**MEN WANTED**

Premier Bowser has toured the province, accompanied by several of his ministers and H. B. Thompson. They dropped Hon. W. R. Ross off at Prince George and Billy feels decidedly more comfortable there than he would do at Fernie, though the Prince George comfort can only be described as such by way of comparison. The people of Prince George are wondering what they have done to deserve such treatment.

H. B. Thompson, who, the chairman of the Bowser meeting here assured his audience, would be certain to support Bowser in the next Legislature, has decided that he will be a spectator of the disaster, rather than part of it. The local Tory organ assures us that Mr. Thompson decided a year ago to retire "for business reasons." Mr. Thompson, who is a very shrewd judge of public opinion, was greatly helped in his decision by the attitude of the audience in Prince Rupert and throughout the north.

William Manson remains the bodyguard of the premier, not because William feels that he is any kind of a protection to that gentleman, but because Willie likes shelter. While in the north William felt a whiff of a breeze which foretold the coming storm, and he has not yet got the circulation in his feet back to normal. According to the Journal, Nanaimo will not shelter him, though Mr. Planta is in a hopeless position, and Willie hates to face the blizzard in the north. That first breeze chilled him to the bone and he still shivers at the thought of it and of what it signified.

Prince Rupert wants no more "jelly-fish" representatives and there is not a shadow of doubt that T. D. Pattullo will be sent to Victoria along with a solid representation of real, live, fighting men from the north. Under H. C. Brewster, British Columbia will have a really representative government in

which each man must do his share and measure up to the standard of a man. The province has had a one-man government, thanks largely to the fact that there were so many men of the type of William Manson in the house, men who allowed themselves to be put just where Bowser directed. Millions have been squandered ruthlessly because the house was full of "jelly-fish" representatives instead of men. British Columbia cannot afford to squander more millions, and, if Bowser were returned to power, millions more would be squandered, as the plans are all ready now. Foley, Welch & Stewart and Mackenzie & Mann would go on their way rejoicing in their further fat construction profits, and there would be no hope of recovery. The people are awake to the fact that men are needed and they will send men.

**NOTES AND COMMENTS**

"Afraid of Manson," says the Journal. After hearing William's painful speech and witnessing his still more painful expression at the Bowser meeting, it can be safely left to the judgment of the people as to where the "fear" lies.

The rumor in regard to William Manson running in Nanaimo originated in Conservative circles in the south, where the Tories are in a turmoil trying to select candidates who do not look too much like Bowserites.

A Prince Rupert party of holiday-makers was driving over the road from Lakelse Hot Springs to the railroad the other day, just after a heavy rain. The thought of every member of the company was "If William Manson were only here." The tone in which this thought was uttered boded no good for our "jelly-fish" member.

Bowser has discovered that the people throughout the province

**"Meat Takes Another Jump"**—a familiar headline in your daily newspaper. But why worry about the cost of something you don't need? The most expensive foods are generally the least nutritious. In Summer health and strength come from a meatless diet. Two Shredded Wheat Biscuits, heated in the oven, covered with berries or other fruits and served with milk or cream, make a complete, satisfying, nourishing meal at a cost of five or six cents. All the meat of the whole wheat. Made in Canada

are quite satisfied that M. A. Macdonald is an honorable gentleman and that every attempt to throw mud at the Vancouver member brings out shouts of derision from audiences in every corner of the province. In his recent meetings he is devoting his attention almost solely to the Brewster writ, with no better effect than he experienced in Prince Rupert.

The Conservatives in the south are continuing their housecleaning, evidently oblivious of the fact that the source of corruption is at the fountain-head. It is Bowser and Bowserism that the people of this province are disgusted with, and so long as Bowser is leader, the party he seeks to lead must go down to utter defeat, no matter how many respectable men may be imported.

**BASEBALL**

The C. C.'s again defeated the Colts last night, on this occasion by 9 runs to 3, the Colts' pitchers being unable to hold down the batters as they did on Saturday afternoon.

Hugh Scott and Wally formed the Colts' battery and Babe Fortin pitched good ball for the C. C.'s with Tyrwhitt behind the bat. It was a real good game.

Because of the pitching of Fortin, one of the features was a great catch at centre field by Joe Ratchford and a splendid double play by Wallace Anderson and Winsby.

**IS BRITAIN DOING HER SHARE IN WAR?**

"Is Britain doing her share in this war? Was she—is she, even now prepared?" This question arose first, it was reported, in Russia, owing to the campaign of doubt and misunderstanding spread by German spies. Then France wondered if her ally across the Channel was as active as she had a right to be if victory was to be won. Neutral nations, too, beheld Germany apparently triumphant in the east, firmly entrenched in the west, and wondered what Britain was doing towards the breaking of the deadlock and changing the tide.

What was Britain doing? How was it done? The question, "Is Britain prepared?" was answered in deeds, not words. The magnificent answer is given in the Westholme Theatre tonight and tomorrow night. The British government called to its service six of the largest firms of moving picture producers and set them to work to picture BRITAIN AT WAR. These pictures furnish to the British people throughout the world a visible justification for the faith that is in them. Hon. A. J. Balfour describes the pictures as "wonderful photographs, marvellous examples of the photographer's art, big with lessons of the deepest import to us and to all the world." You cannot afford to miss reading Britain's magnificent answer. Be at the Westholme Theatre tonight.

**"A CHILD OF GOD" AT THE MAJESTIC THEATRE**

"A Child of God," a four-act Mutual feature, is the star item at the Majestic tonight, with Sam De Grasse and Francella Billingdon in the lead. This is a remarkable western drama which is full of life and rich in the human element. There is a thrilling railroad accident in the play, in which a rescue party is shown taking the passengers from the upturned coaches. It is a story which will grip and hold the interest of any audience throughout.

There is also a splendid Mutual Weekly showing the latest world's news and Parisian fashions. There are also two good comedies, "Caught by the Handle" and "Love and Bitters."

Friday and Saturday, Blanche Sweet will appear in the famous Paramount feature "Ragamuffins."

**RED CROSS WORK AT PORT ESSINGTON**

On Friday, July 21st, the Woman's Patriotic Guild of Port Essington held a very successful social evening, including "white elephant," flower and candy sale, fish pond, ice cream and cake, followed by a most enjoyable programme, consisting of song and reading by our popular "Doctor Large, songs by Mrs. McMillan and Miss V. Cunningham, and a short Dickens' sketch. Messrs. R. Cunningham & Son kindly gave the hall and lights for the occasion. The result of the evening added the sum of \$124.40 to the Guild's funds for the Red Cross.
