After Taking Only One Box Of "Fruit-a-tives"

EAST SHIP HARBOUR, N. S.
"It is with great pleasure that I write to tell you of the wonderful benefits I have received from taking 'Fruit-a-tives'. For years, I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried 'Fruit-a-tives' and the effect was splendid. After taking one box, I feel like a new person, to have relief from those sickening Headaches".

MR. RALPH SMITH NOT POSING AS INDEPENDENT

Mr. Ralph Smith, one of the Liberal candidates for Vancouver, emphatically denies the statements attributed to him in an evening contemporary, in which it was stated that there was a general lack of harmony between him and the other leaders of the party in Vancouver.

"I wish to make clear," said he, "that this article in the junior Conservative organ does not express my personal views, nor was I ever consulted about my standing with any of the other well-known Liberals mentioned. I have expressed my own personal views on certain questions in connection with provincial affairs, but beyond that I have no difference or dispute with any other Liberal either on or outside the party ticket. And I am going to try and make my position perfectly clear on that point at a meeting of the Ward VI Liberal Association in Fairview on Tuesday evening."

"Personally, it appears to me that the government party organs will be used for all they are worth from now on until nomination day—and after—in printing articles designed to create an impression on such of the electorate which they think can be influenced by misleading articles, that dissension is rife in the Liberal ranks and that there is a probability of an independent ticket being named. Such wild guesses and mis-statements as were contained in the article in question last Saturday carry their own answer.—Vancouver World.

NEW YORK TOURISTS CHARMED WITH NORTH

Miss Pearson, of New York City, arrived from the east Tuesday night in charge of a party of twelve tourists bound for the Yukon. The party includes Mr. and Mrs. Chalmers Coleman, New York; Mr. and Mrs. Francis Adrinco, New York; Mrs. Appold and Mrs. Kerr, Baltimore; Miss Beamen and Miss Banghart, New York; Mrs. and Miss Waltron and Mrs. Firthian, England.

They spent several days in the mountains and had a most enjoyable time, particularly at Jasper Park, where they were greatly impressed by the grandeur of the scenery.

Miss Pearson, who has made several trips through the north, intends to open a bureau of information for travellers and mining men in the Biltmore Hotel, New York City, and is anxious that it should contain ore specimens; samples of timber; furs, etc., from northern B. C. and Alaska. Miss Pearson is greatly impressed with this north country and sees a great opportunity to interest New York capitalists and tourists in the resources of this district. She will meet the board of trade on her return south and will try to make arrangements for an exhibit and also for a small subscription towards the upkeep of the bureau.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
