TORONTO

Liberals and Conservatives alike rubbed their eyes and took another look at the press bulletins yesterday, when they read the following:—"Dewart, Liberal, returned for Toronto, majority 643." It has long been apparent that there is a tremendous wave of Liberalism sweeping over the entire Dominion, but that it would wash out any portion of the Conservative stronghold in Toronto was beyond the fondest hopes of Liberals.

Peel County threw down the Hearst candidate with a thump and North Perth did likewise, but it was not imagined for a moment that such a miracle as a Liberal victory in Toronto would ever be recorded. It is enough to make many an old Tory turn over in his grave.

The result is all the more surprising when one remembers that there were four candidates in the field, two of whom were Liberals. H. H. Dewart, K. C., was the straight Liberal candidate; J. A. Norris was the Conservative; Gordon Waldron was an Independent Liberal and anti-prohibitionist and J. M. Connor was a Social Democrat. Had Mr. Dewart defeated the Conservative candidate in a straight fight, it would have been a big enough surprise, but for the Liberal to win with an Independent Liberal in the field as well as something extraordinary when one bears in mind the political history of Toronto.

Undoubtedly local conditions had a great deal to do with the result, particularly the nickel question, on which point the Social Democrat advocated that the government take over the industry. Apart from merely local issues, however, there is evidence throughout Ontario of the swing of the political pendulum towards Liberalism. Ontario is the last stronghold of Conservatism, and for months past its outer defences have been crumbling. Today, with such a crushing

reverse in Toronto, it stands shattered to its foundations.

It is amusing to notice the stand taken by J. A. Norris, the Conservative candidate in this by-election. He stated that he came before the electors on the record of Whitney, which was rather unkind, considering that W. H. Hearst is now premier. In British Columbia, this plan was reversed as, at the by-election in Victoria, A. C. Flumerfelt would accept no responsibility for the record of the McBride-Bowser administration, but called for support on the ground of what he would bring about in the new government. In both cases, the result was the same. It is now up to British Columbia to show Ontario and the Dominion generally that the wave of Liberalism which struck the coast cities early in the year has not receded, but has risen high enough to engulf the party which has so long masqueraded as Conservative, to the detriment of the province.

NOTES AND COMMENTS

It is time Roumania got busy in the way of confirming the rumor that she is really going to fight. She should have no difficulty in making up her mind on which side to come in.

Reports from British headquarters in France confirm Lloyd George's forecast that the war will soon be over. However, every nerve must be strained until the last shot is fired.

At the last moment, the powers behind W. X. Macdonald, the machine candidate for Atlin, tried to induce Ald. Casey to enter the fight as a Liberal-Labor candidate, but George stood firm by his colors and informed the machine that, if he contemplated running, he would run as a Labor candidate only.

Reports from Prince George state that John McInnes, the Socialist candidate, will receive the

"Meat Takes Another Jump"—a familiar headline in your daily newspaper. But why worry about the cost of something you don't need? The most expensive foods are generally the least nutritious. In Summer health and strength come from a meatless diet. Two **Shredded Wheat Biscuits**, heated in the oven, covered with berries or other fruits and served with milk or cream, make a complete, satisfying, nourishing meal at a cost of five or six cents. All the meat of the whole wheat. Made in Canada

BASEBALL

Weather permitting, the Colts and C. C.'s will meet at four o'clock this afternoon at Recreation Park. If the Club boys win this game they will take the championship and the cup. They have already won the latter two years in succession so that if they win it this season it becomes their own property.

Liberal vote and will defeat W. R. Ross handsomely, in spite of the Gillett faction. Mr. McInnes will be an asset to the province as a member of the Legislature.

So far as Prince Rupert is concerned, the only debatable point is the size of T. D. Pattullo's majority.

For Good Looks

And take notice that after the expiration of one month from the date of the first publication of this notice the Surf Inlet Power Company Limited will, under Section 7 of the said act, apply to the Minister of Public Works, at his office in the City of Ottawa, for approval of the said site and plans and for leave to construct the said wharves and power house.

Dated at Vancouver, B. C., this 29th day of May, 1916.

THE SURF INLET POWER COMPANY,
May 9th, 1916. 1512

TREASURER TO SIGN ALL REQUISITIONS

The city council Monday night passed the second reading of a bylaw requiring all items of expenditure to have the signature of the city treasurer.

Ald. Casey thought that this was placing too much in the hands of one man and described it as approaching a monarchy.

The mayor explained that it was not a matter of delegating any new power but simply the placing of an added responsibility. It was done in all bigger cities and he thought it essential that the man who was thoroughly conversant with the expenditures under the various departmental appropriations was the proper party to carry that responsibility.

Ald. Casey wanted to know if, after the committee had approved of any expenditure, the treasurer would have the power to veto it.

Ald. Nelson said that Ald. Casey had got a wrong idea as to the bylaw. The idea was simply to have someone in the city hall accept responsibility for each item of expenditure.

Ald. Casey said that the finance committee had charge of such matters and that last year it had not been found necessary to have any such measure.

The mayor said that Ald. Casey did not seem to understand the bylaw. It did not interfere with the authority of the council, nor did the fact that the last council did not follow this plan have any bearing on the subject. It was a method followed by most cities and was found to be very effective. The bylaw carried.

T. D. Pattullo will address a meeting in the Liberal rooms, Stork Block, on Friday at 8 p.m.

A Real Lever Stimulation
