WAKE UP

The local Tory organ goes to sleep for a few days and then wakes up rubbing its eyes. Evidently still in a more or less comatose state, it accuses the Daily News of perverting the facts in regard to E. W. Welsh and the ignominious part the Vancouver School Board soap-contract distributor played in conjunction with the notorious John L. Sullivan in the Vancouver election scandal. We repeat that E. W. Welsh knew that John L. Sullivan's gang had arrived in Vancouver some days before the election. The evidence in the enquiry showed that Mr. Welsh's landlord told him that the gang had been herded in rooms over Welsh's store early in the morning of the election.

Mr. Welsh admitted receiving a letter from John L. Sullivan in Seattle and also admitted that he was careful enough to destroy that incriminating document and to forget all that it contained. He claimed that Sullivan sent him wireless messages "warning him" of what was taking place. The wireless messages were produced at the enquiry and were found to be very different from what Mr. Welsh stated on oath. They were UNSIGNED messages, yet Mr. Welsh required no enlightenment as to the sender. He was expecting them. The messages simply described the "pluggers" in order that Welsh and friends might make no mistake. There is no evidence that the "well" pluggers voted for Mr. Macdonald, further than the word of men whose word is worthless. E. W. Welsh, according to his own statement, knew that the plugging was to take place; he knew the details of the whole criminal plot and he had to be got out of the way, as the Tories dared not run him as a candidate in Vancouver.

Mr. Macdonald faces the world four-square as an honest man can, but Welsh has had to seek pastures new at the

other side of the world. E. W. Welsh, the Bowser machinist, who inveigled first \$50 and then \$25 out of a soap contractor, and then advised him to make the people of Vancouver pay for those contributions to the Bowser funds, has been sent to England to "take care of" the soldiers' votes. The sending of such a man on such a mission is perhaps the most flagrant piece of blackguardism ever perpetrated upon the long-suffering people of this province. The next move, just in order to round off the business, should be the appointment of John L. Sullivan to an honorary colonelcy in order that he may again lend his invaluable aid to the machine. All the crooked work which such men are able to bring off will be defeated by the people of British Columbia, just as it was in the by-elections in Vancouver and Victoria, where Harry Price bought votes "at his own expense" and bought whisky for the election day "blind-piggers." The whole miserable Bowser game is up and none know it better than the men who have clung to the machine in order that they might gain a few crumbs which the men at the top might drop.

NOTES AND COMMENTS

The Journal must remember perfectly that the fate of Dick McBride depended upon that Vancouver Island by-election and that it was to Dick personally that the big nigger applied when he forgot his "voting" name. Dick had no difficulty in putting the colored gentleman wise.

The Journal insults the real Conservatives of this province by stating that a man who has sold himself to the Bowser machine has "become a Conservative".

The Borden cabinet is preparing hastily against the Meredith-Duff report. An under secretary of militia has been appointed and Sir Robert Borden is to be acting

Summer Punch and Pep come from a food that is rich in muscle-making material and is easily digested. It is what you digest, not what you eat, that makes healthy tissue. Every shred in **Shredded Wheat Biscuit** is full of body-building nutriment. The burden of years of food folly can be unloaded by going on a **Shredded Wheat** diet and sticking to it. Get back to Nature before it is too late. **Shredded Wheat** contains all the body-building material in the whole wheat grain prepared in a digestible form. A satisfying Summer food. ministry of militia, thus doing away with the necessity of a by-election.

Bob Rogers is preparing the Manitoba Tories, or what is left of them, for the worst, by claiming that the Liberals are more interested in Tory scandals than in preparedness. He also makes a feeble apology for the fact that Canada has no navy, but he does not attempt to state the true reason why recruiting is failing off throughout the Dominion.

There are repeated rumors that William Hanson will run in Nanaimo. It is certain that Mr. Planta cannot now face the electors there and that William has very chilly feet over the prospect of facing E. D. Pattullo, but his chances of defeating William Sloan are just as slim.

DRAMA AND COMEDY AT THE MAJESTIC THEATRE

There is splendid variety in the Majestic program for tonight, with two two-act dramas, "A Leap for Life," a thrilling story of the west, and "The Hammer," which sounds like an auction and is something just as lively. There are two comedies, "Business is Business," and "Love's Strategy," which are both designed to create no end of fun, while a pleasing little drama, "In the Conservatory," completes the bill. Added to the above is a musical program which is hard to equal.

For next Monday and Tuesday, the famous London star, Constance Collier will appear in the five-act drama, "Tongues of Men."

When you think of shoes, think of Wallace's.

"BRITAIN PREPARED" COMING TO WESTHOLME

"Britain Prepared," the ten-reel series of naval and military pictures taken at the command of the Admiralty and the War Office, has had a tremendously successful run in the theatres of the big Canadian cities. These pictures were first shown in London, England, the King and Queen present. Lord Fisher, the idol of the British fleet, made an opening address while the Right Hon. A. J. Balfour introduced the various pictures. Wherever they have been shown, they have created a sensation and people have willingly paid a dollar to see them and have gone back again.

These pictures are to be shown in the Westholme Theatre next Wednesday and you cannot afford to miss them. There is no possibility of the management making money out of this show, but it is produced here for purely patriotic purposes. If expenses are cleared, the management will be more than satisfied. This is something entirely different from the usual run of so-called "war" pictures. You live through the various scenes and you are nearer to the centre of a naval battle than you will ever be, without being on board of a battleship itself, while its mighty guns roar out defiance to the enemy. The "Big Lizzie" figures prominently, this levathan being shown firing a broadside. Dreadnoughts and super-dreadnoughts are seen actually in action. You are taken down into the depths on a submarine and lifted up to the clouds on an aeroplane. In fact, you enter into the very heat of the battle. You have two shows crowded into one and at lower prices than have been charged elsewhere. Don't imagine that you have seen the same before; for such pictures have never been permitted to be taken before by the military and naval authorities.

Coughing scatters germs — Stop it
