Germans Flee in Disorder—Brody is Captured and Nine Thousand Prisoners—Turks in Hungary.

(Special to The Daily News.)

Petrograd, July 29.—The Russians last night broke through the first line of Teutonic defences and drove the enemy from their line between the Sinevka and Bolduroka Rivers. The enemy fled in disorder towards Brody.

Following up their success, the Russians advanced on Brody, which they captured along with nine thousand prisoners and a number of guns. This success brings the Russians within a comparatively short distance of Lemberg, the most important railroad junction, Brody being about half way between Dubno and Lemberg. The Bug River is the next obstacle on this line and is practically the only defensive point which lies between the Russian army and Lemberg.

Turks in Hungary.
A Turkish army seventy thousand strong has been concentrated upon the plains of Hungary to help defend that country against the Russian invasion.

HUN AIRSHIPS MAKE RAID ON ENGLISH COAST

No Casualties—British Capture Longueval—Brussels Captured—England Aroused.

(Special to The Daily News.)

London, July 29.—Three German airships raided the east coast of England early this morning and dropped bombs in Lincolnshire and Yorkshire. There were no casualties and no damage has yet been reported. This is the first Zeppelin raid on England for twelve weeks.

British Take Longueval.

The British troops have captured Longueval, a most important point on the Somme front. This successful outcome of the desperate fighting of the past week will greatly facilitate the progress of the Anglo-French drive in the west. Losses on both sides were heavy, as the enemy put up a strenuous resistance. Violent hand-to-hand fighting continues in the vicinity of Pozieres, where the British are making further desperate efforts to continue the advance.

Captain Shot.

Captain Fryatt, of the steamship Brussels, who was accused of turning his vessel against a German submarine in March 1915, in an attempt to ram the enemy ship, has been tried by court martial and shot by the Germans. England is aroused over the incident, the press claiming that the charges against Captain Fryatt were cooked up as revenge for the recent capturing of many enemy submarines and in order to satisfy German feeling.

WEALTHY INVESTOR ARRIVED LAST NIGHT

James Carruthers, the millionaire grain buyer of Montreal and New York, arrived from the east last night on his way south. His mission to Victoria is in connection with the appeal in the Pacific Collieries case.

Mr. Carruthers is vice-president of the Canadian Fish and Cold Storage Company, the trawler James Carruthers being named after him. He is also a large stockholder in St. Lawrence and Great Lakes shipping concerns.

BOYS HAVE GREAT TIME AT TUGWELL

Writing to Harry Daggett, from the Tugwell Island camp, Rev. W. W. Wright says the boys are having the time of their lives, and concludes thus: "We have just captured Fort Appetite and have extended our flanks to make an attack on Mulligan. Needless to say, this resulted in the elimination of the enemy and in the round-up much booty and ammunition fell into our hands."

Last evening a grand concert was staged in the amphitheatre and such artists as Charlie Chaplin, Ham and Bud, Rastus and family, as well as Alexander's Band were in attendance. Saturday evening promises to be the best yet and seats are now selling at an advance figure. The children desire to express their appreciation of renewed stores of ammunition, thanks to the people of Prince Rupert.

METHODIST CHURCH

Rev. S. L. W. Harton, of Saskatoon, will conduct the services in the Methodist Church on Sunday evening.

LIVELY CRITICISM AT BOWSER MEETING

Nelson, July 26.—The Opera House was well filled last night, and the speakers were well received, applause being freely distributed among all, both government and opposition representatives.

There are three candidates in Nelson, and all of them spoke last evening. Dr. W. O. Rose, the new Conservative nominee referred to himself as "presumably your next member." His remarks comprised a discussion of the government's legislative work of the past session, which, he declared, made for progress and stability of the province.

A Lively Critic.

Mr. A. M. Johnson, the Liberal candidate, spoke fluently and earnestly, and with a rapid-fire action, his apparent intention being to crowd as much criticism as he could into his allotted fifteen minutes. He succeeded very well. He declared that Premier Bowser contravened the statutes in extending the life of the Legislature this spring, and did so simply that he might get through a mass of legislation, and then go to the people and say: "This is what I've done for you."

He had plenty of time early in March, said the speaker, to test the question of the length of the life of the House had he wished. He could easily have gone to a Supreme Court judge or to the Appeal Court; but he did not want to test the question. He preferred to bring in a bill and arbitrarily lengthen the Legislature's life. If his position in the matter was right no such bill was needed.

Mr. Johnson declared that Mr. Brewster was quite justified in issuing his writ in an endeavor to obtain a fair deal for the public in the matter of P. G. E. Legislation. Not a dollar of P. G. E. stock went into the road building, he declared. It went to the contractors, he contended. The gov-

GERMANS WANT DUTCH CANALS FOR SHIPPING

Demands Refused—Serious Crisis Arises—Turk Regiment has Mutinied—Germans Claim Success.

(Courtesy Hotel Rupert.)

London, July 29.—Holland has refused Germany's demands for permission to use the Dutch canals in sending boats from Germany to Belgium. A serious crisis has arisen. Since the issuing of the orange book condemning Germany for the sinking of the Tubantia, feeling against the Germans has arisen and this latest demand that Holland repudiate her treaties and break her neutrality has brought matters to a head.

Germany is in similar trouble with Switzerland, that country having refused permission for the passing of German troops through Switzerland to aid the Austrians.

Germans Claim Success.
(Special to The Daily News.)

The Germans claim a victory in a naval battle off the coast of Scotland between several German submarines and three British patrol boats. One British patrol boat was sunk.

Turks Mutiny.

Athens, July 29.—It is reported from Smyrna that a Turkish regiment refused to obey its German officers at Sevekiyen and took refuge in a forest on Mount Semolion. The mutineers were pursued and the forest set on fire, and many of the mutineers were burned.

NO. 3 QUESTIONS FOR THE ELECTORS NO. 3 RE B. C. PROHIBITION ACT

Will It Control?

READ THIS "WIDE OPEN" CLAUSE OF THE ACT
Section 57, Par. 2:

"Nothing in this Act shall be construed to interfere (a) With the right of any person to import from without the Province liquor for bona fide use in his private dwelling house.

Does not this clause take out of the hands of the provincial authorities all the power of regulation and control of the liquor business which it now exercises to the public advantage through the existing license system?

IS NOT THE SALE OF LIQUOR UNDER STRICT GOVERNMENT REGULATION AND CONTROL MORE IN THE PUBLIC INTEREST THAN THE UNREGULATED, UNLIMITED AND UNRESTRICTED IMPORTATION ALLOWED BY THE PROPOSED PROHIBITION ACT?

As fair minded men, the electors of British Columbia are asked to carefully consider the terms of the Prohibition Act
