## TRADES AND LABOR COUNCIL MEETING

The Trades and Labor Council met last evening in the Carpenters' Hall, President S. D. Macdonald in the chair. W. E. Thompson, official organizer, reported that the Fish Packers' Union had a membership of 49 and that the organization work had been successfully completed.

One of the members of the legislative committee was severely criticized for the stand he had taken in endorsing the candidature of a member of one of the leading political parties. The Trades and Labor Council wish it to be clearly understood that they endorse neither party and that the members are free to make their own choice.

The Labor Day sports committee reported progress. Delegates Rudderham, Riley, Waddell, Smith, Cartright, and Waugh were added to this committee.

The Oriental committee reported progress and additional work was allotted. The question of Orientals selling produce and collecting laundry on Sundays will be looked into.

The question of sending a delegate to the Trades and Labor Congress was held over until next meeting. The congress this year meets in Toronto.

It was intimated that President McVety would visit the north in the near future. It was decided to try and have him present at the Labor Day celebration.

In regard to the action of the Retail Merchants' Association in changing the half-holiday to Wednesday, the Council resolved: "That the Trades and Labor Council go on record as still being in favor of the Saturday half-holiday, and that during the next municipal campaign that they

### UNIQUE DRAWING AT THE RED CROSS SALE

The Red Cross sale of home-cooking for the prisoners of war on Friday will be held in the vacant store next the Bank of Montreal, and will be conducted by Mrs. G. A. Woodland and Mrs. Henning. This is to be a special event and there will be a bigger demand for dainties than ever before. Mr. J. Venables, of the G. W. Nickerson Company, is putting on a special drawing for the occasion, which should attract a large crowd. Mr. Venables offers 250 useful prizes. Tickets will be ten cents each and you may get a sack of flour for ten cents. There will be no waiting; you will know what you have won the mo-

ment you draw your ticket. One out of every five will get a prize, so the chances are many. The sale opens at 10 a. m. and the sooner you get there the better chance is there to get a big prize.

2,000,000 Belgians  
Depend on us  
for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

## Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

## Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:  
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

## Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.  
MAKE LABOUR EFFICIENT.  
SAVE MATERIALS FROM WASTE.  
SPEND MONEY WISELY.

### LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

### LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

### LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

### LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
