion Day, of an Anglo-Saxon mother calling upon our men to "Shackle this Prussian monster and hurry him back to Hell." Mr. Craig has had photographs made of this splendid drawing and is issuing them as postcards.

AID TO PRISONERS

Mrs. R. L. McIntosh and Mrs. J. M. Clancy will have charge of the sale of home cooking on Friday in aid of the prisoners of war. The Red Cross Society is making a special appeal for aid to prisoners because of the shortage of food in Germany. Much more home cooking could be sold than is being provided and ladies are requested to make a special effort on Friday.

KEENA LAND DISTRICT—DISTRICT OF COAST, RANGE 4.

TAKE NOTICE that Frederick Bradshaw, of Tonopah, Nevada, occupation mine manager, intends to apply for permission to purchase the following described lands: commencing at a post planted about 200 feet easterly from the northwest corner of Lot 40, Range 4, Coast District; thence north 20 chains; thence west 20 chains; thence south 20 chains more or less to the shore of Surf Inlet, thence following the shore line to the place of commencement, containing forty acres more or less.
February 18, 1916.
FREDERICK BRADSHAW.

"BARNEY" JOHNSON BEAT DEUTSCHLAND RECORD

All the excitement over the feat of the German submarine Deutschland in crossing the Atlantic to Baltimore, as evidenced in the American papers, creates amusement in Vancouver shipping circles, as the statements that such a voyage creates a record and so forth comes over the wire. Over a year ago Capt. B. L. Johnson, a Liverpool boy, who has spent most of his life on the British Columbia coast, left a certain Canadian port in command of a much smaller submarine than the Deutschland. There were also other submarines in the same squadron, and they made their port of arrival in thirteen days, and could have done it in eleven days if certain conditions had been favorable.

"Barney" Johnson was recently featured in the British papers as the result of his extraordinary feat in bringing home the submarine he took from Canada to a British base after striking a mine off the German coast when submerged at a depth of sixty feet. So the Deutschland stunt is about a year behind.—Province.

LAKELSE HOTSPRINGS

There is a little Prince Rupert at Lakelse Hot Springs this summer and all the visitors are delighted with this healthful spot as a holiday resort. The mineral baths are of the finest on the continent, while the fishing both in lake and stream is unequalled even in this fisherman's paradise. There are lots of opportunities for fresh water bathing and boating and Mr. Johnson does his utmost in providing a good time for the holiday makers. Some day in the near future Lakelse Hot Springs will be much more widely known than they are at present.

2,000,000
Belgians
Depend on us
for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
